

## ARPC Saddle Butte Press February 2022 Newsletter

[Check Out Our Calendar of Events](#)

### Pro Shop/Office

The office and Pro Shop are open 10 to 5 Monday thru Saturday. All popular reloading components are very hard to obtain so expect shortages and we have daily limits when we do have them in stock. **We have New Remington .223 55gr available in boxes of 50 for \$27 and 100 for \$51.**

### MARCH 2022 GUN SHOW!!!

The Spring Gun Show is on!  
It's scheduled for March 5 & 6, at the Linn County Fair and Expo Center. Wear your badge and get in free! We have over 400 tables of merchandise for your viewing pleasure. Hours are Saturday 9 AM to 5 PM and Sunday 9 AM to 3 PM. Admission is only \$10 for the premier gun show in the Willamette Valley.

Thank you to all the ARPC volunteers. We cannot hold this event without your help.

### Primer Mispackaging

We received a shipment of primers that were packaged as Federal #215 Large Magnum Rifle Primers. They are NOT Large Magnum Primers but are small primers. We do not know if they are Small Pistol, Small Rifle or a magnum version of either. Please return them to the Pro Shop for a full refund.

### Notes From the CI

#### What is limp wristing?

Many students attending our classes hear us say: "You are limp wristing!" That doesn't

help if they don't understand the physics behind this common problem, and how to fix it.

Newton's third law is: For every action, there is an equal and opposite reaction.

The functioning of a semi-automatic handgun requires that the chemical energy being converted to kinetic energy results in a rearward force that allows the mainspring to be compressed, and when compressed then expands again, releasing its force and using that force to strip the next round off the magazine and cycle the firearm to load the next round to be fired. The reason that grip is so important, is that the forces acting upon the firearm need to be given a stable platform in order to maximally compress and release the mainspring. If the wrist or arm or grip is weak, that "platform" is no longer stable, they are moving rearward with the firearm and thereby may prevent the firearm from proper cycling. If you use a car tire jack on firm ground, the car rises. If the ground is very soft like mud, the car stays put and the jack sinks in the mud! So, your firm grip with both hands provides a stable platform for the spring to press against. Isometrics and a firm grip solidifies the platform, limiting the rearward movement and allowing the spring to do its job. If you cant or tilt your wrist at about 45 degrees, that will lock the wrist. So, if you hear us say you are limp wristing, it is not an insult, it merely is descriptive and means squeeze tighter and lock your wrist, elbow, and arm.

Taking a class, private lessons, or a clinic may help you to accomplish your goal of becoming a better shooter. We hope to see you soon!

---

## ARPC Classes in March

Safety & Basic Skill Evaluation: March 3

Basic Handgun: March 6

Skills Clinic: March 10

Concealed Carry: March 12

Indoor Range Safety: March 12

**Low Light Handgun: March 16 & 17**

AR Level 2: March 19

**Trauma First Aid: March 19**

AR Fundamentals: March 20

Handgun Level 2: March 26

Private Instruction: Times to be determined on an individual basis

**New- Private Classes available- Email for more information.**

*Please check out our calendar for more information regarding our classes.*

To register for a class please email [classes@arpc.info](mailto:classes@arpc.info)

---

## Precision Reloading

Precision shooters, to be successful, need to learn how to reload ammunition for their bolt action rifles. This is an advanced class for these shooters and reloaders. This is not for beginning reloading or for semi-auto rifles. This is an extremely comprehensive 6 hour class and the cost is \$100. Your instructor is an experienced expert gunsmith

whose work on precision rifles is well respected throughout the F-Class and PRS world. The classroom instruction will be held at ARPC at the north range classroom, during week nights for 2 nights in a row. Students need not be ARPC club members. Registration and payment will be online. In order to hold this class, we need an indication of interest.

The following is a brief review of some of the topics to be covered:

Barrel knowledge: how they are made, how to evaluate what is a good barrel, when to replace a barrel, what barrel should I buy? How to bed a barrel?

Actions: which is best for my needs?

Scopes: which is best and how much do I need to spend? What are the choices?

Reloading review: die types and brands, bushings

Brass: how to work the brass, from primer pocket work to cleaning and resizing and evaluating neck tension, heat treating

Reamers: do I need a custom reamer?

The math and physics of ballistics: what is a ballistic coefficient? How to use a chronograph

How to select a gunsmith

The class content covers every question and skill you may have or need to become an expert reloader on your way to becoming an extreme marksman.

*Please let us know of your interest so that we may schedule the first class.  
Send an email to [classes@arpc.info](mailto:classes@arpc.info) if you are interested*

## **Low Light Handgun**

Our Low Light-Handgun Course is a Basic, low light shooting fundamentals course. In the course students will be introduced to the concepts and skills needed to safely fire a handgun while also identifying and lighting a target with a handheld flashlight. Weapon mounted lights will be discussed/allowed however all students will be expected to become proficient with flashlight skills.

