

## ARPC Saddle Butte Press February 2017 Edition

### Junior Trap Shooting Moves to Saturday

Trap shooting isn't something that takes an athlete to participate. It doesn't require your child to be the strongest, tallest or fastest. It just requires a desire to learn. ARPC's Junior Trap Program Director, Dave Imel, focuses on patience, safety awareness and good sportsmanship in teaching our youth this fun and entertaining sport. He's moved the program to Saturday mornings from 9:30AM-12PM so as not to interfere with their studies during the week. Check it out on our calendar and give Dave a call if you have any questions or concerns.

### Upcoming Event ARPC Gun & Sportsman Show March 4th & 5th, 2017!!

Money can't buy happiness but it can buy a GUN and AMMO! Plus so much more! It's that time again for the ARPC Gun & Sportsman Show at the Linn County Expo Center in Albany. Take your pick from 440 tables of guns, gun related supplies and sportsman items brought to you by vendors from throughout Oregon, Washington and a few other states. This show is free

to members of ARPC; non-members pay \$6 each. Doors open on Saturday from 9AM-5PM and on Sunday from 9AM-3PM. See you there.

### Volunteers Needed

Our Spring Gun & Sportsman Show vendor setup day is Friday, March 3rd with show days of March 4th & 5th, 2017. This is a great way to get your work bond out of the way. Please email Carol at [arpc-off.mgr@outlook.com](mailto:arpc-off.mgr@outlook.com) with your position requested, day, length of time to work and shift preference (morning or afternoon). It takes a lot of members' help to pull off this great show. Thanks in advance for volunteering!

## Hunting The Pests of The Pivots This Spring?

For those of us that enjoy helping out our friendly alfalfa growers, April and May cannot come soon enough. Sage rats, squeaks, whistle pigs, pot-guts and ground squirrels, whatever your preferred name for them, decimate alfalfa crops in Oregon, California, Idaho, Utah and Washington. They can eat 14.5 pounds of alfalfa in a four month period causing up to 45% loss of crop according to the OSU Extension Service. Their burrows cause water loss, weaken dams and increase erosion. It's a team effort to eradicate these buggers. Everyone has their favorite rifle of choice with the .17 HMR, .204 Ruger and .223 Remington with a high-magnifying scope topping the lists. Make sure you follow all of the hunting rules of your

chosen grounds, obtain permission and treat the landowner's property with respect while you're there. You'll have a place to shoot for years to come.

## Yelp.com - Albany Rifle and Pistol Club

Just can't make up your mind which one of your friend's gardeners to use or if the roofer down the street is any good? Has anyone relied upon Yelp.com for reviews before venturing out to a new restaurant? As with any online site, you can take the information provided with a bit of skepticism as to content but many of us have used it and found it to be quite beneficial. ARPC has just been made aware that WE have a Yelp.com listing (with three SBMGS pictures on it) and have just laid claim to it. You'll find a very nice review from 2012. We've added content and some pictures to make it more our own. Please check it out and we encourage our members and friends to post to it. The link to our Yelp.com site is below.

## Winter Indoor .22 Rifle League

The ARPC Indoor Rifle Team is a group of people who welcome shooters of all ages to learn how to shoot small bore rifles. Each Thursday evening from 6PM-9PM we shoot in all four positions: prone, kneeling, sitting and standing and join in team and league competitions. We always have a good time and it's FREE!. Anyone who is interested is welcome to participate in the fun. 17853 If you have any questions, Director Nelson Shew is happy to talk to you and he welcomes new shooters.
