[Check Out Our Calendar of Events](#)

Range Maintenance Update

Thursday October 5th the power will be turned off to the Range from 9am to 1pm. This will be done so they can hook up the power lines being installed on the property. This will affect the Pro Shop, Office, the North Range Classroom, and The Club House. If using the Main Range verbal commands will need to be followed for everyone's safety. The Indoor range will be closed during this time. Main gate will be open during this period. Please be aware of this if you use these facilities and keep safety in mind. Thank you for your help while this is going on.

Measure 114 Update 9/30/23

The Oregon trial on Measure 114 was held last week in Harney County. This trial is about whether or not 114 is unconstitutional under the Oregon constitution. Most of the time was spent on arguing if magazines are a part of a firearm, and critical to operation, or if they are an accessory and not subject to protections under Article 1 Section 27 of the Oregon constitution. There were also discussions as to how many available rounds are necessary for self-defense. All of the plaintiff's witnesses that were asked how many rounds were necessary replied "as many as possible". The wording of the measure with regard to easily modifying a magazine to accept more than 10 rounds was discussed, with multiple witnesses demonstrating, and testifying, as to the ease of removing a baseplate and adding a magazine extension or modifying so called "California compliant" magazines so that they could hold more than 10 rounds. Similar evidence was introduced regarding rifles and shotguns with internal box magazines and tubular magazines. One witness demonstrated how commonly available extensions could be added or how a common hunting rifle could be modified to hold more rounds by switching out the stock for one that could hold a box magazine of any capacity.

When it came to the issue of constitutionality of a permit to exercise a constitutional right, the state argued that states require a marriage license prior to getting married and municipalities require a permit to hold rallies and meetings in public. Therefore, according to the attorney for the state, requiring a permit to purchase a firearm was acceptable.

Oregon taxpayers are paying for eight lawyers and their staff in this case, while the attorney for the plaintiffs, Tony Aeillo of Tyler Smith & Associates is going it alone. At the end of the trial, Judge Raschio complemented Mr. Aeillo on his professionalism and the thoroughness of his preparation and presentation. The judge has 60 days to issue a decision in the case.

This case was brought by individuals that took personal and business risks to challenge the state on our behalf. Gun Owners of America helped provide financial support, and it would be appropriate to support them as well.

In a similar case on the federal level, Judge Benitez with the ninth circuit court in California has issued a decision stating the California restrictions and limitations on magazines is unconstitutional. The defendants, the state of California, have appealed the decision to the ninth circuit, and the ninth circuit court will now evaluate the decision in a full 11 member, en banc panel, bypassing their own rules for a three-member panel to hear the case before it goes to the full panel. Although Judge Raschio, in our Oregon case, is not bound by any decision made by another court, this action is important to our OFF v Kotek appeal in federal court, as it concerns a portion of the decision in that case.

Here is a link to the Benitez decision:

<https://storage.courtlistener.com/recap/gov.uscourts.ca9.345123/gov.uscourts.ca9.345123.3.0.pdf>

Here is a link to the California petition to the district appeals court that relies heavily on the OFF v Kotek decision by Immergut in Portland:

<https://storage.courtlistener.com/recap/gov.uscourts.ca9.345123/gov.uscourts.ca9.345123.2.1.pdf>

New Proposed ATF Rule

I ran across this new proposed ATF rule and thought our membership should be aware of it. Please read the full document linked below. If you find the proposal unacceptable, please send a letter to the ATF by December. This proposal requires you to have an FFL to even discuss the sale of a firearm in some circumstances. They claim there are exceptions for the “occasional” sale or purchase. My understanding is you could be accused of buying or selling a firearm without a license anytime the ATF desires. It would then be up to you and your Attorney to prove otherwise. This proposed rule deserves scrutiny and your comments to the ATF.

Brian Boesch
Executive Director

Title:

Definition of “Engaged in the Business” as a Dealer in Firearms

Action:

Notice of proposed rulemaking; request for comment

Purpose:

