

ARPC Saddle Butte Press August 2017 Edition

Oregon Firearms Federation

Founded in 1998, Oregon Firearm Federation (OFF) Director Kevin Starrett has produced the most complete source for information on Oregon's gun laws, providing up to the minute information on pending and existing legislation.

Their website is the single most in-depth source of vital information on all aspects of gun ownership in Oregon and OFF's free email alerts provide breaking news and action items available nowhere else.

OFF maintains a regular presence in the legislature, monitoring bills and amendments and providing OFF supporters with the facts they need to respond to threats. No other organization, nationally or locally, can or will give you information this quickly.

ARPC is proud to support OFF's efforts to inform the public and protect our Second Amendment Rights in Oregon. 12618 Stop by the office and purchase OFF's publication "Oregon Gun Laws - A guide for gun ownership in the Beaver State". Please check the [OFF Website](#) for the latest gun owner information.

Special Black Powder Shooting Event

Have you ever been interested in shooting a black powder rifle? Have you pondered the art of knife throwing?

We're hosting a Black Powder Team Shoot and BBQ - featuring a tomahawk and knife throwing contest!! Come out to Bay 12 on Sunday, August 6th at 9:30 am. 12060 We'll lend you a rifle or knife if you don't have any of your own. Cost is a mere \$5 per shooter and includes your lunch. If you have any questions, please call our Black Powder Director Ed Eriksen at 541- 926-7570.

Pacific Coast Challenge GSSF Match

ARPC will once again host the Pacific Coast Challenge GSSF Match on July 29th and 30th. This is a great match to show your prowess with your plastic gun! You must join GSSF to compete. There is a \$35 charge to join as an individual. There are also family memberships. Visit www.gssfonline.com to join.

Participants can register for 20 categories based on their Glock pistols, qualifications, sex and age. They may sign up for as many categories as they have pistols to use. Participants can win certificates for Glock Pistols and other Glock swag through performance as well as random drawings!

Participants do not draw from the holster or move during the course of fire so it is an easy match to shoot and doesn't require any special equipment.

We are also looking for 25 volunteers for each Match day. They must be ARPC ROs and 15 should have experience with timers. Volunteers will receive free lunches for each day worked and will be entered into a random drawing for a Glock Certificate. They will also receive free hats and T-shirts and can choose either pistol mags, Glock knives, gun rugs or free memberships and entries into the match for each day worked.

Five to ten volunteers are needed for setup on Friday. Please contact Brian, our Range Manager, at 541-491-3755 if you would like to volunteer.

Archery Sight-In Range

Our archery sight-in range is now up and running! Make sure that your point of impact is true this hunting season. Target butts are set at 20', 30', 40', 50' and 60'.

Here are a few pointers below for sighting-in that bow.

1 - Set aside a few days. You will want to spread your sighting in over a few sessions. This is because fatigue will affect your accuracy and power, and your form will most likely shift. Spreading out the sighting over a few days will result in greater overall accuracy.

2 - Make all sighting adjustments in fine increments. A large sighting pin adjustment will likely throw the sight far off, causing delay and frustration.

WikiHow has a great tutorial on "How to Sight a Bow In" [click here](#) (these tips above are from that article).

Happy hunting!

Double Up - Windy Day Target Support

How many of us have come out to shoot on a beautiful day just to find out that after setting the targets in the stands and walking back to the shooting area, the wind has come out of nowhere and has blown the targets over? So frustrating!

It may be difficult to see in this picture but try using two target stands adjacent to each other and place a stick in each stand with the target over the center. This offers twice the weight to hold down that pesky sail of a target. Thanks to member and RO Steve Sharrow for sharing his fix.

Uh Oh...Did I Do That?!

With 3200+ members and their guests coming and going, there is always the possibility of a target breaking, a door that doesn't open or close properly, a cat giving birth in a North Range Bay (true story), etc. Please report damaged or broken equipment or anything unusual to the office. We promise not to yell at you if you've accidentally broken anything. We may even reward you with a kitten.

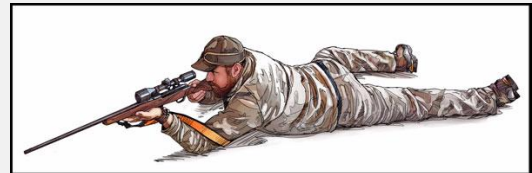

Need Some Work Bond Time?

We've got a couple of projects starting around August 9th where we are in need of retired contractors/wood workers to help us. So if you know which end of a hammer to use and have some free time, please call Brian Boesch at 541-220-8806.

Shooting Prone

The prone position is the steadiest shooting position and the one from which many feel the fundamentals of rifle shooting are learned. It is a good position for firing accurate long-distance shots. 7689 Some of our members that are competitive shooters utilize this positioning on the Main Range. Since it's not very common, they are frequently overlooked when it comes to calling a ceasefire. Please keep an eye out for these shooters.

Monthly Full Auto Match Returns

The monthly Full Auto match has returned as of July! Every third Saturday from 9 am to 3 pm we meet in Bay 2 (Bay 3 starting in November) to shoot full auto rifles and handguns, semi-auto pistol AR's, shotguns and an occasional .22 caliber firearm.

The new Full Auto Discipline Director, Mike Myhrvold, is happy to answer any questions you have about this fun and exciting sport. He can be reached at mmyhrvold@yahoo.com or 503-359-4737.

Come join us and have a blast!!

Classified Section

FOR SALE:

- 1) Ruger Stainless Mini 14 Ranch 5.56. 1x5 round clip & 2x20 round clips. Leupold Mark AR 1.5 - 4 scope. Soft Carry Case. \$900.
