

ARPC Saddle Butte Press December 2020 Annual Meeting Edition

[Check Out Our Calendar of
Events](#)

Executive Board Election Results

Our first absentee Annual Election closed on November 24th. We had 400 or 13%, of our 3,076 eligible voters participate. While that may not sound like a lot, we receive between 100 to 200 votes at a typical Annual Meeting. Here is your new Executive Board for 2021.

PRESIDENT- Tom Christiansen

VICE-PRESIDENT- Mark Kronquist

TREASURER- Dwight Brimley

SECRETARY- Jan McDonald

CHIEF INSTRUCTOR- Jim Gallant

EXECUTIVE OFFICER- Jonathan Wilder

Both Amendments were passed.

President's Message

Thank you everyone who voted online, it was our largest voter count. I know it was not our normal but this year has been anything but normal. With all the restrictions that have been put into action and changed again and again it has been hard on the board to keep up, but we did it as best as we could. Thanks to all the membership that also helped and followed the changes. I'm looking forward to a better next year. The board and I are looking to getting back to projects, disciplines events and making our club the best we can be. Let's all work together and make 2021 the best we can with our new normal of change and change again.

Please feel free to contact me through my email, president@arpc.info with questions or concerns. Our board meetings are held on the second Tuesday of each month starting at 1800 and are open to any current member.

Thank you again for your membership and help to make our club what it is today!

Pro Shop/Office Update

The office and Pro Shop are open 10 to 5 Monday thru Saturday. Please only one person in the Pro Shop at a time. We have a few large rifle magnum primers, some powder and some bullets in stock. We have daily limits on these items and are reordering as product becomes available. All popular reloading components are very hard to obtain so expect shortages. Please be patient with your fellow members as we all adjust through the Fall and remember to observe social distancing guidelines while visiting the range.

Membership Account Access

We are utilizing QuickBooks Online to simplify the renewal and New Member process. This is a simple and safe system to use. We will email you an invoice. With a few simple clicks and your credit card information your dues will be paid. You will receive an emailed receipt showing your dues are paid. You can also mail us a check or pay in person. As an ARPC member you have access to your own section of the website. In that section you can update your mailing address and email address. Forgotten your login information? No problem. Just [email the office](#) and we'll send a reminder to your email address that we have on file.

FOR SALE: Like new Marlin model 1893. very low round count. \$1,500

Call Debbie between 1 PM and 9 PM @ 541-974-0581

FOR SALE:

1 Each MEC 9000G configured for 20 Gauge

1 Each MEC 9000G configured for 28 Gauge

1 Each MEC 9000G configured for 410 Gauge

All three 9000G's are mounted on a piece of ¾" plywood with a rail around the outside of the plywood so parts and pieces don't fall on the ground. They are easily picked up this way and stable just sitting on a bench or other when set up. All three 9000G's are set up with a "Smooth As Silk" air cylinder which when connected to an air supply converts the re-loader into an automated progressive. The automation set includes the pressure regulator, an air filter, and the foot activation valve for the cylinder. All the re-loaders already have the necessary hardware on them to make each one automatic. To use this device all you do is remove two pins and move the cylinder to the 9000G re-loader that you want to use and insert the pins. You connect the foot valve to an air source and adjust the air pressure for that re-loader and off you go. I still have all the hardware if someone wants to convert the re-loaders back to a manual version. I also have a variety of spare parts and accessories for the re-loaders. I have pictures of the re-loaders if you would like to see the arrangement. They are all in great condition with hardly any use on the 28 and 410 re-loaders as I shot mainly 20 gauge. I want to sell them all as a package and this would be a great way for someone to get into reloading. The 2021 Midway list price is \$646.00 for 20 gauge and \$707.00 for the 28 and 410 gauges. This list price is for the 9000GN models which replace the G models. So, three new 9000GN's will cost you \$2061.00 + freight. Buy these three G model re-loaders, with the added on air cylinder, the extra parts and extra accessories for \$1,200.00 OBO. This is comparable with the low end prices on EBay without the automation set up.
