Long Range Information

The ARPC Executive Board will share information about the proposed 300, 600 and 1,000 yard range project at the ARPC General Meeting on Tuesday, June 9th at 7pm. 45084 If you want to find out where the club is with this project or ask questions then plan on attending the 2nd Quarter General Meeting in the North Range Classroom.

Powder, Bullets and Primers

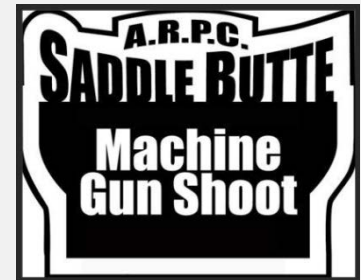

Powder is starting to come back and the ARPC Pro Shop has a good supply of Pistol, Shotgun and Rifle reloading supplies. Stop in and take a look or give the office a call if you are looking for particular reloading components. We still haven't seen Bullseye, Unique or Tight Group powder on any of our supplier's lists. There are 17 pistol powders in stock as of May 20, 2015 in the Pro Shop.

SBMGS Thanks to Our Volunteers

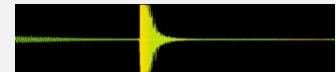

The 2015 Saddle Machine Gun Shoot is over and Peter and I would like to thank everyone who came out. 10010 Special thanks to all those members who helped with this event and the vendors for supplying all the fun things to shoot. We could not have done it without you and we look forward to seeing you next year.

Allen Eriksen

Sound Mitigation Update

Our Sound Mitigation Committee has been hard at work brainstorming and testing ideas to make our range more neighbor-friendly. In order to perform more live testing, the Main Range will be closed periodically in the evenings. Please remember to check the club calendar for range closures prior to coming out to shoot.
