

# ARPC Saddle Butte Press April 2017 Edition

## **SBMGS Volunteers Needed**

The Saddle Butte Machine Gun Shoot is seeking volunteers for this year's event. The shoot is on the third weekend in May (May 20th and 21st). Volunteers are needed for setup on Friday the 19th (9 am-finished) and tear down Monday the 22nd (8 am-approx. 12pm). And volunteers will be needed for the event itself. Areas where volunteers will be needed are at the Gate/Parking, Balloons/Targets, Selling Tee shirts and of course Range

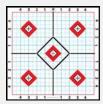

Officers. To volunteer please contact: Allen Eriksen at <a href="mailto:Eriksen">Eriksenor@aol.com</a> or by phone at (541)967-4005 (weekends only please). This is a great way to get your work bond hours in. Volunteers need to be current ARPC club members. Please respond with your name, day(s) available, phone number and if you are or have any experience as a Range Officer.

# ARPC Gun & Sportsman Show THANK YOU VOLUNTEERS!!!

What a successful show! We had 5106 adults over the age of 12 through the doors in 14 hours...that's six people every minute. We couldn't have done it without a BUNCH of wonderful volunteers!! 4310 All of you make this event possible and we thank you so very much.

# **Approved Targets - One More Time**

We now have our approved target list available for your viewing pleasure. These lists are range specific so please check the list for the range you are shooting on.

Please pick up and take home all of your used targets. We do have a cardboard recycling bin between Bays 2 and 3 in which you may place your used cardboard targets.

### **MAIN RANGE TARGETS**

- Paper and cardboard must be attached to the target boards or chicken wire with member supplied staples or ARPC supplied clothes pins
- Clay pigeons must be attached to the target boards or chicken wire with ARPC supplied clothes pins

- Steel targets brought by the member attached to the target boards
- ARPC supplied and maintained steel targets are the only targets approved as free-standing
- Do not shoot target frames, rocks or any other target not approved for use.

#### **SHOTGUN RANGE TARGETS**

Clay Pigeons or the ARPC supplied steel pattern board only

#### **NORTH AND EAST RANGE - EXCEPT BAYS 4 & 5**

 Paper, cardboard, clay pigeons, firearm approved steel, golf balls, tennis balls, clean cans, reactive targets (plastic ground bouncing targets) and clean plastic bottles/jugs –placed no higher than six feet above the bay floor.

#### **BAYS 4 & 5**

ARPC supplied and maintained steel targets only

#### **INDOOR RANGE**

Paper and cardboard only

#### **ARCHERY RANGES**

Target tipped arrows only

# **ARPC Life Memberships**

ARPC Executive Board wants you to know that there are less than 30 Individual Life Memberships available at the cost of \$2000 each and they have discontinued the Family Life Memberships. If you are interested in upgrading your Individual Membership to a Life Membership, call or stop by the ARPC club office during business hours.

# **Abuse of the Ranges**

Orientation instructors are very good at telling new members to leave the range in better shape than they found it. Since we are owned by our membership, it is disturbing to see owners of this range leaving a mess and not following range rules. This particular member(s) has been bringing full cartons of Shasta soda (not permitted) and shooting them with a shotgun; most recently also shot up a table in the same bay. NONE of the mess was cleaned up. And it's the THIRD time in TEN days that this has occurred! Money spent cleaning these ranges could be better spent on

projects. Please let the Range Manager or office know if you see anyone violating the rules. If you're uncomfortable talking to the member or getting their name, note their vehicle and license number. We'll take care of the rest.

# **Recycling Bins**

Recycling one ton of paper saves 17 mature trees, 7,000 gallons of water, three cubic yards of landfill space, and two barrels of oil. In an effort to help the environment and reduce our garbage costs, 26009 ARPC has now been able to obtain a recycling bin from Republic Services for our **cardboard products only** at the range. Please utilize the blue plastic recycling cans (pictured at the left) found in each range to recycle your ammo boxes and cardboard targets. We're saving the environment and money!

# **Bright Green Bay Cones?**

Bay use is sometimes difficult to find as the weather warms up and it is not possible for members to reserve a bay. We encourage sharing of bays at ARPC. Every member is familiar with the orange cones - you place them outside of the bay that you are using to alert other members that it is in use and there is live firing inside.

