

SADDLE BUTTE PRESS

WIN A GUN AT ANNUAL MEETING

PRESIDENT'S MESSAGE

Hi all! I hope your hunting season has been an enjoyable and successful one. About the time you receive this I should be in my Elk camp sitting around a campfire enjoying its warmth and the fellowship of good friends and family. Life is good!

What I would like to talk to you about this month is becoming a volunteer for the club. As you may or may not know the club is at about 1200 members, which is fantastic, but with those numbers it becomes more and more difficult for the few volunteers that we have at present to keep things organized and running in a manner that the membership deserves. Let me give you an example of what I'm driving at. We have an activity in the month of September called Sight-In-Days that opens the club up on the weekends to the local community to help them, and give them a safe place to sight in their hunting rifles. We had one volunteer to organize this public service and as you can imagine this one person was stretch far beyond what he should have been. We had plenty of help at the benches to help the public which was great (A BIG Thank You to all those volunteers), but we need organizers and leaders to help with the planning and organization of those who volunteer their time at the benches. Here is what I'm asking for, is for a number of you to volunteer a little of your time to form committees of four instead of having a committees of one who is being worked to death and becoming burnt out in a very short time. Currently we have a Full Auto committee and a Gun Show committee, just to name a couple, and if you have been too or been a part of these functions you are aware of how well run these functions are. We need this type of organization in other parts of the club, so if you are an organizer or a leader and can volunteer a little of your time Please contact me either by phone (503) 585-2724 or by email at pres@arpc.info. Your organizational gifts and talents will be put to good use.

Thank you

Steve Shippey

SEPTEMBER GUN SHOW REPORT

The show was another great success for and by ARPC. In today's economy we still had vendors driving down from Washington and had almost as many people come to the show as last fall. 3700 people attended the show and we had a new record in the number of tables at the show. We added a corner by concessions and ended up with 425 tables.

If you ignore our second false fire alarm, again set off by a child, the show went off without a hitch.

We at ARPC are blessed with a great, highly-motivated crew, and we continually get compliments from the vendors as to how professionally the show comes off.

We do have the BEST gun show in Oregon and it is thanks to the hard work of all of the 75+ ARPC members that gave their time and effort to the show.

Again, a big thank you from the gun show committee for all the hard work. See you at the next show on March 7 and 8.

RLL

ARPC EXECUTIVE BOARD OFFICERS NOMINATED

Each year ARPC holds elections for new ARPC Executive Board officers. These candidates are nominated to the membership through the nomination committee prior to the elections.

This year the nominating committee includes Don Arnold, Ed Erikson and Mike McCarter. Members nominated for Executive Board officer position to date are Steve Shippey (President), Pete Newman (Vice-President), Al Sims (Secretary), Bob Hamilton (Treasurer), Don Arnold (Executive Officer) and John Matlock (Chief Instructor). If you know of any members who want to run for a position on the ARPC Executive Board please contact one of the listed committee members. All phone numbers are listed in the ARPC monthly newsletter.

JUNIORS AT THE OREGON STATE FAIR

My Gosh! The Fair is over! The first day started at 5am and lasted until the Fair closed at 11pm. Good Day Oregon was there filming live at 5 so it could be shown at 6:20 or so that morning. Then on with the rest of the day and the next, and the next.....

Last year our tent put over 2,000 public through - this year it was over 3,500! One side was sitting at a bench shooting from sandbags shooting at the Air rifle 5 bull target. The other side was competition and classes.

The 4H, two groups from a club and many members of the public took part. Both sides were continually busy.

The days all ran together after a while so I don't remember on which day it happened, but we had a tornado! Some of us were chasing blowing papers, while some members of the public grabbed the tent posts and held on.

Willie Nelson put on a show one evening. He was close enough to touch - but we didn't.

We had some exchange students from The Netherlands, South Korea, and Germany who don't have

ARPC ANNUAL MEETING

The 2008 Albany Rifle and Pistol Club annual meeting will be held at the Linn County Fairgrounds in one of the meeting rooms located adjacent to the main fairground exhibit hall on Saturday, November 22nd, at 7:00pm. During the meeting the membership will hear from the current club president about past and future ARPC club changes, the club will conduct its annual officer elections, door prizes will be given away (including multiple firearms) and pie/cake will be served. You must RSVP the club if you plan on attending either by calling or emailing (ed@arpc.info) the office. There is no cost for this event and you can bring a guest. For further information call the club office at 541-619-0038.

the opportunity to shoot at home. We thought they were going to move in. They stayed quite a while shooting.

