

## ARPC Saddle Butte Press April 2022 Newsletter

[Check Out Our Calendar of Events](#)

### Pro Shop/Office

The office and Pro Shop are open 10 to 5 Monday thru Saturday. All popular reloading components are very hard to obtain so expect shortages and we have daily limits when we do have them in stock. **We have New Remington .223 55gr available in boxes of 50 for \$27 and 100 for \$51.**

### MARCH 2022 GUN SHOW

Our Spring Gun Show was a great success! We had over 5,000 attendees and we received positive feedback from our Vendors. It was nice to see tables loaded with firearms and ammo after the last few years of shortages and Covid. Thank you to all the ARPC volunteers. We cannot hold this event without your help. We have our next show scheduled for September 24th & 25th

### Primer Mispackaging

We received a shipment of primers that were packaged as Federal #215 Large Magnum Rifle Primers. They are NOT Large Magnum Primers but are small primers. We do not know if they are Small Pistol, Small Rifle or a magnum version of either. Please return them to the Pro Shop for a full refund.

### Bay Lighting Update

We now have parking lot, interior and down range lights on Bays 1 through 6. The Bay lights will function during approved shooting hours which are 7 AM to 9 PM Monday through Friday and 8 AM to 8 PM on Saturday and Sunday. There is a motion light inside the door(s) to provide enough lighting to find the light switches mounted on the posts on the firing line. If you are wanting to turn the motion light off there is a timer on the back wall. There is also an amber strobe light that will come on 15 minutes before the main lights turn off. It is there to prevent you from suddenly being in the dark with a hot firearm in your hands. We hope you enjoy this range improvement!

# ARPC Classes in April

Basic Handgun: April 3, 2022  
Safety & Basic Skills Evaluation: April 7, 2022  
Concealed Carry: April 9, 2022  
Skills Clinic: April 14, 2022

**New- Private Classes available- Email for more information.**

*Please check out our calendar for more information regarding our classes.*

To register for a class please email [classes@arpc.info](mailto:classes@arpc.info)

---

## Precision Reloading

Precision shooters, to be successful, need to learn how to reload ammunition for their bolt action rifles. This is an advanced class for these shooters and reloaders. This is not for beginning reloading or for semi-auto rifles. This is an extremely comprehensive 6 hour class and the cost is \$100. Your instructor is an experienced expert gunsmith whose work on precision rifles is well respected throughout the F-Class and PRS world. The classroom instruction will be held at ARPC at the north range classroom, during week nights for 2 nights in a row. Students need not be ARPC club members. Registration and payment will be online. In order to hold this class, we need an indication of interest.

The following is a brief review of some of the topics to be covered:

Barrel knowledge: how they are made, how to evaluate what is a good barrel, when to replace a barrel, what barrel should I buy? How to bed a barrel?

Actions: which is best for my needs?

Scopes: which is best and how much do I need to spend? What are the choices?

Reloading review: die types and brands, bushings

Brass: how to work the brass, from primer pocket work to cleaning and resizing and evaluating neck tension, heat treating

Reamers: do I need a custom reamer?

The math and physics of ballistics: what is a ballistic coefficient? How to use a chronograph

How to select a gunsmith

The class content covers every question and skill you may have or need to become an expert reloader on your way to becoming an extreme marksman.

*Please let us know of your interest so that we may schedule the first class.  
Send an email to [classes@arpc.info](mailto:classes@arpc.info) if you are interested*

---

## Gun Cleaning Clinic

Shooting is fun, cleaning generally is not! But it is a necessary part of firearms

knowledge and safety. This class is intended for any firearm owner to better learn how to clean their specific gun, whether it be a handgun, rifle, or shotgun. There is no one correct way to clean, as individual preferences abound. The purpose of this class is to expose the student to different methods of cleaning, from the use of solvents, lubricants, gun oils, CLP, ultrasonic cleaners, air compressors, and don't forget your old toothbrush!

Bring

your gun(s) and learn from experienced instructors. Bring whatever supplies you ordinarily use. If you have never cleaned a gun before or have no supplies, no worry, this class will help you decide what you do need to clean your gun. We will have supplies to borrow and use for students without their own.

