### Oregon's Largest Pure Gun Show...

*That's what many folks tell us. They also say  
ARPC's Gun Show is the best in Oregon.*

**WHEN IS IT?!?!**

**Saturday, September 24<sup>th</sup>**

**9am - 5pm**

**Sunday, September 25<sup>th</sup>**

**9am - 4pm**

The ARPC Gun Show is held at the Linn County Fair and Exposition Center in Albany. Club volunteers are needed to work this show and this does count for work bond credit, however you

Bullard, John & Jeanne Camp, Ben Coleman, Larrie & Alex Deardurff, Brian Dickey, Dennis Dunning, Kyle Forslund, Daniel Garrett, Jon Groux, Jeff Hale, Bobby Hemmer, Deric Jacobs, John M. Kailey Jr, Andrew & Jennifer Lovvorn, John Moore, Jon Morgenstern, Thomas Oberfoell, Daniel Quanbeck, Christopher Rice, Adam Schultz, Jeffrey E. Simmons, Harold Simms, Jean & Chris Smith

Calendar For These  
Classes...  
Basic Pistol for  
Women, Complete  
Handgun Reloading,  
a Sunday Utah  
Concealed Firearm  
Permit, Oregon  
Concealed Handgun,  
Introduction to  
USPSA Shooting and  
Introduction to GSSF  
Shooting!**

must register ahead of time by calling the club office at 541-491-3755. If you show up to work without calling ahead you will not be able to work the show.

Click on [ARPC Gun Show Fall 2011 Flyer](#) to download a copy of the September 2011 flyer or stop by the main Range Clubhouse and pick up a few flyers and put them up at work, your favorite gun shop, retail store or high traffic area. Remember to ask permission before putting up flyers at businesses or private property.

## Hunter's Sight-In Days

It's almost time....

Albany Rifle and Pistol Club has expanded our 'Hunter's Sight-In Days' this year to three weekends from 9am to 4pm each day; September 10<sup>th</sup>, 11<sup>th</sup>, 17<sup>th</sup>, 18<sup>th</sup>, 24<sup>th</sup> and 25<sup>th</sup> to help sight in more hunter's rifles. Cost is \$5 to the public and no cost to ARPC members.

Club volunteers are needed to help so please call Carol at the club office, 541-491-3755, to get on the list to help and yes this counts for work bond credit.

Download a [Hunter Sight-In Days Flyer](#) and place them where people gather who love hunting. Make sure to ask permission from businesses prior to putting up our flyers.

## ARPC Firearm Classes Heat Up in September

***Utah class scheduled for a Sunday!***

Check the calendar! Albany Rifle and Pistol Club has scheduled several classes for September including Basic Pistol for Women, Complete Handgun Reloading, Utah Concealed Firearm Permit (finally on a Sunday), Oregon Concealed Handgun, Introduction to USPSA Shooting and Introduction to GSSF Shooting. Take a look at the calendar for times, dates and locations for all of these classes.

## Range Use Management

Managing our range use is a constant challenge. We are acutely aware of over scheduling and making sure that we always have range use available for our members. With our regularly scheduled disciplines, events and law enforcement use thrown in the mix, there are times when we all have to share a particular range.

Be sure to remember that if there is a need for you to share a range during a scheduled match, the Discipline Directors are in charge of that particular range. Please obey their direction. They may ask your help in order to facilitate their shoot. Kindly cooperate by following his lead for target setup, take down, cease fire, etc. You may even want to join in the fun and shoot his match!

## New Glock \$425

If you had the opportunity to purchase a new Glock handgun for \$425, would you? By joining the Glock Sport Shooting Foundation (GSSF) you receive a once a year opportunity to purchase a basic model Glock handgun at \$425. This offer is only open to members of GSSF and it states that you can take advantage of this special purchase price every year.

In addition, ARPC holds a GSSF shooting match every Halloween weekend on the North Range. As a GSSF member you can shoot the match for awards and prizes that include handguns. A free lunch is provided and you have the opportunity to have a Glock Armorer disassemble your Glock, clean it and replace any defective parts free of charge. ARPC members have won at least four handguns over the past two years.

