

## ARPC Saddle Butte Press August 2018 Edition

[Check Out Our Calendar of Events](#)

### Helping Our Members

It's a nice summer evening and you decide to go to the range to get in some pistol shooting.

You pack the car:  
Gun Bag with Gun ✓  
Targets ✓  
Gate Card ✓

You've got it all. The drive to the range goes well and the weather is perfect. You swipe your card at the gate and go down the North Range Road looking for an open bay. Wow that was easy! There's nary a soul in sight, maybe because it's 6pm and the dinner hour. You unload your car and realize...I FORGOT MY STICKS! Oh no! The office is closed and how am I going to set up my targets with just clips and a stand?! Maybe I'll just go home.

Heck no, don't do that! ARPC has you covered. Adjacent to the used target kiosk between Bays 2 and 3, you will not find a barrel with loaner sticks and a few clips. Need a stick or two? Use them and return them. Have too many sticks left over? Put them in the barrel for your fellow members. They'll thank you for it!

## All Guns Are Always Loaded

You may find this difficult to believe but many people disagree with this rule. We live in a society where everything seems to be in question. So, what does this rule really mean?

Yes, we want to treat all guns like they're always loaded but we must acknowledge that some really aren't loaded. When we're cleaning them, they're stripped down, in pieces and aren't loaded nor capable of firing a round. During dry fire exercises, they are not loaded.

You may disagree with the wording of the rule, but the intent is to provide safety. Please take a second to view the gun in the picture. Are you able to tell if it's loaded by looking at it? Your husband, wife, or firearm instructor, hand you a gun and tell you that it is not loaded. Maybe they have more knowledge than you and you feel uncomfortable checking the gun for yourself. Do you believe them and take them at their word that the gun is unloaded? Absolutely not! Accidents happen. We're human.

We preserve this rule by visually and manually inspecting any gun we handle.

Don't ever take control of a firearm until you have physically verified for yourself that it is not loaded. A casual attitude towards firearms can prove to be deadly.

### Pacific Coast Challenge Annual GSSF (Glock) Match

ARPC will once again host the Pacific Coast Challenge GSSF Match on July 29th and 30th. This is a great match to show your

pro prowess with your plastic gun! 26090 You must join GSSF to compete. There is a \$35 charge to join as an individual. There are also family memberships.

Visit [www.gssfonline.com](http://www.gssfonline.com) to join.

Participants can register for 20 categories based on their Glock pistols, qualifications, sex and age. They may sign up for as many categories as they have pistols to use. Participants can win certificates for Glock Pistols and other Glock swag through performance as well as random drawings! Participants do not draw from the holster or move during the course of fire, so it is an easy match to shoot and doesn't require any special equipment.

Five to ten volunteers are needed for setup on Friday. Please contact Brian, our Range Manager, at 541-491-3755 if you would like to volunteer.

## Online Membership Renewal is HERE!!

ARPC members now have the option of paying their annual renewal dues online. Our online payment feature is both safe and secure and it is an alternative to mailing in a payment. It does require some basic information – your login id, password, and your credit card

information. Forgotten your login information? No problem. Just email the office and we'll send a reminder to your email address that we have on file. Then just click on this LINK to make your payment. You may pay up to two months in advance or two months in arrears of your due date with your Visa, MasterCard or Discover. A receipt will be sent via e-mail immediately following payment. We are phasing out the pay-by-phone option as it will allow us to concentrate on our range responsibilities. Log in to your account today!

## Combined Oregon and Utah Concealed Handgun Class

ARPC is the place for the best pricing on your Oregon and Utah Concealed Handgun Classes. Following completion of the class, the Oregon

license applicant will receive the required certificate for them to apply to their individual

county. The Utah applicant will have everything completed by us by the end of class and ready to mail, which includes fingerprints, passport picture, and application; all you need to do is enter in your credit card info or bring a check for Utah. 17853 Class cost is non-refundable. ARPC members will be charged \$50 and non-members will be charged \$75. If you are interested, please email Jim Gallant at jim6br@gmail.com.

