

## ARPC Saddle Butte Press July 2022 Newsletter

[Check Out Our Calendar of Events](#)

### Pro Shop/Office

The office and Pro Shop are open 10 to 5 Monday thru Saturday. All popular reloading components are very hard to obtain so expect shortages and we have daily limits when we do have them in stock.

### GSSF MATCH JULY 23RD AND 24TH

ARPC is hosting the Glock Shooting Sports annual competition Saturday and Sunday July 23rd and 24th. This is a really fun event to shoot and one where you can shoot all your Glocks in different categories. If you are unfamiliar with this event please check this link for more information [HERE](#) You will need to join GSSF and you can do that ahead of time or at the match.

Also we are looking for ROs and other volunteers to help run the match. You will receive work bond time and be in the drawing for two Glock pistol certificates. We will provide a lunch for each day you work as well. We will give you time to shoot the match so you don't miss out on the competition. If interested in helping out please email Brian at [execdirector@arpc.info](mailto:execdirector@arpc.info)

### LEAD MINING ON THE RANGE IN AUGUST

We have hired MT2 to mine the lead off our ranges and bays. They are currently scheduled for the first two weeks in August and will start on the Main Range. Expect closures during this period and please check the website for daily updates. We are sorry for the inconvenience but this project is part of our Environmental Stewardship Program and conforms with Best Practices for Ranges with the EPA.

### \*\*\*THE ARPC EXPERIENCE\*\*\*

Our First Annual ARPC Experience is in the books! Even though it was a very hot

weekend we had a great event. Sam at Pig Out BBQ provided an incredible lunch from a whole hog to strawberry shortcake. We had a great raffle drawing during lunch and some participants won some great firearms and related gear provided by our awesome sponsors. We thank all of our staff and sponsors. Watch the newsletter next Spring to sign up for the 2nd Annual match!

---

## High Power is back with a new twist!

This year ARPC rifle matches will start Saturday, June 18<sup>th</sup>, followed by match dates July 23<sup>rd</sup> and August 20<sup>th</sup>. Starting at 8am we will have an early bird Garand/Vintage/Military rifle match. It will consist of a non-registered CMP 35 round military rifle course, reduced to 100 yards. A High power match will immediately follow and start at 9am. The High Power match is an 88 round course reduced to 100 yards.

The match fee is \$2 for the CMP match and \$10 for the High power match. The match fee covers our target costs. A limited supply of 30-06 and 30 carbine ammo is available for use at the CMP match for \$20 and the High Power match for \$50. For anyone that may want to save on ammo costs, we will allow either match to be shot with a rim fire at a 50 yard reduced distance. If you are not familiar with shooting positions or are physically limited we will also allow either match to be shot from the bench.

The rifle matches are a good way to learn the basics or improve your skills of rifle shooting. The match is un-competitive and you will score your own target. All you need for a rifle is one that can be loaded with a stripper clip, enbloc clip or detachable magazine and two clips or magazines. Following the high power match we will have awards and recognize the shooters in each of the rifle divisions.

If you are interested and never shot these types of matches, please contact Ben Lalonde at [lalonde@wvi.com](mailto:lalonde@wvi.com). I can provide additional information and possibly even schedule a time to meet with you to cover the safety rules, basic positions and equipment at the range.

---

## Letter from our Chief Instructor

### So You Want to Conceal Carry! A primer

First off, as Chief Instructor, I am offering my opinions based on my training and experience, and in no way should what I say represent the only truths for concealed

carry. This disclaimer represents the fact that there are many different sets of facts and opinions, and I am not aware of any that stand out as being the ONLY way. So, learn from many different sources, take what applies to you and your specific situation, and discard the rest.

For the last 33 years I have been a consistent concealed carrier. I have seen many changes in equipment, law, philosophy, and acceptance. If you want death by powerpoint, please attend one of our classes where you can learn the required law and safety. The intent of this article is to share some of my knowledge, for whatever that is worth.

The concealed carry lifestyle is often questioned as being paranoid, gun nut, etc. It is also, at times, uncomfortable. The common saying is that concealed carry should not be comfortable but rather comforting! Our right to protect ourselves and our loved ones is paramount. So, once you have agreed to that, it becomes a matter of how best to fit firearms into your everyday life. Finding the best carry gun, the best holster, the best caliber, the best outfit .....these are all a matter of personal preference based a lot on trial and error and advice from other sources. Be wary of advice! Learn from as many sources as you can.

Some have a carry gun rotation, using different holsters and guns depending upon the season and the wardrobe. Some will only carry one gun one way. The best advice is whatever you do, practice with what you carry so that you can draw from concealment and place 2 rounds in the center of mass in under 2 seconds. This takes proper instruction, training, and practice. Dry fire at least weekly and live fire at least monthly. In our classes, we can help you with these skills.