We have added bright green cones to the bays. Please place these outside of the bay if you'd like to share with your fellow members. You'll find that you meet a lot of wonderful people.

# **Steel Targets at ARPC - One More Time**

Many ranges do not allow their members to bring in steel targets for various reasons that include noise and safety issues. Our Conditional Use Permit allows steel as long as it is not a "gong style" target that produces a ringing sound.

ARPC believes steel is a valuable target and can be used safely and legally if a few simple rules are followed. Listed below are the rules regarding distances and usage of steel targets.

# MINIMUM DISTANCES MAIN RANGE

All steel targets, except for ARPC supplied steel, must be hung on the front of one of the provided target boards only. This will absorb the impact and produce a more pleasing sound. The chicken wire is not an approved backing for steel targets.

- Shotgun slugs 50 yards
- Rifles 100 yards

### **NORTH AND EAST BAYS EXCEPT 4 AND 5**

- Pistol caliber handguns and pistol caliber carbines 12 yards
- Shotgun slugs allowed in Bay 12 only 50 yards
- No rifle engagement on steel allowed in bays

#### **BAYS 4 AND 5**

- Pistol caliber handguns only
- ARPC supplied steel targets only

#### SHOTGUN AND INDOOR RANGES

No steel allowed except ARPC patterning board

# 17th Annual ABC House Benefit Shooting Match

ARPC is hosting the Annual ABC House Benefit Shooting Match on Saturday, June 17, 2017. This event features six exciting stages of fire, excellent door prizes and a catered lunch all for only \$60. All levels of shooters are welcome! 12184 ABC House is a non-profit Child Abuse Intervention Center working with children, youth, and their families to overcome the crisis of abuse and neglect. Click here to sign up for this great event.

# **Main Range Cease Fire Procedure**

If you see a dangerous or emergency condition- In a loud and clear voice say "CEASE FIRE" repeatedly and push the "cold range" button. Explain the situation to members and guests and agree on how to proceed. Solve the condition before resuming normal operations.

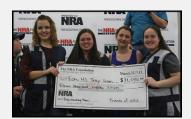

#### **NORMAL RANGE PROCEDURES**

- 1. To go down range of the red firing line the range must be in a "cold" condition:
- a. Physically talk with all persons on the firing line to make sure they are ready for a "cold range" condition. Make sure to look for prone shooters who may not be readily visible, then;
- b. Walk both directions along the firing line to make sure all firearms are either cased or empty, with actions open, and everyone is back behind the yellow line and not handling firearms.
- c. **YOU** are solely responsible for conditions a and b **BEFORE** continuing. In a loud and clear voice say "Going Cold", check left and right for compliance one more time, then press the top button. This engages the audible and visible "Cold Range" status indicators and must be on before anyone goes downrange or forward of the red firing line.
- d. All persons shall cross the firing line through the green striped zones only.
- e. If anyone remains behind the firing line during a "cold range" condition, they must stay behind the yellow line and not handle any uncased firearms.
- f. Before turning off the "cold range" indicators make sure everyone is behind the yellow line and communicate the firing line is going "HOT". Be certain that no one is down range, behind the target frames or on the walkways when terminating a "cold range" condition. In a loud and clear voice say "Going Hot", then push the bottom button. Note, always use the buzzer-strobe system to indicate a "cold range" even if you are by yourself. A verbal "cold range" can be used in case of an emergency or power outage.

# **Upcoming Friends of NRA Banquet**

### \$374,000 in Grants!!

Yes, that's right, Oregon Friends of NRA gave out grants to Oregon shooting organizations like 4H, Scouts, Junior shooting groups (see picture) and gun clubs for 2016 totaling \$374,000. Many of these junior shooting groups would not have the money to keep shooting without support from the Friends of NRA.

Does it give you a good feeling when you see young people shooting at the range? You can help keep junior shooting programs going by attending one of the 20 FNRA fund raising banquets in Oregon like the one in Albany on the 29th of April. These juniors are the future of recreational / sports shooting. Won't you consider helping? Come join in the fun and food, Saturday evening, April 29th, 5pm, Linn County Fair and Expo, Albany, Oregon. You might just **win a gun!** All people who order tickets before April 15th are automatically entered into a drawing for a gun. For tickets call Mike McCarter, 503-339-5654, or go online to Friends of NRA – Events – Oregon – Mid Valley Event.