Many thanks to Don Williams for scoring. Many thanks to Bob Hemphill for helping. And many thanks to Phil Boss and his JROTC for helping and demonstrating shooting to all who watched.

National Records were set! Michelle Boss set several in the Individual Match; the JROTC from Oregon City High School set a new record in the Team Match; a record was set by the ARPC Hotshots Rifle Team in the Sub-Junior category in Team Match; and Drake Karstens, sub junior, set a record in Sitting.

That about does it for our day at the Fair - for this year.

Barbara Shew

NSSF BULLET POINTS

Bullet Points ONLINE NEWS SERVICE

SEPTEMBER 2008 NICS . . . Data released by the FBI's National Instant Criminal Background Check System (NICS) reported 973,003 checks in September 2008. This figure is a 2.96% increase from the 944,889 reported in September 2007. Adjusted state figures show background checks up 0.82%. Year-to-date reveals a total of 8,472,683 background checks reported by NICS. Background checks are a key economic indicator of firearms industry sales. (Bullet Points 10/14/08)

NRA ENDORSES MCCAIN-PALIN TICKET . . . The National Rifle Association had endorsed Sen. John McCain and Gov. Sarah Palin for president and vice president in the November 4 election. In announcing the endorsement, NRA Executive Vice President Wayne LaPierre said, "John McCain has more than two decades of pro-gun and pro-hunting votes in Congress. He has stood time and again to preserve our Second Amendment freedom and our rich hunting heritage." Learn more about where the candidates stand on issues important to sportsmen and firearm enthusiasts at the NSSF Voter Education Website.

BOWLING PIN SHOOT

How many of you have ever gone bowling? How many of you wished you could just shoot the pins down instead of using a bowling ball? Well, now you can do that at Albany Rifle and Pistol Club. In the months of October, November, February and March you can shoot bowling pins under lights on the second Thursday of every month. Normally bowling pin shoots are suspended every winter due to a lack of lighting on the north range; however Bill and Paul Manghelli have figured out a way to set up portable lighting so you can shoot pins in the evening. Their matches start at 6pm and normally last a couple of hours depending on how many people show up. If you have questions about this event call Bill Manghelli at (541) 935-2019.

I.C.O.R.E.

Do you like to shoot a revolver? Would you like to compete in shooting competitions with a revolver? Albany Rifle and Pistol Club is conducting revolver matches and has registered in the International Confederation of Revolver Enthusiasts shooting program. These matches are scheduled on the 3rd Saturday of each month at 9:00am on the north range of ARPC.

Here is an excerpt from the ICORE website (www.icore.org) writing about this shooting sport. "Our sport combines elements of the Bianchi Cup, IPSC and the Steel Challenge into demanding competition exclusively for revolvers. Our standard paper target is the NRA D-1 (Bianchi) target with 4 scoring zones. Scoring is based on time, including time added or subtracted per the scoring rules. Falling and stationary steel plates are also used in ICORE events. Some typical courses of fire are shown on the website and illustrate the type of shooting that is available in ICORE Club, Regional and International Revolver Championship events."

If this shooting sport is of interest to you, please call Paul Johnson at 541-928-6976 for further information.

OPEN AND CONCEALED CARRY POLICY

This is the official ARPC policy concerning open and concealed carry on ARPC premises.

Open Carry - "Always keep the firearm unloaded until ready to shoot, ARPC is a cold range" (Official ARPC Range Rule 3).

Concealed Carry - "Concealed firearms may be carried so long as they are neither visible nor apparent. Firearms carried under this provision may not be handled, or, if used on the range, they must be handled according to standard range rules." (Official ARPC Range Rule 3.b)

The Oregon statutes do not define "loaded" or "unloaded" with respect to firearms other than carrying on a snowmobile or all terrain vehicle which says "...round not in the chamber.... (revolver) round under the firing pin". ARPC Executive Board has stated that ARPC is a cold range and you can carry a gun or handgun unloaded in the open. Please remember if you take a concealed handgun out of the holster on the range then it falls under the same range rules as any other firearm.