ARPC has scheduled four 'Intro and Practice' sessions to introduce you to GSSF type shooting. They are scheduled for Sept. 6<sup>th</sup> & 20<sup>th</sup> and Oct. 4<sup>th</sup> & 18<sup>th</sup>. Click on the calendar date and read the explanation about these sessions.

If you are interested in the GSSF program and the opportunity to purchase a new Glock at this discounted rate, go to [www.GSSFonline.com](http://www.GSSFonline.com) for additional information.

## Handgun Reloading Class

***Does 13 cents a round for handgun ammo sound better than what you are paying at the store?***

ARPC is holding a handgun reloading class on September 17<sup>th</sup>, 2011 at 7am that includes class instructions, reloading press, 500 brass shells, bullets, primers and powder.

The class will cover:

1. Handgun reloading theory.
2. Setting up a new Lee Pro 1000 progressive reloading press, your choice of caliber
3. Loading trial rounds and function testing, including measuring over a chronograph.
4. Changing press to progressive loading and reloading as many rounds as the student wants.
- 5.

The instructor will monitor all reloading and testing by students. When the student finishes the class they will leave the classroom with their reloading press, reloaded bullets and any unloaded components. The instructor for this class is Mike McCarter, ARPC Range Master and is limited to 8 students per class.

The cost of the class is \$320.00. Students must pay a \$170 deposit and specify the handgun caliber to reload by the 6<sup>th</sup> of September. This deposit covers the cost of the reloading press and is non-refundable. Sign up at the Pro Shop and get ready to load your own handgun ammunition. Open to club members and the public.

**Safety is Something that Happens Between Your Ears**

During the dry summer months all club members shooting at the range should be extremely careful about fire danger. If you smoke, stay on concrete or gravel.

1. Do not shoot steel jacketed or steel core bullets. Hitting rocks with these bullets causes sparks that start fires. If you are not sure about your ammunition you can check it with a magnet. Magnets are available in the Pro Shop and on the refrigerator in the Main Range Clubhouse for this purpose.
2. Contact someone in the Pro Shop if you see smoke on the hillside. If the Pro Shop is closed call 911, report the smoke and then call one of the emergency numbers listed next to the phone in the main range clubhouse (emergency lists are provided in every building on the premises.) Do not try to put out any fires you see on the hillside, however "Call a Cease-fire" and use one of the water fire extinguishers to put out a small grass fire near the target boards. After putting out the fire call one of the emergency numbers to let a board member know about the fire.

In August, during the Northwest Revolver Championships, a club member lost the back window on his pickup from a ricocheted bullet. The bullet, size of a flat dime, was found on the dash of his pickup. When you shoot at steel targets bullets can ricochet and travel quite a ways with enough power to break a car window. Always wear safety glasses when around the range. Please remember, if you are at the range and your vehicle gets damaged by something like this the club does not pay for the deductible part of your vehicle insurance. This may sound cold to some of you but the club is not responsible for what you drive to the range and where you park. Things do fly around at a shooting range!

## Tribute to Fallen Soldiers Motorcycle Ride

This ride was set up to honor Oregon's fallen soldiers and began in Roseburg Oregon on Saturday, August 20, 2011. Escorted by law enforcement and military vehicles, it included over 200 motorcycle riders that visited homes of fallen soldiers and delivered the families a plaque of distinguished service in remembrance of their son or daughter. Our Executive Officer Don Arnold (pictured here) participated in the ride and was quite moved by the community response that they encountered.

## Albany Rifle and Pistol Club General Meeting

The next ARPC General meeting is set for September 13<sup>th</sup>, 7pm. in the North Range Clubhouse. Please attend to see what is going on at the club.

## Wear Your Club Badge With Pride

It is required that everyone on range premises wear a name badge. And don't forget to have your guests sign in and get a badge when they come to the range with you. During the next few months, club staff and range officers will be checking to make sure everyone has an ARPC type of identification badge while on the range.

## Refrigerator Needed

The refrigerator in the north range classroom has died and will soon go to the resting place of old appliances. If anyone has a good operating refrigerator (without a beer tap) that they would like to donate to the club, please call the club office at 541-491-3755. This refrigerator is used to store food for special events at the club.
