

SADDLE BUTTE PRESS

SAFETY FIRST

PRESIDENT'S COLUMN

Looks like spring has sprung and the work has just begun. If you think last year was a busy year for the club, this year could prove to be one of the busiest yet. We have more irons in the fire than we ever have had, but the good thing is, it's all good stuff. With the approval of the New Conditional Use Permit we can move forward with the planned projects from last year, like the Archery Range, buildings for the East Range (bays 8 thru 12), testing noise reduction materials on all ranges, finish fencing the north property line and the list goes on. If you want to keep up on what's going on at the range just keep watching the website www.arpc.info, reading your newsletter and if you want to be involved in any of these or other projects just contact one of the ARPC board members.

Steve Shippey
President

On March 9th we held our quarterly general meeting and the main topic of discussion concerned ways to reduce the cost of printing / mailing a published newsletter and possibly moving towards a web published newsletter. There seemed to be some question of the Executive Board as to the monthly cost of publishing the monthly newsletter. Thus a motion was passed to table this discussion until the next quarterly General Meeting (which will be held on May 11th at 7:00 pm). In the mean time here are the actual INVOICED numbers for the months of November 2009, December 2009, January 2010 & February 2010 for 1,485 copies: \$ 927.26 format / printing, \$ 355.71 address imprint/mail prep, \$ 562.86 postage for a total of \$1845.83 per month. We have received some good suggestions from our membership and this news letter is one of the suggestions, none gloss paper and single color. We would like to come to some solution on this issue at the next General Meeting on May 11th, so please join us if you can. 6499

APRIL GUNSHOW

Thanks, folks, for another great show. We had 430 tables in the show and over 5000 people came to see the best Gun Show in Oregon. The

SAFETY RULES TO REMEMBER

1. Every gun is ALWAYS loaded. No matter how many times you check a gun to see if it is loaded or watch someone else check it, you must ALWAYS check to make sure it is unloaded when you touch a gun.
2. NEVER put your finger on the trigger until your sights are on the target. Handling a gun with your finger on the trigger is asking for trouble. Your finger goes outside the trigger guard until your sights are on the target and you are ready to shoot.
3. NEVER point your firearm at anything you are not willing to destroy. This goes for fruit, flower, steel, wood, paper, clay, animal or human and it doesn't matter if you think the firearm is unloaded. Remember rule #1.
4. ALWAYS be aware of the environment surrounding your target. It may look like there is a good backstop; however, bullets travel long distances and can ricochet off into directions you would never think possible.
5. ALWAYS wear your safety gear around firearms. It doesn't matter if someone else is shooting, guns can blow up and shrapnel can fly around when bullets hit hard objects. You may not have a problem but someone across the range might.

show is a great money maker for the club as well as a great place to get all our shooting needs. The show is great because of our volunteers coming together and doing a great job. I got compliments from vendors on our security and the attention to detail. Lots of people come together for the show to be as good as it is. The sales were brisk and the vendors I heard from at our show and Rickreall were uniformly happy. Put down September 25th and 26th for our next show. Thanks RLL

MUZZLE UP

"Muzzle Up" is a new safety slogan that you will hear more and more about. When moving long guns around on the range it is important to carry uncased guns with the muzzle up. Remember "Every Gun is Always Loaded" and, no, we don't want a round accidentally going off in any direction, but we also don't point guns at other people. If you are carrying an uncased rifle or shotgun around on any ARPC range please keep the "Muzzle Up" and not pointed in someone's direction.

2010 VETERANS' DAY PARADE

The VETERANS COMMEMORATION ASSOCIATION HELD THEIR election of officers on Feb 4, 2010 and are happy to announce the slate of officers for 2010.

They are: Louie White will return as President, Bill Clotere, First Vice President, Patty Louisiana, Second V P, Al Severnson, Treasurer, Roger Schrater, Secretary, Ric Olson, Sgt at Arms, and Joseph Novak, Chaplain.

The parade theme for the 2010 VETERANS DAY PARADE, which will be Thursday, Nov 11th 2010, was announced it is: THEIR SERVICE, OUR

FREEDOM. Planning and fund raising has begun and we are currently accepting nominations for our "Distinguished Veteran" and "Veteran of the Year" programs. Anyone or any organization may submit an honorably discharged Veteran for either program. Distinguished Veterans are honored for their exemplary military service while a Veteran of the Year will be honored for their service to community, state and nation since their discharge.