DEFENSIVE HANDGUN

Practical Pistol has changed its official title back to Defensive Handgun. This is actually what these practice sessions are, practicing your firearm handling and shooting for self-defense. The new regular date and time for Defensive Handgun will be the 4th Sunday of each month from 1pm to 3pm. As with all of the events that take place at ARPC this event is open to members and non-members. This is the event you want to be at if you want to practice your concealed carry and firearm handling. All shooting is done from the concealed carry position and recorded in your own workbook. This is not a competition but you will be timed and scored so you can feel some stress plus keep track of your progress. For further information go to the www.arpc.info website, click on "Sports", click on "Defensive Handgun" and read the description or give John Matlock at call at 541-570-2081.

RED LIGHT, GREEN LIGHT

No, that's not right; it is RED line and YELLOW line! On the main rifle range there is a RED line which is the downrange firearm muzzle line and the YELLOW line which is the rear safety line. During a cease fire all people on the main rifle range must be down range of the RED line or behind the YELLOW safety line. Why? This policy is in place to prevent someone from handling, bumping, or discharging a firearm that is still on a shooting bench and eliminates the need to rack all firearms prior to a cease fire. In addition, when the range is hot all firearms should be discharged as close to the RED line as possible. When shooters stand back from the RED line too far it can potentially put an adjacent shooter in danger by placing them downrange from a firearm muzzle.

WORLD-CLASS PRODUCTS FROM YOUR LOCAL PROVIDER

NORTH RIFLE RANGE

If it is too crowded on the main rifle range during shooting competitions or you just want to shoot your rifles from a smaller range, use the north rifle range. This shooting area is located just north of the main rifle range within the shotgun shooting range. There are covered shooting benches and 50/100 yard target boards set up for pistol and rifle shooting.

Remember, there is no electronic cease fire safety system on this range and it is important to communicate with other people who might be shooting in the same area. In addition, the north rifle range is independent of the main rifle range and you do not have to cease fire when a main range cease fire takes place. Please police your spent rounds and clean up after shooting in this area. Leave every range in better shape than you found it.

CONSTITUTIONS

The U.S. Constitution is the basic framework of our country, its laws and, most importantly, OUR FREEDOM. Every four years just prior to each national party convention the two major political parties print their national party platforms which are essentially their party constitutions. These party platforms layout their philosophies and plans should their presidential candidate become the next president. When you read them you get a pretty good idea about where each party wants to move our country. We are reprinting below excerpts from the actual Democrat and Republican National Party Platforms.

Democrat platform on firearms (page 48 of the party platform):

Firearms

"We recognize that the right to bear arms is an important part of the American tradition, and we will preserve Americans' Second Amendment right to own and use firearms. We believe that the right to own firearms is subject to reasonable regulation, but we know that what works in Chicago may not work in Cheyenne. We can

work together to enact and enforce common sense laws and improvements – like closing the gun show loophole, improving our background check system, and reinstating the assault weapons ban, so that guns do not fall into the hands of terrorists or criminals. Acting responsibly and with respect for differing views on this issue, we can both protect the constitutional right to bear arms and keep our communities and our children safe.”

Republican platform on firearms (page 51 of the party platform):

Upholding the Constitutional Right to Keep and Bear Arms

“We uphold the right of individual Americans to own firearms, a right which antedated the Constitution and was solemnly confirmed by the Second Amendment. We applaud the Supreme Court’s decision in Heller affirming that right, and we assert the individual responsibility to safely use and store firearms. We call on the next president to appoint judges who will similarly respect the Constitution. Gun ownership is responsible citizenship, enabling Americans to defend themselves, their property, and communities. We call for education in constitutional rights in schools, and we support the option of firearms training in federal programs serving senior citizens and women. We urge immediate action to review the automatic denial of gun ownership to returning members of the Armed Forces who have suffered trauma during service to their country. We condemn frivolous lawsuits against firearms manufacturers, which are transparent attempts to deprive citizens of their rights. We oppose federal licensing of law-abiding gun owners and national gun registration as violations of the Second Amendment. We recognize that gun control only affects and penalizes law-abiding citizens, and that such proposals are ineffective at reducing violent crime.”

SMOKING POLICY

ARPC has a smoking policy on the ARPC property. Smoking is allowed outside all covered buildings and on gravel or concrete. No smoking is allowed in classrooms or under covered shooting areas. Please police/field strip all cigarette butts and dispose of the paper in the trash cans.

TEN LITTLE HUNTERS

Ten little hunters, feeling fit and fine, One forgot his safety catch and then there were nine.

Nine little hunters, flirting with their fate, One started clowning and then there were eight.

Eight little hunters, in a shooter’s heaven, One was “triggered” by a fence and then there were seven.