The Department of Justice (“Department”) proposes amending Bureau of Alcohol, Tobacco, Firearms, and Explosives (“ATF”) regulations to implement the provisions of the Bipartisan Safer Communities Act (“BSCA”), effective June 25, 2022, that broaden the definition of when a person is considered “engaged in the business” as a dealer in firearms other than a gunsmith or pawnbroker. This proposed rule

incorporates the BSCA's definition of "predominantly earn a profit," creates a stand-alone definition of "terrorism," and amends the definitions of "principal objective of livelihood and profit" and "engaged in the business" to ensure each conforms with the BSCA's statutory changes and can be relied upon by the public. The proposed rule also clarifies what it means for a person to be "engaged in the business" of dealing in firearms, and to have the intent to "predominantly earn a profit" from the sale or disposition of firearms. In addition, it clarifies the term "dealer," including how that term applies to auctioneers, and defines the term "responsible person." These proposed changes would assist persons in understanding when they are required to have a license to deal in firearms. Consistent with the Gun Control Act ("GCA") and existing regulations, the proposed rule also defines the term "personal collection" to clarify when persons are not "engaged in the business" because they make only occasional sales to enhance a personal collection, or for a hobby, or if the firearms they sell are all or part of a personal collection. This proposed rule further addresses the lawful ways in which former licensees, and responsible persons acting on behalf of such licensees, may liquidate business inventory upon revocation or other termination of their license. Finally, the proposed rule clarifies that a licensee transferring a firearm to another licensee must do so by following the verification and recordkeeping procedures instead of using a Firearms Transaction Record, ATF Form 4473.

Release Date:

Oregon State Shooting Association

Kerry Spurgin has done a great job of putting this website <https://www.ossa.org/> together for everyone in the gun community to read. The red anchor links at the top of the webpage will send you to information about Ballot Measure 114, 2023 legislation and how to get more involved on Gun Bills. Please check out this information and let your legislators know what you think of these.

This is good information to read and pay attention to as this is going to affect all of us.

FALL GUN & SPORTSMANS SHOW

Thanks to all of our members who volunteered for our gun show and Hunter Sight In Days. Special thanks to Gerry and Mike for being our Volunteer Coordinators. It is only because of you that we can hold these events. Our vendors at the show sold a lot of merchandise and were pleased with the show.

As we all know, the world is changing rapidly. Between legislation and media bias gun shows are becoming more difficult to hold. We will continue to sponsor these shows until they are outlawed, or it becomes economically unfeasible to do so. These shows were started as a fund raiser for the club and have been held for over 30 years.

Our next show will be held on March 2nd and 3rd, 2024. We will send out a request

for volunteers in the preceding month's newsletter.

Thanks Again,
Executive Director
Brian Beosch

Hunter Sight In Days

Hunter's Sight In 2023 Lou Thelen, HSID staff

Hunter's Sight In was held for two weekends in September and it was a successful event. Thank you to the many volunteers who made it that! Our volunteers served 146 shooters who brought a total of over 180 firearms during the four days of the event. In total, those volunteers put in almost 400 hours of their time.

It's always interesting to see the firearms and the folks who come in. Many are repeat customers from previous years and a few are former members. Some are future members who are impressed with the club's facilities and helpful attitude of the volunteers. Every now and then someone comes in who is new to shooting, not only seeking help to sight in a new firearm but also wanting some instruction, which our volunteers happily provide.

Lastly, I would like to point out the group of volunteers who I have had the pleasure of working with for all of the years I have been a member. Four of those volunteers are ARPC Range Safety Officers and one is a life member. Why do I mention this? Because this small group has no need to volunteer their hours except that they like doing this and it is a service they provide for the greater community of firearms enthusiasts and hunters.

A blue rectangular box with a white border containing the text "ARPC ANNUAL MEETING" in white, bold, sans-serif capital letters.

ARPC Annual Meeting

It's that time of year again. When the leaves change colors and fall from the trees. This November 7th is ARPC's Annual Membership

Meeting. Come join us and hear about the new and exciting things that have been happening around the range. We hope to see you there.

Voting Announcement

It's time again to open up the search for Executive Board candidates! Executive Board Member positions up for election are: Secretary, Chief Instructor and Executive Officer. Our Current Board members that hold these positions are: Secretary Jan McDonald, Chief Instructor Forrest Schoening, and Executive Officer Jonathan Wilder. If you are

interested in running for one of these positions please email Executive Board Secretary Jan McDonald at jan_sec@arpc.info. Each of these positions requires a dedicated commitment of time and effort. ARPC depends on its Board members for leadership and direction. If you have a burning desire to serve and can dedicate two years to the Club, please contact Jan by October 19th and provide a candidate statement. We will send out the statements to the membership and add your name to the ballot.

Here are the job duties for each position.

