SPRING GUN AND SPORTSMEN SHOW UPDATE

We would like to thank all the club members who worked the recent ARPC Spring Gun Show. The job couldn't have been done without everyone's help. Attendance through the gate was 5581 people with over 500 firearms sold. Saturday started off with a bang when more than 2,000 people showed up in the first two hours. We did hear from some attendees that when they saw the crowd Saturday morning they decided not to stop at the show. Several of our regular vendors were missing from the show due to a lack of merchandise. However the show floor stayed full with the addition of many new 'sportsmen' vendors.

The 2013 Fall ARPC Gun and Sportsmen Show will include both gun vendors in the Willamette building and sportsmen vendors in the Santiam building. If you know vendors who would like to participate in the sportsmen side of the event, please have them contact the club office.

SBMGS VOLUNTEERS NEEDED

Spring is just around the corner and that means the Saddle Butte Machine Gun Shoot committee is looking for volunteers. This is one of the club's biggest events and draws people from all over the Northwest and beyond.

Volunteers are still needed to help set up and tear down, work the gate, set targets, sell tee shirts and, of course, serve as Range Officers. **Friday set up and Monday tear down are in need of volunteers, as are some of the other positions listed (for Sunday).** It takes a lot of help to make this a safe and enjoyable event, plus it's a great way to fulfill your work bond hours. If interested in helping, please contact Allen Eriksen at Eriksenor@aol.com or 541-967-4005 weekends (M-F before 2 pm). Please provide your name, phone number and the dates and times you are available to work.

The shoot is May 18th and 19th, 2013. Check out the event on Facebook under "Saddle Butte Machine Gun Shoot".

BULLETS, POWDER AND PRIMERS

No, this is not a notice that we have a new shipment of those hard-to-find components in stock and don't even mention .22 long rifle shells. We are ordering powder, primers, bullets and ammunition as they become

available but the whole pipeline of components and ammunition is empty. Try to be patient; every supplier we know is working as hard as they can to fill orders. We do have a good selection of shotgun and pistol powder available, rifle powder is not available.

ADOPT-A-ROAD PROGRAM

On Saturday, March 2, six volunteers from the Work Bond crew cleaned Boston Mill Road from Seven Mile Lane to Highway 99E in Shedd - a distance of 4.6 miles. Eight large bags of trash were picked up along with items too large to fit into the bags. Linn County crews have removed the bags and debris. The required "Adopt-A-Road Litter Pick-Up Report" was completed and sent to Linn County on Monday, March 4, 2013. They have installed an Adopt-A-Road sign on each end of Boston Mill Road in about one month. This important work will show the community that ARPC is committed to being a good neighbor.

COME OUT, HELP OUT

The Work Bond on Saturday, March 2, was attended by: L. Wayne Barnhart, Glen Brunstan, Greg Chamberlain, Dick Dodge, John Fosdick, Corey Gerger, Gordon Gray, Mark Harlan, David Ingram, Annette Johnson, Bert Johnson, Paul M. Martinak, Lori Ross, John L. Sullivan, Jr., Mark Sullivan, Chuck Trainer and Bill A. Wren. Thanks for volunteering!

The Range is looking great! To all of those that have participated in Work Bond, your work really makes a difference. To all those members that take a minute to take down their targets or pick up that plastic bottle, your efforts show as well.

Paul W. Hilliard, Executive Officer

ARPC FFL AVAILABLE ONLINE

The ARPC FFL copy will soon be available, for members only, online at the ARPC website. This is faster than coming out to the club to pick up a hard copy. Simply go to the ARPC website, log in thru the 'member login', click on 'ARPC Main Page' and finally click on the 'member only' just above the calendar button on the left side of the page. You can download, save and send to whoever you are purchasing a firearm from. Please remember that they cannot send it to your address, it must be sent to ARPC where the Oregon firearm transfer process takes place.

SHOOTING AFTER SUNSET

Have you ever thought that it would be great if you could find a north range shooting bay to shoot in after work... even after sunset? ARPC is experimenting with some new lighting in Bay 6 that allows you to shoot after dark in a bay that has lights in both the building and the bay. Simply drop a few quarters into the timer box and enjoy shooting fun right up to the deadline hours of 9pm during the week or 8pm on the weekend. Give it a try. We may see more bays with lights if this experiment works.