OK, you have decided to carry. What should you wear? Will the gun be “printing” (the outline of the gun under clothing)? There is a lot learned from watching YouTube and reading articles and books. One will learn that larger waist pants are important. There is a difference between inside the waist carry and outside the waist carry. What cover garments can you wear and defeat quickly to get to the gun? Belly band carry is great for both men and women. Ankle carry sounds great, and if young and agile enough, works well, but for me with arthritis, that is not a good choice. Loose clothes, clothes with patterns and lines and shapes (think Hawaiiin shirts) make it easier to avoid printing. Will you be driving a lot while carrying? Will you be sitting at a desk all day? Are your clothes casual or more business wear? As it turns out, there may be many more inventive choices for women than for men. Do you have a lockbox for your car so you can leave your gun under your driver's seat if you need to go to the post office or other prohibited area? Carry guns need more frequent cleaning as sweat and wear, as well as lint, dirt, and other debris can interfere with the proper function of the gun. Should you rotate your self defense ammo? Do you have ways to stage your gun securely when not on body? And very importantly, do you know the laws of each jurisdiction you will be traveling through?

There is much to learn and stay updated on. Carrying a gun responsibly is a commitment not to be taken lightly. But remember: A gun is not a talisman that magically keeps you safe just by virtue of its existence. Rather, it's a tool that, when combined with other tools in your self-defense toolkit, can increase your personal safety in unavoidable situations. It is a tool of last resort.

Finally, stay safe, stay knowledgeable, stay trained, and consider taking some of our ARPC classes offered by our experienced instructor group. We are all NRA certified and committed to providing the best training at the best price in our area.

Jim Gallant  
ARPC Chief Instructor

Private Instruction: Times to be determined on an individual basis

*Please check out our calendar for more information regarding our classes.*

To register for a class please email [classes@arpc.info](mailto:classes@arpc.info)

---

### Basic Handgun

Our Basic Handgun class at ARPC focuses on handgun familiarity and safety. There are no prerequisites for this class. The intent is to provide basic training for those with little or no shooting experience and for those who want a refresher on the basics. We have had experienced shooters with no formal training benefit from taking this class. Basic Handgun is 5 hours and participants will need a semi-auto handgun, and 50 rounds of new ammo (.380 to .45)

### Safety & Basic Skills Evaluation

This is a Skills Evaluation Test to demonstrate that you possess the necessary skill level to bypass our basic classes and advance into Level 1 Handgun or AR Level 1 **THIS IS NOT AN INSTRUCTIONAL OR A TEACHING CLASS!!**

### Concealed Carry

In this class you will receive the training qualifying you to apply for both the Oregon Concealed Handgun License and the Utah Concealed Firearm Permit. We teach both because the Oregon permit is limited to Oregon only, so travel out of state is problematic. The Utah concealed permit covers 32+ states. What makes this course unique is that we also provide the photo, the two sets of fingerprints, the application, and an addressed and stamped envelope for the Utah license, so after class you can just drop it in the mailbox. ARPC is a non-profit organization and provides this service to the community by helping to subsidize the cost of this class.

## **Skills Clinic**

The purpose of ARPC Classes is to ensure that you get the training you need to use your firearm safely and proficiently. With this in mind, we are now offering a free clinic that allows you to get additional training on one skill that was covered in the ARPC classes that you passed. One Clinic per class please.

## **AR Fundamentals**

Our AR Fundamentals class at focuses on the modern sporting rifle (MSR) familiarity and safety. There are no prerequisites for this class, as the intent is to provide basic training for those with little or no shooting experience, and for those who want a refresher on the basics. You may bring any modern sporting rifle (MSR), which includes AR-15 style firearms and AK's, but please be aware that advanced classes will be AR-15 (.223 or 5.56) only. AR Fundamentals is a 6 hour class and participants will need a MRS, 60 rounds of new ammo, 2 mags holding 10 or more rounds.

## **Trauma First Aid**

This is a First Aid Class that will cover common injuries but includes more on the type of injuries you might see while participating in shooting sports. This is a hands-on class and may use a pig's shoulder as a teaching aid. As an added bonus, you will receive a CPR, AED, and Basic First Aid Certificate Card at no extra charge.

---

## **Level 1 Classes**

### **Handgun Level 1**

This is the 3rd class in the ARPC AR sequence. The prerequisite is successful completion of AR Level 1 We will build on the skills and the knowledge covered in the previous classes. AR Level 2 will be 6 hours and participants will need to bring a AR-15, 200 rounds of new ammo either .223 or 5.56 (no reloads, armor piercing, or green tip), at least 2 mags holding 10 or more rounds, and a mag pouches are required.

### **AR Level 1**

Level 2 handgun is the 3rd class in the ARPC handgun sequence. We will build on the skills and the knowledge covered in the previous classes. The prerequisite is successful completion of Level 1 Handgun. Level 2 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45) or a revolver, 200 rounds of new ammo (no reloads), and outside the wait holster, and a speed reloader if using a revolver.
