

## ARPC Saddle Butte Press September 2020 Edition

[Check Out Our Calendar of  
Events](#)

### COVID-19 UPDATE

The office and Pro Shop are open 10 to 5 Monday thru Saturday. Please only one person in the Pro Shop at a time. We have some primers, powder and bullets in stock. We have daily limits on these items and are reordering as product becomes available.

All popular reloading components are very hard to obtain so expect shortages. Discipline Events are back on the calendar and are using social distancing guidelines. Please be patient with your fellow members as we all adjust through the summer and remember to observe social distancing guidelines while visiting the range.

### Are You Missing Something?

We all forget to double check that we have all our possessions before leaving the range once in a while. Lately some items have been left that we are sure you would like back. Please go through your safes and other storage areas and check for missing items. Send an email to [office@arpc.info](mailto:office@arpc.info) describing your property and we will check our collection for a match. Items that are not claimed will be sold and the proceeds will go to our Junior Programs. 0624

### Hunter Sight In Days

Hunter Sight In Days are scheduled for September 12th, 13th, 19th and 20th. This is a Community Event that lets non members sit with a spotter to verify zero on their rifles. The Main Range will be shut down from 8 AM to 9 AM each morning to set targets. Once targets are set the range will open for member use on the South half. The North half will open at 9 AM for the event. Cease fires will be controlled by the event coordinators. Targets for member use will be added on the South side for your convenience. Please be patient if you come to use the range on these two weekends and remember we are show-casing our range to the community and potential members. If you want to volunteer and get in some work bond time please email Brian by clicking on this link [HSID](#)

## Old West Annual Match

It's time again for the Annual Old West Match at ARPC. Please come down on September 18th, 19th or 20th to watch these guys and gals in action. They will be setting up on Bays 8 through 12 starting on the 14th. There will be limited access to the East Range during the week. The known distance archery range will be closed starting on the 18th through the 20th due to RV parking. These are a great group of folks so come on down and enjoy their hospitality!

### Target Stand Damage

This picture is the **bottom** of one of the target stands that we provide, and that you pay for, with your dues. A member used a couple of stands to prop up their target apparently because they didn't have any sticks. They shot holes through the stand rendering it useless. This type of damage happens too often. Please come prepared when you come to the range. If you forget something don't destroy ARPC property due to your lack of preparedness. If you see someone damaging your range please get their name and let us know, We have better uses for your membership dues than repairing or replacing equipment due to intentional damage.

### Old Dog, New Tricks?

We now have over 3000 members and counting family members we have over 4000 card carrying shooters! All newer members are required to take a revised New Member Orientation. They all started the process by reading the New Member Workbook and taking the NMO online test. The test needed to be passed by receiving a 100% score. They may retake the test as needed until they get a perfect score. Once they completed this as well as the on site class, they receive a badge with a symbol to designate that achievement.

For older members who have not taken this training, as time passes and rules evolve, your knowledge of the rules may be a bit rusty. Several older members have asked us if

they can take the class to learn the new rules. Because our classes are backed up due to the increased demand of the shooting public, we have come up with a plan that will cost nothing and require no live class for our older members. For these members we suggest that you read the NMO workbook and then take the NMO test. You will not need to come to the actual class. This will allow you to update your rule knowledge so you will not feel like you are that old dog who can't learn new tricks!  
Here is the link to get to the [workbook and test](#). Thanks for caring about safety and our Range Rules!

---

## Membership Account Access

We are utilizing QuickBooks Online to simplify the renewal and New Member process. This is a simple and safe system to use. We will email you an invoice. With a few simple clicks and your credit card information your dues will be paid. You will receive an emailed receipt showing your dues are paid. You can also mail us a check or pay in person. As an ARPC member you have access to your own section of the website. In that section you can update your mailing address and email address. Forgotten your login information? No problem. Just [email the office](#) and we'll send a reminder to your email address that we have on file.

## About Us

Albany Rifle and Pistol Club is centrally located in Linn County, Oregon and consists of six ranges. We are a membership club; however, we feature a wide variety of shooting disciplines and educational classes that are open to the public. Contact us to schedule a range tour. You'll like what you see.

Office and Pro Shop Hours, Monday through Saturday, 10AM-5PM