Seven little hunters, wise to feathered tricks, One used a faulty gun and then there were six.

Six little hunters, glad to be alive, One looked down a gun barrel and then there were five.

Five little hunters, skilled in woodland lore, One took to drinking and then there were four.

Four little hunters, feeling mighty free, One had an “empty” gun and then there were three.

Three little hunters, tramping through the dew, One shot a shadow and then there two.

Two little hunters, shooting on the run, One tripped upon a rock and then there was one.

One little hunter is still alive to tell, That following sound safety rules guards a hunter well.

Safety Comes First, Not last! (unknown)

EXEC OFFICER’S REPORT TRAP SHOOTING

Greetings fellow shooters. I begin on a sad note. A good friend of mine and I am sure a good friend of yours has gone to his great reward. Paul Soward passed away this past month. I knew Paul for over 30 years and can only say he was a true gentleman. He did shoot trap both at our club and at the Albany gun club. He was also a bench rest shooter. He did well at both. I am sure he has not gone through the gates yet because he is bending St. Peter’s ear about something or another. Paul loved to talk, and the neat thing about his talk is that he seemed to know something about most everything. His Okie accent and his stories were pleasant to listen to. May God bless you, Paul; you will be missed by many.

On to lighter things. As you may notice, the big gong is up at the 200-yard line. I took a look at it the other day and discovered one of our more stalwart shooters has been trying to shoot the bolt heads off: that is, the bolt heads on the north side of the steel frame. Those bolts hold up the steel target on the frame. Come on. The shooter has to shoot from the extreme north end of the range to hit the area where the bolts are. I thought they were simply bad misses but when you look at the group, and have a fair idea about what a group at 200 yards look like, you know better. Nuf said.

Next work bond we will try to get all the target boards replaced. Again, we will have to replace some of the target supports. Please do not shoot into the red lines around the boards. Speaking of work bond, I hope all of you folks appreciate the work these folks put in to help our club. We did not expect very many at the last work bond but 13 came in and got all of the work done. Thanks guys. Due to the cool weather, my wife no longer bakes cinnamon rolls. She puts together biscuits and gravy. Yup, it disappeared last month, down to the last bit.

On to trap. The Pro-Matic trap thrower is here and I am working at getting it installed as soon as I can. This thrower is battery operated, will throw a bird 70 yards, and has a remote controller. It has been decided to require a range officer check out the controller. This was done so there could be some accountability for the it. The thing weighs less than a cup of coffee and could be put in a pocket and simply forgotten about. Now it is gone and we will have no way to find it until a wife pulls it out of a pocket and asks what in the heck is this new push button thingy. In addition, being a RO is not a bad thing. Our club needs Range Officers. If for no other reason than to learn more about your club and to give help to some of the new folks, and some of us who have forgotten how to get certain things done. If you do not want to be a range officer, get to know one and get really friendly with him/her. Oh yes. Make sure it is one who likes to shoot shotguns.

KEEP YOUR HEAD DOWN AND EYE ON THE TARGET

Don Arnold

ALBANY RIFLE AND PISTOL CLUB
XO/TRAP DIRECTOR

EXECUTIVE DIRECTOR’S ARTICLE

In this busy society we all forget to do things and I have found that writing them down does help as long as you don’t lose the list. Here is a simple way to bring everything you need to the gun club every time. Make up a “Gun Club” list that allows you to check off everything

you need before you leave home. The operative word is “make”, that means you write it down, type it out, or somehow make a physical list of what you want to bring to the range.

The second step is to make sure you go over the list prior to leaving your house to make sure you have everything. The items most often asked for by members who get to the range and forget something are eye protection, ear plugs, staple gun or something to put up targets with, targets and - the most often forgotten item - their gate card. If you get to the range and forget your gun, go back home and forget the whole trip. There is no shooting at the range without a gun, but you can borrow just about everything else you need.

Make your memory load lighter: put together a list and then use it. You will find that your trip to the range is much more enjoyable when you have everything you need.

Always remember “Safety First” and to leave the range in better shape than you found it for the next member.

CLASSIFIED ADS

This section is for members who would like to advertise something for sale or wanted. If the item for sale is a gun, then remember that all gun transfer rules must be followed. The best part of this is it is FREE for members to place an ad.

To place an ad send e-mail to Tony White (ARPC newsletter editor) at whiteaj@live.com. Deadline for the newsletter advertisement is the 14th of the month prior!!!
