The red anchor links at the top of the webpage will send you to information about Ballot Measure 114, 2023 legislation and how to get more involved on Gun Bills. Please check out this information and let your legislators know what you think of these. This is good information to read and pay attention to as this is going to affect all of us.

## ARPC Junior Shotgun Team State Results.

This year we had 16 kids sign up for our 4-H program 9 of those chose to try and qualify for the State Match and I am happy to say they all qualified and were very successful at State. I am very proud of all our kids and their parents for all the effort they put into being amazing young trap shooters and I would especially like to thank DeAnna Cormany for all her help, she took on a lot of responsibilities keeping me free to just coach, I don't know if I could have done without her. A special thanks to Tim Austin who has been with me ever since I took over the program, helping set up, pull birds and watch the kids making sure they are safe.

The kids, parents, DeAnna, Tim and I would like to thank ARPC for for all the support they have given us. This club really cares about our youth and without that support this wouldn't be possible. I need to also thank Chip Cover, the Dir. For Trap and 5-Stand, Chip has been selfless with his time coming out early to set up 5-Stand for the kids to shoot. There are many people that help make this work, not just one and we want to thank all of you. Now for the good stuff, I would like to share with you how our kids did in the State Match, here's the results.

### Senior Division:

Kutler Don – Blue Ribbon Trap, Blue Ribbon 5-Stand, High Point 5-Stand and Senior Division Champion Medallion. Kutler is now eligible for the 4-H National Championship next year.

Cayden Cormany – Blue Ribbon Trap, Blue Ribbon 5-Stand and Medallion Recipient

Karly Don – Blue Ribbon Trap, Red Ribbon 5-Stand

Kendra Glaser – Blue Ribbon Trap, White Ribbon 5-Stand

Justin Christy – Blue Ribbon Trap, Whit Ribbon 5-Stand

**Intermediate Division:**

Macie Don – Red Ribbon Trap, Red Ribbon 5-Stand

Emmitt Schliebe – Blue Ribbon Trap, Blue Ribbon 5-Stand

**Junior Division:**

I would like to ask all our club members to help support all the kids in all the disciplines that have qualified for Nationals, these kids are responsible for raising all the funds to go including covering their coach's expenses, that's thousands of dollars they must raise so please help when you see their fund raisers.

## Measure 114 and legislative session update

Measure 114 Update for August newsletter

Federal District Judge, Karen Immergut finally released her decision on the constitutionality of Measure 114 on July 17th . In her 122-page ruling, Judge Immergut determined that Measure 114s provision for permits to purchase is constitutional since it is “shall issue”. She also determined that magazines are not necessary for the function of a firearm, therefore are not protected under the second amendment, so can be restricted. Her decision is impossible to dissect in this newsletter, so there are some references provides.

First is the decision itself: <https://www.oregonfirearms.org/wp-content/uploads/2023/07/ruling.pdf>.

There have been more than a few lawyers try to explain the decision. Steven Halbrook has written an easy to understand synopsis that can be read here:

<https://reason.com/volokh/2023/07/25/second-amendment-roundup-upholding-oregons-magazine-ban/>,

Several have explanations in their YouTube Videos. William Kirk of Washington Gun Law provides his explanation here: [https://www.youtube.com/watch?v=vks7D0YfWeg&ab\\_channel=WashingtonGunLaw](https://www.youtube.com/watch?v=vks7D0YfWeg&ab_channel=WashingtonGunLaw).

Attorney Mark Smith with The Four Boxes Diner also provides insight here: [https://www.youtube.com/watch?v=PG3kscBnBCs&ab\\_channel=TheFourBoxesDiner](https://www.youtube.com/watch?v=PG3kscBnBCs&ab_channel=TheFourBoxesDiner)

The references are not necessarily endorsements, they are simply explanations from attorneys in this complicated case.

Measure 114 is still on hold pending the state lawsuit scheduled to be heard in Harney County Circuit Court September 18 th through 22 nd . This will be heard by the judge that issued the temporary restraining order against M114.

