

ARPC Saddle Butte Press April 2018 Edition

[Check Out Our Calendar of Events](#)

Online Membership Renewal is HERE!!

ARPC members now have the option of paying their annual renewal dues online. Our online payment feature is both safe and secure and it is an alternative to mailing or calling in a payment. It does require some basic

information – your login id, password, and your credit card information. Forgotten your login information? No problem. Just email the [office](#) and we'll send a reminder to your email address that we have on file.

Then just click on this [LINK](#) to make your payment. You may pay up to two months in advance of your due date with your Visa, MasterCard or Discover. A receipt will be sent via e-mail immediately following payment. We still accept checks and appreciate your patience as we phase out the pay by phone option as it will allow us to concentrate on our range responsibilities.

ARPC Gun & Sportsman Show THANKS OUR VOLUNTEERS!

WOW that was a great show!! Hundreds of guns were sold and we were so pleased with the turnout...even for a nice, sunny weekend. We couldn't do it without the dedicated group of volunteers that help us keep everything running smoothly. THANK YOU to all of you and hope to see you at the September show.

Oregon: Ballot Initiative Filed to Ban Common Semi-Auto Firearms & Standard Capacity Magazines

"Earlier this week, Initiative Petition 42 was filed with the Oregon Secretary of State that would ban commonly owned semi-automatic firearms and standard capacity magazines. Under this proposal, legal gun owners would be required to surrender or transfer their firearms within 120 days of the initiative becoming law or face felony charges.

This egregious proposal attempts to punish law-abiding citizens for the evil acts of criminals by prohibiting Oregonians from possessing the most popular and effective self-defense firearms on the market. This initiative will do nothing to increase public safety and only serves to restrict law-abiding adults from the exercise of their Second Amendment rights.

Initiative Petition 42, if passed, would ban semi-automatic firearms including rifles, pistols, and shotguns, which have certain listed aesthetic features. Additionally, all standard capacity magazines and semi-automatic firearms with a fixed magazine holding more than 10 rounds of ammunition would be prohibited. The proposal would require any person in legal possession of these firearms or magazines to sell, surrender, or remove the firearm from the state within 120 days of passage. If eligible, a person could register the firearm or standard capacity magazine with the Oregon State Police, subject to a number of requirements.

This initiative attempts to brand these firearms as "assault weapons" to drum up unnecessary fear of their ownership. In reality, these firearms are only being defined by aesthetic features that in no way affect the functionality of the firearm. Semi-automatic firearms only fire one shot per action of the trigger, and such technology has been available to American consumers for more than a century. 12135 Semi-automatic firearms and standard capacity magazines are commonly owned by law-abiding citizens for various purposes such as self-defense, recreation, competition, and hunting.

We need serious proposals to prevent violent criminals and the dangerously mentally ill from acquiring firearms; however, passing a law such as this is an affront to the Second Amendment and will only punish law-abiding citizens for the evil acts of criminals.

Proponents of the initiative have until July 6th to get 88,184 valid signatures to place this on the November ballot. Please spread the word to your family, friends, and Second Amendment supporters to oppose these efforts to restrict self-defense rights in Oregon. Help protect Oregonians' Second Amendment rights and decline to sign Initiative Petition 42.

Your NRA-ILA will continue to keep you updated on the status of this initiative, so please stay tuned to your email inbox and www.nraila.org for further updates on this issue." (quoted directly from NRA-ILA's site)

**STAY
STRONG
AND
FIGHT
BACK**

In The News

Social media is a powerful platform for sharing ideas and information in a way that no other technology has ever done before. President Trump won his Presidency, in part, by understanding how social media works. Since then, there has been some push-back through social media; the NRA and "assault weapons" are the newest target. We can accept this and ignore it or make thoughtful decisions to show our strength. Vote with your wallet. Every time a news source makes a statement or takes a position you disagree with, note who their sponsors are and don't purchase their products. 19195 After your next purchase from their competitor, send them a copy of the receipt and a note stating why you did not purchase from them. Then paste the note on your favorite social forum, media page or blog. Just complaining through social media, though it may give you an immediate pat-on-the-back from your buddies, does us no good. Corporations answer to shareholders. If shareholders see losses or negative publicity, they will put the pressure on their directors to change their tune.

Stay strong and fight back! If you feel strongly about an issue and want to show your support, there is an Oregon Political Tax Credit option for political candidates, measures and Political Action Committees (PACs). One PAC that might interest you is OFF PAC (PAC of Oregon Firearms Federation). Please discuss this with your tax consultant. ARPC is not in that business!

Wind Flag Donation

ARPC member Bruce Fried made and donated three very nice wind flags for all of us to use on the main range. We will get them installed soon at the 100 and 200 yard line. Please respect these flags and let us know if you witness them being damaged or removed. Make sure to thank Bruce the next time you see him on the range!

Pistols. Black Powder. Steel Targets. Are New Range Rules Confusing You?

Two questions have been asked about the updated Range Rules that we posted in the last newsletter and we are happy to answer them for you. First you are welcome to shoot your pistol caliber carbine on all bays except bays 4 and 5 at YOUR steel as long as it is at the minimum distance of 12

yards. Second question is about black powder pistols and the new ARPC definition of a pistol. Black powder pistols are considered pistols. The barrel or cylinder of a black powder pistol is obviously "straight walled" and technically is the cartridge. These pistols are the grandfathers of our modern pistols, therefore you are welcome to shoot them at ARPC supplied steel.

18th Annual ABC House Benefit Shooting Match

ARPC is once again hosting the Annual ABC House Benefit Shooting Match on Saturday, June 16, 2018. This event features six exciting stages of fire, excellent door prizes and a catered lunch all for only \$60. 7017 All levels of shooters are welcome! ABC House is a non-profit Child Abuse Intervention Center working with children, youth, and their families to overcome the crisis of abuse and neglect. Come on out and support this worthwhile cause. [Click here to sign up for this great event.](#)

Points For Profits

ARPC is part of the local Points for Profit organization. Don't forget to bring in your receipts from participating businesses like CoEnergy, Beggs Tire, Bi-Mart or Elmer's Restaurant and place them in the clubhouse mailbox at ARPC. These receipts will generate income for our junior programs. Here is a link to the full list of participating [businesses](#). Please support these businesses as they support our local non-profits. There are copies of High Points newspapers in the clubhouse. Pick up a copy today.

Oregon Firearms Federation

Please check the [OFF Website](#) for updates on critical referendums, updated gun laws and legislation.

Classified Section
