

ARPC Saddle Butte Press March 2019 Edition

The March 2019 Saddle Butte Press is finally here! Between weather delays that kept us out of the office and the Gun & Sportsman Show workload, the delay was unavoidable. Our apologies for the late edition. We appreciate your patience.

ARPC Spring Gun & Sportsman Show THANKS OUR VOLUNTEERS!

Last weekend, March 2nd and 3rd, we held the ARPC Gun & Sportsman Show at the Linn County Expo Center in Albany. Over 400 tables of guns, gun related supplies and sportsman items filled the room brought by vendors from throughout Oregon, Washington and a few other states. Even though it was very cold, icy and still a bit snowy in the surrounding areas, we managed to gather attendance of 4096 through the gate; 30% of them were ARPC members.

This show would not have been possible without over 100 ARPC members who volunteered to help set up, secure the building, greet the attendees, assist the volunteers, vendors and me!!!

Gratefully yours,
Carol Fitzmorris, Office Manager

Long Range Update

As ARPC is member-owned, we will never enter into a financial agreement that would indebt our membership. We only proceed with a project when funds are available.

As this project started to come to fruition, we realized that it would cost upwards of \$1.5M. That, in itself, was a bitter pill to swallow. However, it was coupled by the realization that the land that was to be used for this project has a gas pipeline easement. 6040 When asked if we would be able to place a dirt bullet retention berm over it, the owners were quick to use the word "litigate".

Therefore, though we have had many modifications trying to make this project work, it is with heavy heart that we are forced to abandon the 1,000-yard rifle range. Thank you to everyone who supported this project through the years. If you have any questions, please contact the Executive Board.

March Full Auto Match

An Irish themed stage will be used for the March 16th Match which will also have both pistol caliber and .22 long rifle runs. This match starts at 9AM.

We'll provide steel and reactive targets from multiple stations with a few trick/hard shots and even a pot of gold! Participants please also bring a sidearm (pistol caliber or rimfire) to use on reactive/paper targets.

PCC/PCC-rimfire welcome in the semi class, suppressors welcome in both classes. If you have any questions, please call Mike at 503-359-4737.

Range Brass and New Barrels

The long-awaited arrival of range brass barrels is finally here! Bays 8-12 have now been outfitted with 55-gallon brass barrels. Similar barrels are found in all shooting areas and are intended for your range brass and dud rounds.

Remember to pick up your brass and always leave the range in better shape than you found it. 12605 And remember that you are welcome to pick up other people's brass that they have left behind for your own uses. It's the polite thing to do and your fellow members will thank you for it.

We Love Steel Targets

Steel targets are perfect for the instant gratification of a well-placed shot! However, steel also has an inherent safety issue. Splatter can bounce off in any direction

and has the potential to strike the shooter or anyone in the area. This potential problem is intensified if the steel has deep pits in it. ARPC supplied

steel is monitored and replaced as needed. In spite of this there have been members and guests struck by projectile fragments in spite of our diligent maintenance.

Please consider the increased risk involved when you shoot at steel targets. Wear wrap around safety glasses to increase your eye protection. We strive to keep our range as safe as possible but please keep in mind that if you shoot steel targets you will experience splatter striking your person at some time.

Membership Account Access

ARPC members have access to their own section of the website. In that section they can update their mailing address, email address and pay their annual renewal dues online. Our online payment feature is both safe and secure, and it is an alternative to mailing in a payment. 9086 Forgotten your login information? No problem. Just email the office and we'll send a reminder to your email address that we have on file.

Oregon Firearms Federation

Please check the OFF Website for updates on critical referendums, updated gun laws and legislation.

Classified Section

FOR SALE:

6.8mm Remington SPC: Lee 3-die set, case gauge, 300 Hornady Match 110 gr HPBT bullets, 140 rounds Remington/Hornady ammo, about 60 once-fired Remington brass. \$270 value (based on MidwayUSA prices), sell all for \$150 cash. Also have one like-new Bushmaster 6.8mm Rem SPC AR-15 for sale if interested. Email Mike at msetera@comcast.net for more info.
