Work Bond Cancelled for May

Work Bond is cancelled for May 6th and will resume on June 3rd.

Oregon State Shooting Association

Kerry Spurgin has done a great job of putting this website <https://www.ossa.org/> together for everyone in the gun community to read. The red anchor links at the top of the webpage will send you to information about Ballot Measure 114, 2023 legislation and how to get more involved on Gun Bills. Please check out this information and let your legislators know what you think of these.

This is good information to read and pay attention to as this is going to affect all of us.

April 30, 2023 is the start of a new year for our Quarterly Range days here at ARPC. These range days will be in collaboration with Ramiro Herrera & Caleb Fisher once again as they continue to make these events grow in size. This will be our Q2 range day and we are looking forward to seeing everyone out there. The range day will

consist of 8 different drills with a mixture of pistol and rifle drills. Our goal is to expose you to new types of training while giving you new skills, that you can take home to add in your range days. The Q2 range day will end with a fun session of speed steel and a friendly single elimination Texas Star competition. Our winner gets to take home the walking trophy that's held till next range day. Any skill level is welcome and you do not need to be a member to join, but there is required equipment to attend. See our ARPC calendar on April 30, 2023 for details.

Event Fee is \$50 per person.

To Register, email Classes@arpc.info

ARPC High Power Rifle Clinic and Matches

ARPC's High Power rifle match season has started and the next match will be Saturday, March 15th. At 8am we will have an early bird Garand/Vintage/Military military rifle match. Following at 9am, we will have the 88 round 100 yard reduced course high power rifle match. The high power match typically concludes around 12:30 pm.

These rifle matches are a good way to learn the basics or improve your skills of rifle shooting. The matches are un-competitive and you will score your own target. All you need for a rifle is one that can be loaded with a stripper clip, enbloc clip or detachable magazine and two clips or magazines. Rim fire shooters or those that would only like to shoot from a bench are welcome. Following each match we will have awards and recognize the shooters in each of the rifle divisions.

The match fee to cover target costs is \$2 for the CMP match and \$10 for the High power match. 30-06 ammo is available for use at the CMP match for \$20 and the High Power match for \$50.

If you are new to our rifle match or want to attend the clinic, please contact Ben Lalonde at lalonde@wvi.com.

Basic Handgun

Our Basic Handgun class at ARPC focuses on handgun familiarity and safety. There are no prerequisites for this class. The intent is to provide basic training for those with little or no shooting experience and for those who want a refresher on the basics. We have had experienced shooters with no formal training benefit from taking this class. Basic Handgun is 5 hours and participants will need a semi-auto handgun, and 50 rounds of new ammo (.380 to .45)

Safety & Basic Skills Evaluation

This is a Skills Evaluation Test to demonstrate that you possess the necessary skill level to bypass our basic classes and advance into Level 1 Handgun or AR Level 1 **THIS IS NOT AN INSTRUCTIONAL OR A TEACHING CLASS!!**

Concealed Carry

In this class you will receive the training qualifying you to apply for both the Oregon Concealed Handgun License and the Utah Concealed Firearm Permit. We teach both because the Oregon permit is limited to Oregon only, so travel out of state is problematic. The Utah concealed permit covers 32+ states. What makes this course unique is that we also provide the photo, the two sets of fingerprints, the application, and an addressed and stamped envelope for the Utah license, so after class you can just drop it in the mailbox. ARPC is a non-profit organization and provides this service to the community by helping to subsidize the cost of this class.

Skills Clinic

The purpose of ARPC Classes is to ensure that you get the training you need to use your firearm safely and proficiently. With this in mind, we are now offering a free clinic that allows you to get additional training on one skill that was covered in the ARPC classes that you passed. One Clinic per class please.

AR Fundamentals

Our AR Fundamentals class is the first in our AR sequence and focuses on becoming familiar and learning the safety skills needed to use the AR-15 rifle in .223/5/56 caliber. We do not teach full auto or other Modern Sporting Rifles (MSR) in this class. Those wishing to learn about other platforms or calibers of MSR's can request private instruction from our lead rifle instructor.

Trauma First Aid

This is a First Aid Class that will cover common injuries but includes more on the type of injuries you might see while participating in shooting sports. This is a hands-on class and may use a pig's shoulder as a teaching aid. As an added bonus, you will receive a CPR, AED, and Basic First Aid Certificate Card at no extra charge.

Cleaning Class

Shooting is fun, cleaning generally is not! But it is a necessary part of firearms knowledge and safety. This class is intended for any firearm owner to better learn how to clean their specific gun, whether it be a handgun, rifle, or shotgun. There is no one correct way to clean, as individual preferences abound. The purpose of this class is to expose the student to different methods of cleaning, from the use of solvents, lubricants, gun oils, CLP, ultrasonic cleaners, air compressors, and don't forget your old toothbrush! Bring your gun(s) and learn from experienced instructors. Bring whatever supplies you ordinarily use. If you have never cleaned a gun before or have no supplies, no worry, this class will help you decide what you do need to clean your gun. We will have supplies to borrow and use for students without their own.

Level 1 Classes

AR Level 1

This class is the next level above our AR Fundamentals class and will build on the skills and knowledge covered in that class. The prerequisite is either ARPC's AR Fundamentals or our Safety & Basic Skill Evaluation. AR Level 1 will be 6 hours and participants will need to bring an AR-15 (.223 or 5.56), 100 rounds of new ammo, and at least 2 Mags holding 10 or more rounds.

Handgun Level 1

This is the next level above our Basic Handgun class and will build on the skills and knowledge covered in that class. The prerequisite is either Basic Handgun Class or our Safety & Basic Skill Evaluation. Level 1 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45), 100 rounds of new ammo, and an outside the waist holster.

Level 2 Classes

AR Level 2

This is the 3rd class in the ARPC AR sequence. The prerequisite is successful completion of AR Level 1. We will build on the skills and the knowledge covered in the previous classes. AR Level 2 will be 6 hours and participants will need to bring a AR-15, 200 rounds of new ammo either .223 or 5.56 (no reloads, armor piercing, or green tip), at least 2 mags holding 10 or more rounds, and a mag pouches are required.

Level 2 Handgun

Level 2 handgun is the 3rd class in the ARPC handgun sequence. We will build on the skills and the knowledge covered in the previous classes. The prerequisite is successful completion of Level 1 Handgun. Level 2 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45) or a revolver, 200 rounds of new ammo (no reloads), and outside the waist holster, and a speed reloader if using a revolver.