Secretary

1. Serves as a member of the ARPC E-Board, attending all meetings
2. Maintains records of the E-Board and ensures effective management of club records, including bylaws and E-Board policies
3. Records and manages E-Board and E-Board Executive session meeting minutes, motions/decisions, and action items
4. Ensures agendas are set and distributed prior to E-Board meetings, generally the Friday prior
5. Distributes E-Board meeting minutes to all E-Board members and the ARPC Executive Director within one week of each meeting
6. Is sufficiently familiar with legal documents (articles, bylaws, constitution, etc.) to note applicability during E-Board meetings
7. Develops and mails E-Board correspondence such as requests to members to attend E-Board meetings for discipline discussions
8. Maintains and distributes copies of Executive E-Board meeting sessions to E-Board members

Executive Officer:

The ARPC E-Board's executive officer is responsible for oversight of the club projects and facilities.

Position Duties:

1. Serves as a member of the ARPC E-Board, attending all meetings
2. Supervises monthly work bond at the club
3. Works with the Executive Director to plan club repair and improvement projects
4. Oversees projects to ensure on time completion within approved budget
5. Perform duties free of oversight from all other E-Board members

The Chief Instructor:

1. Attend ARPC Executive Board (E-Board) Meetings the 2nd Tuesday of each month and special meetings as required.
2. Appoint assistants to help carry out the CI duties, with approval from the E-Board
3. Remove CI assistants for non-compliance with CI By-Laws, CI SOPs, and ARPC Rules and Regulations. Assistants may appeal CI decisions to the E-Board
4. Oversee all ARPC Firearms/Safety Programs ensuring that the programs are in line with ARPC's mission and goals and comply with ARPC's rules and standard operating procedures (SOP).
5. Advise E-Board on ARPC safety issues and plans to resolve them.
6. Manage the ARPC Training Oversight Program a. Monitor, evaluate and make recommendations for continuation of all current classes and training events at least annually for both ARPC sponsored and commercial vendor classes. b. Evaluate all future training classes/programs/events for ARPC rule compliance during the application process. Screen and approve all commercial training vendors or ARPC

sponsored training in coordination with the SRPC Office Manager and Range Manager, prior to submitting their application to the E-Board for review and final approval. d. The CI may suspend a training class/program/event until an investigation can be completed for any unsafe practice. The training class/program/event will be reinstated once the CI finds a satisfactory resolution or if the E-Board resolves the issue. The CI may appoint an investigative committee to assist.

7. Manage Training Development Program a. Manage the Design, Implementation, and Evaluation of the following courses: I. Basic Firearms Courses II. Advanced Firearms Courses III. Concealed Carry Courses IV. Training-the-Trainer Courses V. Basic Reloading Courses - Theory only VI. Other training courses as needed

8. Manage the following ARPC programs a. Range Safety Officer Program b. New Member Orientation Program c. Visiting LEO Training Programs d. Future firearm/safety programs as needed

9. Develop, approve, monitor, and manage ARPC SOPs with input from Officer Manager and Range Manager for: a. ARPC sponsored classes b. Vendor Classes c. Visiting LEO training d. Special Events

RSO and Member Interactions

We have a great facility and one of the things that keeps it great is our RSO program. Our RSO's are here to ensure Range Rules are followed and to assist members. We strive to keep all conversations friendly and to make your visit enjoyable. As a member of ARPC, if you are asked to comply with a rule please do as you are asked. If you disagree with a Range Rule or have an issue with an RSO, please contact our Chief Instructor, Forrest Schoening, at ci@arpc.info. Verbally abusing a fellow member working as an RSO is not acceptable.

Forrest is willing to listen to your concerns and will deal with all emails. Please keep in mind that the Range Rules are designed and intended to keep members and guests safe while on ARPC property, and to prevent excessive or inadvertent damage to the facilities. They have been developed and refined over many years of experience so the likelihood that they will be materially changed is small.

ARPC Class in October

Safety & Basic Skills Evaluation: October 5th

Basic Handgun: October 8th

Skills Clinic: October 12th

Concealed Carry: October 14th

Indoor Range class: October 14th

Cleaning class: October 17th

Trauma First Aid: October 21st

Handgun Level 2: October 19th & 20th (This is a split night class)

AR Fundamentals: October 22nd

AR Level 2: October 28th

Coming in November:

Private Instruction: Times to be determined on an individual basis

Please check out our calendar for more information regarding our classes.