It was known before the trial started that, regardless of the outcome, one side or the other will file an appeal. To that end, all four of the major plaintiffs have declared their intentions to appeal.

It seems like a recurring theme, but these lawsuits cost big money. The only way we have a chance is by donating to the plaintiffs. The major players are Oregon Firearms Federation, Firearms Policy Coalition, Second Amendment Foundation, and National Shooting Sports Foundation. All have donation links on their websites. Every dollar helps.

### Basic Handgun

Our Basic Handgun class at ARPC focuses on handgun familiarity and safety. There are no prerequisites for this class. The intent is to provide basic training for those with little or no shooting experience and for those who want a refresher on the basics. We have had experienced shooters with no formal training benefit from taking this class. Basic Handgun is 5 hours and participants will need a semi-auto handgun, and 50 rounds of new ammo (.380 to .45)

### Safety & Basic Skills Evaluation

This is a Skills Evaluation Test to demonstrate that you possess the necessary skill level to bypass our basic classes and advance into Level 1 Handgun or AR Level 1 **THIS IS NOT AN INSTRUCTIONAL OR A TEACHING CLASS!!**

## **Concealed Carry**

In this class you will receive the training qualifying you to apply for both the Oregon Concealed Handgun License and the Utah Concealed Firearm Permit. We teach both because the Oregon permit is limited to Oregon only, so travel out of state is problematic. The Utah concealed permit covers 32+ states. What makes this course unique is that we also provide the photo, the two sets of fingerprints, the application, and an addressed and stamped envelope for the Utah license, so after class you can just drop it in the mailbox. ARPC is a non-profit organization and provides this service to the community by helping to subsidize the cost of this class.

## **Skills Clinic**

The purpose of ARPC Classes is to ensure that you get the training you need to use your firearm safely and proficiently. With this in mind, we are now offering a free clinic that allows you to get additional training on one skill that was covered in the ARPC classes that you passed. One Clinic per class please.

## **AR Fundamentals**

Our AR Fundamentals class is the first in our AR sequence and focuses on becoming familiar and learning the safety skills needed to use the AR-15 rifle in .223/5/56 caliber. We do not teach full auto or other Modern Sporting Rifles (MSR) in this class. Those wishing to learn about other platforms or calibers of MSR's can request private instruction from our lead rifle instructor.

## **Trauma First Aid**

This is a First Aid Class that will cover common injuries but includes more on the type of injuries you might see while participating in shooting sports. This is a hands-on class and may use a pig's shoulder as a teaching aid. As an added bonus, you will receive a CPR, AED, and Basic First Aid Certificate Card at no extra charge.

## **Cleaning Class**

Shooting is fun, cleaning generally is not! But it is a necessary part of firearms knowledge and safety. This class is intended for any firearm owner to better learn how to clean their specific gun, whether it be a handgun, rifle, or shotgun. There is no one correct way to clean, as individual preferences abound. The purpose of this class is to expose the student to different methods of cleaning, from the use of solvents, lubricants, gun oils, CLP, ultrasonic cleaners, air compressors, and don't forget your old toothbrush! Bring your gun(s) and learn from experienced instructors. Bring whatever supplies you ordinarily use. If you have never cleaned a gun before or have no supplies, no worry, this class will help you decide what you do need to clean your gun. We will have supplies to borrow and use for students without their own.

### **Defensive Shotgun**

Defensive shotgun focuses on using the shotgun for home defense which is very different from clay games or hunting. This class is good for new shotgun shooters and established shooters who want to brush up and practice their skills. Students will bring their own shotgun (12 or 20 gauge, pump or semi-automatic, full shoulderable stock) which will be inspected by the instructor prior to class. Students should also bring ammunition appropriate for their shotgun (10 slugs, 10 buckshot, and 100 birdshot), eye and ear protection, and a way to carry ammunition on their person – such as a nail bag, apron, big pockets, or fannypack. The prerequisite for this class is successfully completing Basic Pistol, AR Fundamentals, or passing the Safety and Basic Skills Evaluation. This class is 6 hours and will be mostly hands on.
