ARPC Range Shooting Hours

Welcome to wonderful summer evenings and shooting outings! Even though it's lighter much longer into the evening, please be mindful of the time.

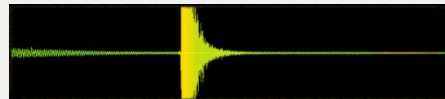

In case you have forgotten, our shooting hours are:

Monday through Friday - 7AM-9PM

Saturday 8AM-8PM

Sound Mitigation Update - Main Range News

Our Sound Mitigation Committee has been hard at work researching and developing ways to reduce noise on our ranges and they are already experiencing some successes. This committee has been given permission to use the south 24' of the Main Range for live testing. During this testing period, that 24' will be off-limits to members and guests. As this is an on-going project, there is no end date. But don't despair...the newly "sound-deadened" existing plate racks are being relocated on the Main Range just a bit to the north from their previous position. And this closure will not have a direct effect on day-to-day member usage, Hunter's Sight-In Days, High-Power Matches or any other scheduled events on the Main Range. If you have any questions please contact the club office at 541-491-3755.

Oregon 4H Shooting Sports

Thank you to our membership for your understanding during the Oregon 4H Shooting Sports Championships this last June 16-19. The range was packed with cars and people. Approximately 350 shooters from all over the state competed in rifle, pistol, black powder and archery. 8025 These youngsters and their families really exemplify what 4H programs are all about - acquiring knowledge, developing life skills, and forming attitudes that will enable them to become self-directing, productive members of society. We're happy to be a part of it each year. On a final note - a **GREAT BIG THANK YOU to Albany Gun Club on Hwy 20 in Albany** for coming to our rescue and allowing the 4H youth to shoot at their range when our trap machine failed! You guys are the BEST!

Advanced Single Stage Rifle Reloading Class

This class is for those rifle hand loaders who are ready to take their basic reloading knowledge and move to the next level. The course will cover advanced case preparation, bullet and powder selection, advanced bullet seating techniques, chronograph usage and much, much more. The Class is \$25.00 for members and \$35 for non-members. This will be a power point presentation and lots of time for question and answers. If you are interested in taking the class on Saturday, July 25th from 9AM-5PM or just have questions pertaining to the class please contact Steve Shippey at srshippey@gmail.com or 503.851.3158. The class will be limited to 20 participants.

Oregon Old West State Championships

ARPC will host the Oregon Old West Shooting Society State Championships on July 15-18. One of the unique aspects of SASS approved Cowboy Action Shooting™ is the requirement placed on costuming. Each participant is required to adopt a shooting alias appropriate to a character or profession of the late 19th century, a Hollywood western star, or an appropriate character from fiction; they are literally a bunch of characters. 6009 Bay use will be closed to membership during those three days and on a limited basis June 13, 14 & 19 due to set up and tear down.

GSSF Pacific Coast Challenge IX

ARPC is once again hosting the Glock Sport Shooting Foundation Pacific Coast Challenge on August 1st from 9AM-3PM & 2nd from 9AM-2PM. Remember that you do not have to be a member of ARPC. No pre-registration necessary, just show up and shoot your Glock. Free lunch from 11AM-1PM both days. Gun giveaways and other prizes. Click [here](#) for more information.

ARPC Club President's Message

The good weather has meant the usual increase in activity level at the Club. You may all have noticed that the calendar seems to get a little more filled up and a little farther ahead during the summer months. June 17th-19th we sponsored the State 4H youth matches, which included a variety of firearms disciplines, and archery as well. June 20th we hosted the annual ABC House (Albany)benefit match, which attracted approximately 100 shooters. Next month we play host to the Oregon State Old West Championships, as well. These are all good causes and significant events that your club staff and you members do a wonderful job of supporting.

Our application for a new Conditional Use Permit to Linn County, after a long series of hearings, amendments, and countless hours of effort was withdrawn by the Club. The original intent of the application, to allow us to build long-range shooting facilities on our newly acquired east side property and build much needed additional shooting bays, got confused and somewhat muddled during the lengthy process, so the decision was made to withdraw it and make a fresh start with renewed focus. We spent a considerable amount of money for legal and professional support during this process and while some may feel this was ill-advised, I can say without reservation that we learned a lot of important information and lessons, so I do not consider the money spent to have been wasted by any stretch. We will put all of the information and knowledge we gained right back to use when we initiate the next application. We are not sure of when that will be, but as soon as we are comfortable with the situation we will move forward again.

Your Board is very involved, is very active with the Club and is very concerned about the well-being and long term health and prosperity of our Club in every regard. We welcome any and all comments, opinions, conversations, observations and anything else that pertains to our Club. We feel it is the best in the State and getting better all the time!

