ARPC Range Expansion Update

Adding new rifle ranges and shooting bays requires new permits, engineering, work, money and time. The ARPC Executive Board just finished the initial process of acquiring a new Linn County Conditional Use Permit for the club's range expansion. Any time land in Oregon is used for a purpose other than what it is zoned for a conditional use permit must be issued. We are working as fast as possible on the long range project and additional shooting bays. Your patience is appreciated. Feel free to contact any member of the ARPC Executive Board or the Club Office if you have questions.

Noise Control Help Needed

The ARPC Executive Board is asking for interested club members who have experience with sound abatement, noise control or environmental engineering to serve on the newly created Noise Control Committee. This committee has been formed to work on noise control issues on existing ARPC shooting ranges and new projects. If you are interested, please contact our Office Manager Carol McGlasson at 541-491-3755.

Winter at The Range

If you are new to ARPC or aren't accustomed to the weather in the Willamette Valley (really?!), we are

known for having a bit of water, ice, fog and scant snow. Please remember to keep abreast of the weather conditions as you travel out to the range. 7675 We will occasionally have

flooded conditions on Boston Mill Road which causes the county to close the road. If a road is closed, a discipline is cancelled due to inclement conditions or any hazard occurs, we try to immediately get it up on the home page of our website. As always, please check the website prior to making the trip out to shoot.

Gun & Sportsmen Show Volunteers Needed

Our Spring Gun & Sportsmen Show is March 7 & 8, 2015.

This is a great way to get your work bond out of the way, particularly if you're one of the 1000+ members who renew on April 1 each year. 8861 Please email Carol at arpc-off.mgr@outlook.com with your position requested, day, length of time to work and shift preference (morning or afternoon). It takes a lot of members' help to pull off this great show.

Thanks in advance for volunteering!

Hearts, Candy and Black Powder

What could be better than a hearts, candy and black powder shoot on the 1st of February? Okay, we are also going to add footballs to the list

of targets. Would you like to watch a Black Powder match or how would you like to try your hand at shooting a Black Powder gun? Guests, visitors, non-

member competitors and club members are all welcome. Period clothing is not required and we only accept competitors who can laugh while having a good time. The match starts at 9:30am and usually goes to 12 noon. Cost is \$5 per competitor and guests are free. Contact Mike at 541-619-0038 for more information.

Patience Please

Just read the Welcome New Members section of our publication and you'll see we've had a lot of people joining our club in the past few months. There are so many rules to absorb when you first join the club and it can be a bit confusing.

Please be kind to your fellow members and remind them of the rules. And remember that you were once a new member, too. Thank you.

SBMGS Volunteers Needed

The Saddle Butte Machine Gun Shoot is seeking volunteers for this year's event. The shoot is on the 3rd weekend in May (May 16th and 17th). Volunteers are needed for setup on Friday the 15th (noon- finished) and tear down Monday the 18th (8 am- noon). Of course volunteers will be needed for the event itself at the gate/ parking, balloons / targets, selling t-shirts and of course Range Officers. This is a great way to get your work bond hours in. Volunteers must be current ARPC club members. 19329 Please contact Allen Eriksen at Eriksenor@aol.com or by phone at (541)967-4005 (weekends only please). And respond with your name, day(s) available, phone number and if you are or have any experience as a Range Officer.

Gun Powder and Reloading

ARPC's Pro Shop probably has more gun powder in stock than any other place in Oregon. Gun powder, primers and bullets are **SOLD ONLY**

to ARPC club members. The hard to find powders like Varget, Red Dot, Vit N320 and other powders for handguns are coming back. You can put your name down on a powder / primer want list in the Pro Shop if we don't have it in stock. We will contact you when it is available.

Handgun reloading classes are back due to the availability of pistol powder. The next scheduled class is Sunday, February 15th at 8am in the trap classroom. Please register at the club office ahead of time. This gives us time to order the reloading press and all components for you.

Safety and Range Rules

Safety has to be our first priority at ARPC. The official Range Rules posted in all shooting areas and on the website are the only official safety rules at the club. If someone approaches you and states something about safety that you question, please ask them to show you the rule.

For example, there is no safety rule that states "you must put on your safety glasses when you get out of your vehicle". Though it might be a good suggestion, it is not a Range Rule.

Safety eye wear and ear protection is required on all shooting ranges.

Friends of NRA Banquet

The Mid-Valley Friends of NRA Banquet is coming up Saturday evening, March 21st at the Eagles Lodge in Albany. This banquet is one of 24 held in

About Us

Albany Rifle and Pistol Club is centrally located in Linn County, Oregon and consists of six ranges. We are a membership club, however, we feature a wide variety of shooting disciplines and educational classes open to the public.

Contact us to schedule a range tour. You'll like what you see.

the state of Oregon. Over half of this money stays in Oregon for shooting events, clubs and youth groups needing shooting support. The other half goes to range grants all over the U.S. This money is raised by the non-profit side of the NRA and does not go to lobbying efforts. As a member of the club, this is your banquet. Albany Rifle and Pistol Club is the only gun club in the state to actively sponsor and run a FNRA banquet. Over \$340,000 dollars in grant money has been earned at the state wide banquets in 2014 and is being distributed to shooting programs throughout Oregon in 2015. We have a goal of becoming the largest attended banquet in Oregon by 2016. Our club is the second largest gun club in the state and it should be easy to hold a banquet with 500 gun loving members and their friends.

Guns and a fantastic array of sporting items will be auctioned and raffled off to banquet participants. There are only 200 seats available at this function and we always sell out so don't wait to purchase your tickets. Great food and plenty of fun, what more could you ask for? Why not consider donating an item? Let us know. Here is the challenge - we want to hit 200 plus attendees this year and set the record next year. Won't you consider attending this incredible event? Please step up to the plate and get a ticket for this year's banquet. Besides money at future banquets could come back to ARPC for our long range project. Give the club office a call or go online to www.friendsofnra.org to order your tickets.

Busy on The North & East Ranges

During weekends the north and east ranges can be busy. However, here are a few ways that you can find a shooting bay during the weekend. First, check the club calendar to see if there is a shooting event scheduled. Second, try to come out in the afternoon after scheduled shooting events end. There are many times when there are only two or three bays in use (here's a secret - the magic time on Saturdays to get an open shooting bay is 3pm. Oops...let that secret out). Third, ask if you can share a bay with someone. If you share then it is a good idea to talk about

safety. ARPC is not scheduling any more activities on the weekends than have been previously scheduled on the north and east shooting ranges over the last year or two. Our long range construction project includes adding more shooting bays as dirt is needed for the long ranges. Please contact the club office if you have questions.
