

## ARPC Saddle Butte Press July 2021 Newsletter

[Check Out Our Calendar of  
Events](#)

### Pro Shop/Office

The office and Pro Shop are open 10 to 5 Monday thru Saturday. Please only one person in the Pro Shop at a time. We are out of primers. Powder is trickling in. Bullets are on their way and we still have some in stock. We have daily limits on these items and are reordering as product becomes available. All popular reloading components are very hard to obtain so expect shortages.

### Membership Account Access

We are utilizing QuickBooks Online to simplify the renewal and New Member process. This is a simple and safe system to use. We will email you an invoice. With a few simple clicks and your credit card information your dues will be paid. You will receive an emailed receipt showing your dues are paid. You can also mail us a check or pay in person. As an ARPC member you have access to your own section of the website. In that section you can update your mailing address and email address. Forgotten your login information? No problem. Just [email the office](#) and we'll send a reminder to your email address that we have on file.

### Main Rifle Range Etiquette

Our Main Range cease fire procedures are controlled by the members on the range. There have been a few questions regarding best practices so here is a reasonable and equitable way to share the Main Range. The key on busy days is balance between quality shooting time and the opportunity to hang targets. Do not expect the range to go cold as soon as you arrive. If the range just went hot you should expect the range to remain hot for at least 20 minutes. Get all your gear set up and then ask a member when the last ceasefire was called. If it's been 20 minutes or more, start the process to go cold. If you are unsure of the process there are detailed instructions above the control buttons located at the green striped range access areas. You should expect the range to remain hot for at least 20 minutes once the range goes hot again. If asked to go

cold by a newly arrived member, explain that the range just went hot and you would be happy to go cold in 15 to 20 minutes. If this etiquette is followed all members should get both a quality shooting experience and have the ability to hang or pull targets.

## **Trauma First Aid Class**

ARPC is now offering a First Aid Class. This class is intended for those who participate in shooting sports. We will cover common injuries as well as penetrating injuries. Students will learn to use a tourniquet, chest seals, pressure packing dressings, and other components of many popular IFAK's (individual first aid kits). This is a hands-on class! This 5-hour class will be offered with a fee of \$100 for members of ARPC and \$125 for non-members. Non-members will receive a \$25 off certificate for New Member Initiation fees. Also, we will make available for purchase, at our price an IFAK product that we have found appropriate for our RSO's. Our instructor is a certified, licensed EMT, and experienced instructor who we have used for our RSO program for many years now. Everyone who has taken this class has felt that it is of great value, so we opened it up to anyone interested.

Please note that one of the training devices is a Pigs shoulder and you should wear clothing that you are comfortable getting dirty.

If interested please email [classes@arpc.info](mailto:classes@arpc.info) to register.

If you have any questions please contact Jim Gallant at [ci@arpc.info](mailto:ci@arpc.info)

## Hunter Education Instructor and Support Person Recruitment

The need for hunter education classes is as critical as ever. The Covid-19 pandemic has gotten more and more people interested in outdoor activities like hunting and shooting. On top of that, roughly 3,000 students were given an exemption for completing the field day portion of their independent study course work so they could hunt in the 2020 season when many classes were cancelled or drastically reduced in size. These students are now in need of completing their field day courses and range time so that they can hunt in the 2021 season.

Hunter Education is a crucial step in the process of hunter recruitment, retention, and reactivation. For many adults and families, hunting and shooting is a new and exciting activity that they are just getting into. Hunter education is a great way to

introduce these families and individuals to safe hunting and shooting activities.

If you've ever thought about becoming an instructor, now is a great time to jump in. If you enjoy working with great kids and their families, you will find hunter education to be very rewarding.

If you are not ready to lead a class or become an instructor you now have the option of volunteering as a hunter education support person. Many times, classes just need additional adults present to maintain two-deep leadership with the students. To insure the safety of the students, instructors are not allowed to work with youth without an additional adult being present.

For more information on becoming a hunter education instructor or support person you can visit the Oregon Department of Fish and Wildlife website at: <https://www.dfw.state.or.us/education/hunter/index.asp> or call ODFW at 800-720-ODFW (6339).

## GSSF July 24th & 25th, 2021

It is time again to prepare for our annual GSSF match! This match will be held on July 24th and 25th. We could use 20 to 25 RSO's per day. You do not have to be an ARPC RSO to work this match and you will receive work bond credit. Many positions are administrative so there is a job for almost anyone! Also GLOCK provides ARPC with a couple of pistol certificates and we hold a drawing to give them away.

Here is a description of GSSF for those unfamiliar with this match. Please plan on participating in this match. It is great fun and you can shoot on Saturday or Sunday.

The GLOCK Sport Shooting Foundation is a safe, fun, family-oriented organization devoted to the responsible use of GLOCK firearms and encouraging participation in shooting sports. Competitions across the United States provide opportunities for shooters of all skill levels and experience to compete together in simple, but challenging courses of fire. GSSF does not require the expensive equipment and extensive training that most other firearms competitions do. Started in 1991, GSSF has grown to include over 22,000 active members and now organizes over 50 outdoor and 60 indoor shooting matches each year. Almost anyone can join GSSF but if you want to participate in a sanctioned sport shooting match you must be a member and compete with a GLOCK pistol. The only other requirement is to have fun! We make that more of a sure thing by awarding cash prizes and GLOCK pistols in multiple categories. Click [here](#) the GSSF website for more info and to join.

## Classified Section

### FOR SALE:

RCBS R.A.S.S. (Rapid acquisition shooting system).

I used to own a firearm accessory supply store here in Albany. When I had my business, I bought 2 of these shooting benches for myself after using one that a friend

had. I had grandiose plans to build a "war wagon" for rat shooting. Well, I was kept so busy with the business, it never happened. Now I find myself turning 80 this year and I still have one (1 sold last month). It is a brand new unit, still unassembled, and sealed in the 66 pound box it was shipped to me in. Would you or any of your shooting buddies be interested in it? I'd like to get \$350 for it.

They are a great shooting bench, fully adjustable. Pictures can be found on the internet by typing rcbs rass into a search engine.

Clock: Beautiful, NRA & Bald Eagle on clock face. Round, 24" oak frame, \$100

I also have some reloading dies, other misc. items, all from an estate that my daughter is trustee for.