Thank you, Marc Rocque, ARPC President

Looking to Shoot Long Range?

Central Oregon Precision Rifleman has you covered. Shooting at the COSSA (Central Oregon Shooting Sports Association) Range in Bend, these guys put on great matches. AND they also offer practice long range matches **only \$15!** The Saturday matches are out to a mile while the Sunday matches are 1200 yards and mainly designed for gas guns. They have spotters to help with wind calls and the real world practice is invaluable. The COSSA range is 24.3 Miles east of Bend and has over 800 acres of premier range facilities available and is well known for the John Nosler 1,000 yard range and facility. Until we get a long range, this is a wonderful option...and the country is beautiful!

CMP Rifle Purchases

The Civilian Marksmanship Program (CMP) is a national organization dedicated to training and educating U. S. citizens in responsible uses of firearms and airguns through gun safety training, marksmanship training and competitions.

The federal law that established the CMP authorizes the Corporation to sell surplus .30 and .22 caliber military rifles, parts and ammunition to qualified U.S. citizens "for marksmanship". Accordingly, the CMP sells government-surplus M1 Garands, .22 caliber target rifles and small quantities of other rifles to qualified purchasers. If you are interested in purchasing a firearm, CMP requires that you belong to an affiliated club (ARPC qualifies) and that they perform an extensive background check.

It has recently come to our attention that the CMP is also authorized to ship firearms to your personal residence. Let it be known that if you have your CMP firearm shipped to ARPC, we are **REQUIRED** to do a Federal Form 4473 background check. There are no exceptions.

Member Work Bond

Membership reminder - If you perform any work bond hours to reduce your renewal membership, it is your responsibility to turn in those work bond slips during the same month that you did the work. 7130 Work bond forms are located in the alleyway between the MRC and the IR adjacent to the black mail box. Please fill out the form and put it in the black box in order to be properly credited for your work.

The Story of Independence Day and America's Birthday

Independence Day is the national holiday of the United States of America commemorating the signing of the Declaration of Independence by the Continental Congress on July 4, 1776, in Philadelphia, Pennsylvania.

At the time of the signing the US consisted of 13 colonies under the rule of England's King George III. There was growing unrest in the colonies concerning the taxes that had to be paid to England. This was commonly referred to as "Taxation without Representation" as the colonists did not have any representation in the English Parliament and had no say in what went on. As the unrest grew in the colonies, King George sent extra troops to help control any rebellion. In 1774 the 13 colonies sent delegates to Philadelphia Pennsylvania to form the First Continental Congress. The delegates were unhappy with England, but were not yet ready to declare war.

In April 1775 as the King's troops advanced on Concord Massachusetts Paul Revere would sound the alarm that "The British are coming, the British are coming" as he rode his horse through the late night streets.

The battle of Concord and its "shot heard round the world" would mark the unofficial beginning of the colonies war for Independence.

The following May the colonies again sent delegates to the Second Continental Congress. For almost a year the congress tried to work out its differences with England, again without formally declaring war.

By June 1776 their efforts had become hopeless and a committee was formed to compose a formal declaration of independence. Headed by Thomas Jefferson, the committee included John Adams, Benjamin Franklin, Robert R. Livingston and Roger Sherman. Thomas Jefferson was chosen to write the first draft which was presented to the congress on June 28. After various changes a vote was taken late in the afternoon of July 4th. Of the 13 colonies, 9 voted in favor of the Declaration, 2 – Pennsylvania and South Carolina voted No, Delaware undecided and New York abstained.

To make it official John Hancock, President of the Continental Congress, signed the Declaration of Independence. It is said that John Hancock signed his name "with a great flourish" so "King George can read that without spectacles!"

The following day copies of the Declaration were distributed. The first newspaper to print the Declaration was the Pennsylvania Evening Post on July 6, 1776. On July 8th the Declaration had its first public reading in Philadelphia's Independence Square. Twice that day the Declaration was read to cheering crowds and pealing church bells. Even the bell in Independence Hall was rung. The "Province Bell" would later be renamed "Liberty Bell" after its inscription –

Proclaim Liberty Throughout All the Land Unto All the Inhabitants Thereof

And although the signing of the Declaration was not completed until August, the 4th of July has been accepted as the official anniversary of United States independence. The first Independence Day celebration took place the following year – July 4 1777. By the early 1800s the traditions of parades, picnics, and fireworks were established as the way to celebrate America's birthday. And although fireworks have been banned in most places because of their danger, most towns and cities usually have big firework displays for all to see and enjoy.
