Hunter Sight-In Days **September 8,9,15 &16, 2018**

Hunting season is rapidly approaching! Time to break out your favorite rifles and get them ready for the various seasons. ARPC is here to help. The second and third weekend in September, ARPC will offer structured rifle sighting assistance on our Main Range. Experienced volunteers will assist members and non-members adjust their sights to make the perfect shot. This service is free of charge to ARPC members and \$5 per rifle for non-members. This

community service is always appreciated by everyone who attends.

The logistics for both weekends is as follows:

The Main Range will be controlled by HSID staff from 8:00 AM until approximately 4:30 PM. The Main Range will be closed from 8:00 AM until 9:00 AM for setup. HSID staff will use the north half of the Main Range. At 9:00 AM our volunteers will open shooting on the Main Range. The south half of the range will open for regular member use at this time; targets will be provided at the south end on the 100-yard line for our members. Cease fire calls will be under the control of HSID staff only and will be called at least every two hours for target replacement. 6532 At approximately 4:00 PM, HSID staff will call a cease fire and take down their target boards. The Main Range will then return to normal operating procedures for the remainder of each day.

As ARPC members, you will experience some inconveniences during these weekends. Please be courteous and patient. This is not only a community service but also a fundraiser. We will try to maintain normal shooting as much as possible.

Do you need work bond hours and want to help people be responsible hunters? If you would like to volunteer for a day or more please email Brian at rm@arpc.info.

Dry Conditions at The Range

Just like the entire state of Oregon, there are dry conditions at the range. It seems like each year we experience increasingly volatile conditions. On Friday, July 27th, a bullet in Bay 7 ricocheted off a rock and sparked a small grass fire. None of the buildings were involved as the fire crews took about 20 minutes to put out the quarter-acre fire and cut down a few smoldering trees. Everyone on the range remained safe and responded per emergency range protocol.

Please remain vigilant during this fire season.

ARPC Executive Board Openings

The ARPC Annual Meeting on Tuesday, November 27th, is quickly approaching and there are three Board positions open for election; **President, Vice President and Treasurer**. Board positions serve two-year terms. These positions are open to all members in good standing. As you are probably aware, ARPC has grown significantly over the last ten years. Our future depends on the decisions made by the Board as well as our employees. The time required to be an active and involved Board member varies from month to month. 13046 Ten to thirty hours per month would be a fair estimate. The ability to attend a monthly meeting every 2nd Tuesday evening, as well as any special meetings, is critical. We all joined ARPC so we would have a place to shoot. It takes people who care to make sure ARPC will be here for our children and grandchildren. If the idea of running for a Board position intrigues you, please contact Brian Boesch at rm@arpc.info. Remember our wonderful facility doesn't exist without dedicated Board members directing our future!

Is This a Tracer?

Take a careful look at the ammo in the picture. This was recently misidentified as a tracer round due to its red tip. Tracer rounds have painted tips. This red tip is a polymer insert that provides aerodynamic efficiency (better ballistic coefficient). Hunting season is upon us, so you may come across this type of bullet around the range. Depending on the rifle caliber, in addition to red, they come in green, brown, orange, yellow and blue. They are made for pistol caliber as well and even come in hot pink and purple. If you run across someone shooting and their bullet is followed by a bright phosphorescent glow, it's a tracer and they are strictly forbidden on ARPC property. Please report it at once.

USPSA Columbia Cascade Match Update

ARPC hosted the Columbia Cascade Sectional Match on August 10th and 11th. 114 competitors plus staff shot the match. It was well organized and managed by Brian Berkley and received great reviews from the participants. We thank all ARPC members for their patience and understanding with the limited shooting bays during this event. These type events are important to fulfilling Article Two of our Constitution: The objective of this organization shall be training and encouragement of organized shooting among citizens, law enforcement and military personnel of the United States, while encouraging marksmanship, safe firearm handling, and the proper care of firearms. Further, it is our goal to develop characteristics of honesty, good fellowship, self-discipline, team play and self-reliance which are the essentials of good sportsmanship and the foundation of true patriotism.

New - Intro to Multigun Class

Do you own a pistol, shotgun, and semi-auto rifle that are just collecting dust in the corner of your safe? Do they long to see the light of day, while you participate in a sport with competitors who are willing to lend advice and equipment to help get you thru a match? If the answer to these questions is yes, you might want to try Multigun at ARPC. This fast growing and action-packed shooting sport uses all three of these firearms in one event. On match day you will shoot stages utilizing two or three firearms to engage designated targets and expend around 200 total rounds of ammo during the match. Not quite ready to go to a match yet? Try the new Intro to Multigun Class on Saturday, September 8 from 12pm-4pm. Keith Olson will walk you through this exciting sport and get you ready for competition for only \$5. Please give him a call at 503-881-0434 or email him at psycholson@aim.com. Class size is limited so you must register ahead of time.