The entire Mid-Valley community is encouraged to become a part of this significant event that brings yearly attention to this area. This year will mark 59 years of honoring our Veterans and 2011 will be a significant milestone for 60 years of service to our Veterans. Anyone interested in becoming a member or helping the volunteer committee in presenting the "BIGGEST VETERANS DAY PARADE WEST OF THE MISSISSIPPI" can contact the committee at PO Box 3241, 541 981 2396. albanyveteransdayparade@gmail.com

FRIENDS OF THE NRA

Albany Rifle and Pistol Club is one of the driving forces behind the Mid Valley Friends of NRA Banquet on May 15th at Spring Hill Country Club. Our junior programs have received funding for various projects over the last three years. We are the largest shooting facility in the Mid-Willamette Valley and we should be supporting this great program. Salem will not have a banquet this year, so if you live in or around Salem please attend our Friends of the NRA Banquet.

The Mid Valley Friends of NRA Banquet starts at 5pm, right after the Saddle Butte Machine Gun Shoot ends on Saturday. If you want a fantastic meal, in a wonderful setting, with friends who

WELCOME NEW MEMBERS

Mike Aplington, Thomas (Thom) Jansen, Troy Standard, Joe Hergert, Brent Rannebeck, Jordan Sim, Brian Sinkbeil, Richard Sutliff, Dominic DesteFano, Steve Herman, Flint LeBard, George Newman, Al Cheek, Aaron King, Josh King, Dan Werner, Travis Woodworth, Jerry Borden, Damian Centanni, Spencer Wales, Robert Villeneuve, Steve Wylie, Scott W. Wooten

love firearms, and a chance to win a gun or two, then why don't you give the club office a call and order your tickets? \$35 per person for both dinner and a great cause is a good deal. If you want to support the banquet with a sponsorship or donation then we would like to talk to you.

CONSTRUCTION CONTINUES

The main range clubhouse should be finished by the time this newsletter comes out. We want to thank all of the club members for their patience during the remodel and hope everything we did to upgrade the main range classroom meets your expectations. We would also like to thank all of the members who helped with this project. Yes, work bond hours counted but many of you put in more time than you had to and we thank you for it.

EXEC. OFFICER/TRAP

Yes, I know, I missed last month. I hope y'all missed me, too.

When the news gets to you, March will be just about gone and April renewing our dues will be upon us. I have said it before and will say it again: get your work bond in early so you don't have to come out during the nastiest time of year.

This spring and summer are going to be busier than ever. We have shoots, construction and normal range operations. We will need all the help we can use.

Now for some old news. Even though I have been rather outspoken about the range being closed during work bond, our Range Master had to tell some folks to not start shooting on the north range. I suspect there are still some folks who do not read the newsletter. This is a good argument for not sending the newsletter out to every member instead of doing it on the Internet. If it isn't read, why send it out? If you want to get a hard copy of the newsletter, let us know. There is no sense in sending good money after bad.

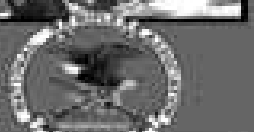

All in all, the range is looking good. Almost

everyone is doing a great job keeping the range picked up. Thank you all. Those who do not seem to care and think someone else will pick up after them, try a little harder. Think about it. We just got our conditional use permit redone. The work that went into doing so and seeing there are folks out there who would like to see our range close should tell every member to step up so we don't have to be concerned about such things.

On to trap. We are having a fair turn out and are having some really good times. I wish some more of our members would come out to give it a try. You just might have a good time and

meet some more of our members. Most of our shooters shoot something besides shotguns. We have pistol, rifle, and three gun shooters attending on most afternoons. Not every one of the shooters owns a trap gun. Regular wing shooter guns are used with success. So unlimber that old model 10 or 870 and come on out. At least come out at noon, if you can, and shoot without the gunslingers hanging around. I will help if you need it and if you don't, I will just pull for you and watch.

I'll see ya at the range and shoot lots of bullets.

Don Arnold

STEEL PLATE RACKS

The steel plate racks located on the south end of the main range and bay 5 on the north range are for handgun use only. DO NOT use rifles of any caliber on the plate racks. Rifle ammunition can damage the plates on the rack. Yes, .22 caliber ammunition will not hurt the plates but once a person sees someone shooting a rifle on a plate rack they assume that any rifle can be shot on the plates. DO NOT use rifles on the plate racks.

SAFETY ISSUE, shooting plates on the plate rack can be hazardous to your health! Shooting metal targets can create splatter and flying bullet fragments. Eye protection is always required when shooting on any range. This includes 'watchers', and is particularly important when shooting at steel targets. Always maintain a safe distance of at least 10 yards when shooting at steel.

WATCH FOR YOUR GATE CARD NUMBER

Your gate card has a number printed on it. Each month we include three club member gate card numbers imbedded in newsletter articles. If you find your number before the

11th of the month for which the newsletter is printed, you will win a new ARPC hat. Just call the office (541-491-3755) when you see your gate card number and keep reading the newsletter each month.6034

RANGE MASTER REPORT

Throughout the month and between newsletters, small issues develop of which club members need to be aware but which are not earth shaking. Here is a short list. First, please read your newsletter each month and take a look at the club website before

coming out to the club to shoot. Bays 8 thru 12 are open for member use; however, you cannot park at the bays. You can drive up to the bay, off-load your gear and then park your vehicle at the turnaround near Bay 7.