*Please let us know of your interest so that we may schedule the first class.  
Send an email to [classes@arpc.info](mailto:classes@arpc.info) if you are interested*

---

## **Basic Handgun**

Our Basic Handgun class at ARPC focuses on handgun familiarity and safety. There are no prerequisites for this class. The intent is to provide basic training for those with little or no shooting experience and for those who want a refresher on the basics. We have had experienced shooters with no formal training benefit from taking this class. Basic Handgun is 5 hours and participants will need a semi-auto handgun, and 50 rounds of new ammo (.380 to .45)

## **Safety & Basic Skills Evaluation**

This is a Skills Evaluation Test to demonstrate that you possess the necessary skill level to bypass our basic classes and advance into Level 1 Handgun or AR Level 1  
**THIS IS NOT AN INSTRUCTIONAL OR A TEACHING CLASS!!**

## **Concealed Carry**

In this class you will receive the training qualifying you to apply for both the Oregon Concealed Handgun License and the Utah Concealed Firearm Permit. We teach both because the Oregon permit is limited to Oregon only, so travel out of state is problematic. The Utah concealed permit covers 32+ states. What makes this course unique is that we also provide the photo, the two sets of fingerprints, the application, and an addressed and stamped envelope for the Utah license, so after class you can just drop it in the mailbox. ARPC is a non-profit organization and provides this service to the community by helping to subsidize the cost of this class.

## **Skills Clinic**

The purpose of ARPC Classes is to ensure that you get the training you need to use your firearm safely and proficiently. With this in mind, we are now offering a free clinic that allows you to get additional training on one skill that was covered in the ARPC classes that you passed. One Clinic per class please.

## **AR Fundamentals**

Our AR Fundamentals class at focuses on the modern sporting rifle (MSR) familiarity and safety. There are no prerequisites for this class, as the intent is to provide basic training for those with little or no shooting experience, and for those who want a refresher on the basics. You may bring any modern sporting rifle (MSR), which includes AR-15 style firearms and AK's, but please be aware that advanced classes will be AR-15 (.223 or 5.56) only. AR Fundamentals is a 6 hour class and participants will need a MRS, 60 rounds of new ammo, 2 mags holding 10 or more rounds.

---

## Level 2 Classes

### Handgun Level 2

Level 1 Handgun is the next level above our Basic Handgun class and will build on the skills and knowledge covered in that class. The prerequisite is either Basic Handgun Class or our Safety & Basic Skill Evaluation. Level 1 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45), 100 rounds of new ammo, and an outside the waist holster.

### AR Level 1

This class is the next level above our AR Fundamentals class and will build on the skills and knowledge covered in that class. The prerequisite is either ARPC's AR Fundamentals or our Safety & Basic Skill Evaluation. AR Level 1 will be 6 hours and participants will need to bring an AR-15 (.223 or 5.56), 100 rounds of new ammo, and at least 2 Mags holding 10 or more rounds.

---

## Jr Member Headed To Nationals!!!

Cayden Cormany, one of our 4-H Shooting Sports members, has qualified for the 4-H National Competition and is Nebraska bound next summer to represent Oregon! He is a National Qualifier for Shotgun this year. Cayden received the high score in Trap for his division. He will be competing in Trap, Skeet and Sporting Clays. He has practiced a lot and his dedication to the sport has provided him with this opportunity. We have a donation box set up in the office to help offset the expenses for the trip. If you can assist Cayden please drop off your donations the next time you are at the Range. The competitors and their families are responsible for all travel expenses. We have some very dedicated volunteers at ARPC who donate hundreds of hours to help these kids. It is a blessing to be surrounded by so many dedicated competitors and volunteers! Please consider helping out if you can.

---

## Newsletter Classifieds Policy

All Sale/Wanted Items are on a monthly basis. If you wish to place an ad or have your ad continue to run , you will have to inform us either by email ([frontoffice@arpc.info](mailto:frontoffice@arpc.info)) or