As this is a more advanced course, successful completion of Handgun 1 is a prerequisite for this course.

The course will be taught in a two night format.

Students will need to bring a handgun (.380-.45) 100 rounds of ammunition, eye and ear protection and a handheld flashlight they would utilize in a home protection situation. Students are encouraged to dress appropriately for the weather conditions.

Due to the nature of this class it will only be off

## **Trauma First Aid**

This is a First Aid Class that will cover common injuries but focuses on the type of injuries you might see while participating in shooting sports. This is a hands-on class and may use a pig's shoulder as a teaching aid. You also have the option of receiving a CPR, AED, and Basic First Aid Certificate Card at no extra charge.

---

## **Basic Handgun**

Our Basic Handgun class at ARPC focuses on handgun familiarity and safety. There are no prerequisites for this class. The intent is to provide basic training for those with little or no shooting experience and for those who want a refresher on the basics. We have had experienced shooters with no formal training benefit from taking this class. Basic Handgun is 5 hours and participants will need a semi-auto handgun, and 50 rounds of new ammo (.380 to .45)

## **Safety & Basic Skills Evaluation**

This is a Skills Evaluation Test to demonstrate that you possess the necessary skill level to bypass our basic classes and advance into Level 1 Handgun or AR Level 1 **THIS IS NOT AN INSTRUCTIONAL OR A TEACHING CLASS!!**

## **Concealed Carry**

In this class you will receive the training qualifying you to apply for both the Oregon Concealed Handgun License and the Utah Concealed Firearm Permit. We teach both because the Oregon permit is limited to Oregon only, so travel out of state is problematic. The Utah concealed permit covers 32+ states. What makes this course unique is that we also provide the photo, the two sets of fingerprints, the application, and an addressed and stamped envelope for the Utah license, so after class you can just drop it in the mailbox. ARPC is a non-profit organization and provides this service to the community by helping to subsidize the cost of this class.

## **Skills Clinic**

The purpose of ARPC Classes is to ensure that you get the training you need to use your firearm safely and proficiently. With this in mind, we are now offering a free clinic that allows you to get additional training on one skill that was covered in the ARPC classes that you passed. One Clinic per class please.

## **AR Fundamentals**

Our AR Fundamentals class at focuses on the modern sporting rifle (MSR) familiarity and safety. There are no prerequisites for this class, as the intent is to provide basic training for those with little or no shooting experience, and for those who want a refresher on the basics. You may bring any modern sporting rifle (MSR), which includes AR-15 style firearms and AK's, but please be aware that advanced classes will be AR-15 (.223 or 5.56) only. AR Fundamentals is a 6 hour class and participants will need a MRS, 60 rounds of new ammo, 2 mags holding 10 or more rounds.

---

## **Level 2 Classes**

### **Handgun Level 2**

Level 2 handgun is the 3<sup>rd</sup> class in the ARPC handgun sequence. We will build on the skills and the knowledge covered in the previous classes. The prerequisite is successful completion of Level 1 Handgun. Level 2 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45) or a revolver, 200 rounds of new ammo (no reloads), and outside the wait holster, and a speed reloader if using a revolver.

### **AR Level 2**

This is the 3<sup>rd</sup> class in the ARPC AR sequence. The prerequisite is successful completion of AR Level 1 We will build on the skills and the knowledge covered in the previous classes. AR Level 2 will be 6 hours and participants will need to bring a AR-15, 200 rounds of new ammo either .223 or 5.56 (no reloads, armor piercing, or green tip), at least 2 mags holding 10 or more rounds, and a mag pouches are required.

---

## **Jr Member Headed To Nationals!!!**

Cayden Cormany, one of our 4-H Shooting Sports members, has qualified for the 4-H National Competition and is Nebraska bound next summer to represent Oregon! He is a National Qualifier for Shotgun this year. Cayden received the high score in Trap for his division. He will be competing in Trap, Skeet and Sporting Clays. He has practiced a lot and his dedication to the sport has provided him with this opportunity. We have a donation box set up in the office to help offset the expenses for the trip. If you can assist Cody please drop off your donations the next time you are at the Range. The competitors and their families are responsible for all travel expenses. We have some very dedicated volunteers at ARPC who donate hundreds of hours to help these kids. It is a blessing to be surrounded by so many dedicated competitors and volunteers! Please consider helping out if you can.

---

## **Lonely Pistol**

We have a pistol that was left at the range a while back. No one has enquired about it so we are reaching out to try to find the owner. If this pistol looks familiar please contact Brian by email [execdirector@arpc.info](mailto:execdirector@arpc.info)

---

## **Newsletter Classifieds Policy**

All Sale/Wanted Items are on a monthly basis. If you wish to place an ad or have your

ad continue to run , you will have to inform us either by email ([frontoffice@arpc.info](mailto:frontoffice@arpc.info)) or in-person no later than the 25th of each month. **NO PICTURES.**