Second, the new target stands for the north range have arrived and we will soon have extra sticks available at the main range clubhouse Pro Shop to purchase. These stands take regular 1x2" sticks and you can bring some instead of buying them at the Pro Shop. Our sticks will sell for 50 cents a piece. There will be six stands per bay and if you take some out of one bay then please return them. The stands will be hanging on the wall next to the broom and dust pan in each of the covered bays so please hang them back up when you are finished with them. Target stands will be stacked up on one side of each bay in Bays 8 thru 12. We have painted the club stands yellow and will have new blue stands available thru the Pro Shop if you want to purchase your own.

Third, all club members share range space with other club members. The exception to this is for rented range space and discipline events. We share range space in every open shooting bay on the north and east bays. Do not lock the doors when using one of the covered bays.

Fourth, always leave the range, where you are shooting, in better shape than when you found it. If you shoot .22 caliber firearms on a range then sweep up your brass. Not only does this leave a mess but stepping on .22 brass can be dangerous. Take home any target you bring to the range, don't leave it for the club to throw away.

We want to thank all of our club members who take the extra time to make our club one of the best in the West. ARPC is more than just a place to shoot, it is a great group of people who enjoy the sport of shooting and who like firearms.

Mike McCarter
RANGEMASTER

NORTH RANGE TARGET STANDS

Over the next few months the club will be changing the style of target stands members use on the north range. The new stands will require using two 4' long 1x2" pieces of wood to attach targets to (see the picture). The stands will be available in each bay but members will need to bring in their own 1x2's to make the stands work. 1x2's will be available for sale in the club's Pro Shop or they can be purchased at any lumber supplier like Home Depot. Once purchased they are your sticks, so keep them with your shooting gear and bring them to the range with you each time you shoot.

The metal stands that have been used in the past on the north range have been shot to pieces. We want to give the benefit of the doubt that most of our members are good shots, but some members like to hang things on the stands or place plastic bottles on the target holders with little thought to bullet damage to the stand behind their target. If you, the member, own the target sticks behind the targets then you can shoot the stick to pieces if you want and the rest of the club members don't have to pay for it. .

MEMBERSHIP RENEWAL - APRIL 1ST

All individual, family and junior memberships are up for renewal on the first of April each year. Those members who do not renew by the end of April will have their gate cards turned off and can be reactivated without paying initiation fees when they pay their full dues for the year. Members delinquent for one year must start the membership process all over to become an active member. The renewal application is included in this newsletter. Simply cut it out and send it in with your renewal payment. You can also find a renewal application on the ARPC website under the "membership" button.

Send to: ARPC, P.O. Box 727, Albany, OR 97321 If you have any questions call Bob Hamilton at 503-930-6172 or email him at treasurer@arpc.info, Mike McCarter at 541-619-0038 or email rm@arpc.info.

WANTED: OLD FIREARMS

The main range clubhouse remodel project is nearing completion and we are looking for some old firearms to display along with our wildlife mounts. If you have an old gun that you would like to see up on the wall please give the club office a call at 541-491-3755. Brass plaques will be used to describe the firearm and give recognition to the donors.

ONLINE CALENDAR CHANGING

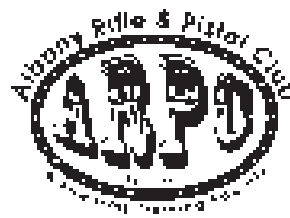

The club's electronic calendar is changing. If you get a chance, take a look at it. We have reduced the description of each event to two lines (time and event) to make it easier to read on few pages. If you want to see a description

of the event, just click on it and another window will open up to give you a description.

ARPC PRO SHOP

Albany Rifle and Pistol Club is not going into competition with our supporting retailers in the mid-Willamette Valley with the ARPC Pro Shop. Our goal with the Pro Shop is to provide our club members with items that are often left at home by mistake and firearm-related products not stocked in the area. The Pro Shop will carry safety glasses, ear protection, a small selection of targets, bulk bullets for reloading and miscellaneous other items related to shooting at the range. We fully support those retailers that refer people to our club and understand that their retail business is their livelihood.4372

We know many of our club members have been waiting for new supplies of bulk bullets and primers to come in. Hopefully, we will be restocked by the 1st of May. Please give the office a call if you have any questions about the ARPC Pro Shop.

CLASSIFIED ADS

ARPC members may publish classified advertisements for items they wish to sell or trade. Please write ads in concise language, 12-point Times New Roman font and email to editor@arpc.info. Include your name and telephone number with hours when you can be reached. Optionally include email address.
