65 Years Old and Still Going Strong

HAPPY
BIRTHDAY
ARPC!!

Albany Rifle and Pistol Club is 65 years old this year. Yes, it all start in 1947 and we are still growing and going strong. If you are one of the original members or started with the club in the early years, give us a call. We would like to know who you are and some of your club history. We have one of the best clubs in the Northwest and it is because of those folks who had a vision about a great place to shoot.

Welcome New Members

Stan Hall, Mandy Stevens
Buckner and John Buckner,
Rachel Hess, Rocky
Dickerson, Clement Spenner,

Rodriguez, Kent Burnett,
Kirsten Zulyeviz, Tommy
Houston, Jose Morales, Dan
Tschida, Christi Lemons, Keith
Gillen, Brenden Croser, Rod
Bricco, Jennifer Riedel, Eesaa
Moussaoui, Scott Aldrich, Ron
Bennett, Scott Cummings

ARPC Junior Day and Open House is June 3rd

Bring a junior out to shoot on Sunday afternoon,
June 3rd from noon to 4pm!

The club will be serving free hot dogs, chips and pop to everyone. Special tables will be set up for different junior shooting disciplines at ARPC. Juniors will also have chances to shoot different firearms. 7074 Sorry, parents and adults, you may tour the range but it's only a day for you to watch the juniors shoot. One of our local gun shops will also have a special display of firearms for adults to test on the north range. Spread the word and invite your family, friends and neighbors out to ARPC on Sunday afternoon, June 3rd from noon to 4pm.

Heads Up Main Range

Construction work will begin on the main range this summer. Projects include replacing the vapor barrier in the roof, adding 8 new shooting benches, noise reduction sound boards and replacing some of the lights. Some of the projects can be done rain or shine but others must wait for good weather (like replacing the vapor barrier) and it is not always possible to schedule the work a month ahead of time for the newsletter. None of the projects, at this time, should close down the entire main range, however, please keep an eye on the club website for partial closures. Have patience as we will be focusing on improving the main range this summer.

Saddle Butte Machine Gun Shoot Update

The Saddle Butte Machine Gun Shoot Committee would like to give a BIG THANK YOU to all of the volunteers who made our event a success! We couldn't have done it without you.

Also a BIG THANK YOU to [B&R Auto Wrecking of Corvallis](#) for the donation of the cars on the firing line!

Share The Shooting Space

ARPC Club Policy is to share shooting space with other club members on all ranges - main range, indoor range, shotgun range, and north and east ranges. Just because you step into a shooting bay on the north or east ranges and put out the orange cone, doesn't mean that bay is yours exclusively. Remember when you share space, it is imperative to communicate with others in order to keep it SAFE for everyone.

Tannerite and Explosive Targets

Explosive targets are not allowed on any ARPC shooting range. These types of targets are used by special board permission at the Saddle Butte Machine Gun Shoot only.

North & East Range Target Stand Racks

If you shoot on the north or east ranges and use the metal target stands you might notice that they get shot up on a regular basis.

We are not pointing fingers at the handgun shooters who have a 'trigger jerk' problem. However, we do think that some stands get hit when left out in the bays by shots that pass thru close targets.

Target stand racks have been put in each bay, attached to the wall, to help eliminate this situation. We ask that you help by hanging up your target stands when done shooting in one of the shooting bays.

Middle of The Week Work at The Club

If you want to help get some things done at the club and get in some work bond hours during the week, give us a call and we will put your name on the work list. Our goal is to schedule extra volunteer help during the week to augment what needs to be done around the club. We can be better prepared for your volunteer work when we know in advance that you will be here. We also appreciate all the volunteers who help make Albany Rifle and Pistol Club a beautiful safe place to shoot.

"Threat Management For Personal Defense" Class

Presented by two experts - a lawyer and police trainer, and a public safety and civilian self defense instructor - attorney and police firearms instructor Steve Eichelberger, and decorated former deputy sheriff and civilian self defense instructor Jesse Lawn, author of the book "Recognizing and Managing Aggression."

You will learn practical legal and tactical principles of self-defense, and how to defend yourself whether you are armed or not. You will participate in short scenario-based role-play drills where you learn how to recognize pre-assault indicators, and how to manage the first few moments of a violent attack with defensive countermeasures. You will also learn legal and psychological skills to survive the aftermath.

"Steve Eichelberger and Jesse Lawn of CQC Solutions will be presenting "Threat Management for Personal Defense"... These classes build on use of force principles and include hands-on physical scenarios for you to test those principles...and are well worth the time." Brady Wright, Armed Citizens' Legal Defense Network

For more information, click on this [Class Description](#).

Junior Updates

Here's a picture from the CMP/JOSC match held April 7/8. Our younger Juniors proudly showing their awards: Conner Mier, Keegan Mier, Logan Hibbert, Sage Rhoades.

This was taken at the .22 State Championship held April 28/29. This relay is the OSU Team.

Black Powder Centerfire Rifle

Have you thought about shooting that old black powder centerfire rifle but don't know where to start? Well there's a group of members that get together every once-in-a-while to shoot together on the Main Range. Next time is Wednesday, June 13 at 4PM. It's not a regularly scheduled discipline so it's not on our calendar. They'd just like to extend the offer to come on out and have some fun. If you have any questions, please call Zene Sabo at 562-716-5514.

ARPC Advertisers

We would like to thank our advertisers for their support of Albany Rifle and Pistol Club! Check out the links to their websites and please consider them for your needs.