## Summertime at The Range

Summer is an exciting time of the year in Oregon. Taking trips with family and friends is a wonderful way to spend the season. As many members take this opportunity to travel, the ranges are strangely empty; generally, it is the quiet time of the year at ARPC. We do have a few events on the calendar but for the most part it's easy to find open bays. Just remember to stay hydrated while you're out here enjoying the warm weather and practicing your shooting skills.

## Gun Owners That Don't Shoot

## LEARNING ABOUT GUNS

Are you aware that many gun owners are non-shooters? These are the people that have either purchased or inherited a gun and know nothing about it. They may have a firearm for protection, may or may not have their concealed handgun license, but lack confidence and are afraid that they may be critiqued by more experienced shooters. Many are unsure who to talk to regarding where to shoot, gun maintenance, how to shoot or how to safely and legally transport it. Some feel they will be ridiculed for not knowing how to safely handle their firearm, load it and hit the target perfectly.

Why not encourage people to consider the ARPC Basic Handgun Class on the second Sunday of the month? Instruction focuses on safety rules, storage, transportation, ammunition, sight picture, common shooting errors, cleaning and includes live fire practice. It is open to the public and information is located on the ARPC calendar.

We also provide additional classes that are targeted at just ladies. Your family may have shaped you into the awesome person that you are today, but they can't teach you anything because, frankly, we don't listen to family. Try an experienced instructor and you'll see the fun in learning about your firearm.

## Hunter Sight-In Days September 8, 9, 15 & 16, 2018

Hunting season is rapidly approaching! Time to break out your favorite rifles and get them ready for the various seasons. ARPC is here to help. The second and third weekend in September, ARPC will offer structured rifle sighting assistance on our Main Range. Experienced volunteers will assist members and non-members adjust their sights to make the perfect shot. This service is free of charge to ARPC members and \$5 per rifle for non-members. This community service is always appreciated by everyone who attends.

The logistics for both weekends is as follows:

The Main Range will be controlled by HSID staff from 8:00 AM until approximately 4:30 PM. The Main Range will be closed from 8:00 AM until 9:00 AM for setup. HSID staff will use the north half of the Main Range. At 9:00 AM our volunteers will open shooting on the Main Range. The south half of the range will open for regular member use at this time; targets will be provided at this south end on the 100-yard line for our members. Cease fire calls will be under the control of HSID staff only and will be called at least every two hours for target replacement. 7631 At approximately 4:00 PM, HSID staff will call a cease fire and take down their target boards. The Main

Range will then return to normal operating procedures for the remainder of each day.

As ARPC members, you will experience some inconveniences during these weekends. Please be courteous and patient. This is not only a community service but also a fundraiser. We will try to maintain normal shooting as much as possible.

Do you need work bond hours and want to help people be responsible hunters? If you would like to volunteer for a day or more, please email Brian at [rm@arpc.info](mailto:rm@arpc.info).

### 18th Annual ABC House Benefit Shooting Match Recap

Thank you to all of the participants at the 18th Annual ABC House Benefit Match. Over 150 shooters enjoyed a beautiful sunny day on the range. Pig Out BBQ was there again with a wonderful lunch for everyone. This event brings in a lot of money for ABC House which is a child abuse intervention center serving Benton and Linn Counties. They provide high-quality child abuse assessments for local children when there are concerns of abuse and neglect.

### Oregon Firearms Federation

Please check the [OFF Website](#) for updates on critical referendums, updated gun laws and legislation.

### Points For Profits

ARPC is part of the local Points for Profit organization. Don't forget to bring in your receipts from participating businesses like CoEnergy, Beggs Tire, Bi-Mart or Elmer's Restaurant and place them in the clubhouse mailbox at ARPC. These receipts will generate income for our junior programs. Here is a link to the full list of participating [businesses](#). Please support these businesses as they support our local non-profits. There are copies of High Points newspapers in the clubhouse. Pick up a copy today.