To register for a class please email classes@arpc.info

Basic Handgun

Our Basic Handgun class at ARPC focuses on handgun familiarity and safety. There are no prerequisites for this class. The intent is to provide basic training for those with little or no shooting experience and for those who want a refresher on the basics. We have had experienced shooters with no formal training benefit from taking this class. Basic Handgun is 5 hours and participants will need a semi-auto handgun, and 50 rounds of new ammo (.380 to .45)

Safety & Basic Skills Evaluation

This is a Skills Evaluation Test to demonstrate that you possess the necessary skill level to bypass our basic classes and advance into Level 1 Handgun or AR Level 1 **THIS IS NOT AN INSTRUCTIONAL OR A TEACHING CLASS!!**

Concealed Carry

In this class you will receive the training qualifying you to apply for both the Oregon Concealed Handgun License and the Utah Concealed Firearm Permit. We teach both because the Oregon permit is limited to Oregon only, so travel out of state is problematic. The Utah concealed permit covers 32+ states. What makes this course unique is that we also provide the photo, the two sets of fingerprints, the application, and an addressed and stamped envelope for the Utah license, so after class you can just drop it in the mailbox. ARPC is a non-profit organization and provides this service to the community by helping to subsidize the cost of this class.

Skills Clinic

The purpose of ARPC Classes is to ensure that you get the training you need to use your firearm safely and proficiently. With this in mind, we are now offering a free clinic that allows you to get additional training on one skill that was covered in the ARPC classes that you passed. One Clinic per class please.

AR Fundamentals

Our AR Fundamentals class is the first in our AR sequence and focuses on becoming familiar and learning the safety skills needed to use the AR-15 rifle in .223/5/56 caliber. We do not teach full auto or other Modern Sporting Rifles (MSR) in this class. Those wishing to learn about other platforms or calibers of MSR's can request private instruction from our lead rifle instructor.

Trauma First Aid

This is a First Aid Class that will cover common injuries but includes more on the type of injuries you might see while participating in shooting sports. This is a hands-on class

and may use a pig's shoulder as a teaching aid. As an added bonus, you will receive a CPR, AED, and Basic First Aid Certificate Card at no extra charge.

Cleaning Class

Shooting is fun, cleaning generally is not! But it is a necessary part of firearms knowledge and safety. This class is intended for any firearm owner to better learn how to clean their specific gun, whether it be a handgun, rifle, or shotgun. There is no one correct way to clean, as individual preferences abound. The purpose of this class is to expose the student to different methods of cleaning, from the use of solvents, lubricants, gun oils, CLP, ultrasonic cleaners, air compressors, and don't forget your old toothbrush! Bring your gun(s) and learn from experienced instructors. Bring whatever supplies you ordinarily use. If you have never cleaned a gun before or have no supplies, no worry, this class will help you decide what you do need to clean your gun. We will have supplies to borrow and use for students without their own.

Level 1 Classes

AR Level 1

This class is the next level above our AR Fundamentals class and will build on the skills and knowledge covered in that class. The prerequisite is either ARPC's AR Fundamentals or our Safety & Basic Skill Evaluation. AR Level 1 will be 6 hours and participants will need to bring an AR-15 (.223 or 5.56), 100 rounds of new ammo, and at least 2 Mags holding 10 or more rounds.

Handgun Level 1

This is the next level above our Basic Handgun class and will build on the skills and knowledge covered in that class. The prerequisite is either Basic Handgun Class or our Safety & Basic Skill Evaluation. Level 1 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45), 100 rounds of new ammo, and an outside the waist holster.

Low Light Handgun Level 1

Our low light classes are intended for primarily home defenders or anyone out at night and armed. Our lead instructor will provide both classroom as well as range experience. We have chosen a night with little moonlight. The demonstration and practice drills will be both dry fire and live fire. The first night is classroom and the second night is range. Different hand held techniques and weapon mounted lights will be covered. This next class will be the level 1 class.

Remember, never shoot at something that you can not identify; never shoot at shadows, sounds, or shapes! When there is a bump in the night at zero dark 30, what should you do? Come to class and find out!

Defensive Shotgun

Defensive shotgun focuses on using the shotgun for home defense which is very different from clay games or hunting. This class is good for new shotgun shooters and established shooters who want to brush up and practice their skills. Students will bring their own shotgun (12 or 20 gauge, pump or semi-automatic, full shoulderable stock) which will be inspected by the instructor prior to

class. Students should also bring ammunition appropriate for their shotgun (10 slugs, 10 buckshot, and 100 birdshot), eye and ear protection, and a way to carry ammunition on their person – such as a nail bag, apron, big pockets, or fannypack.

The prerequisite for this class is successfully completing Basic Pistol, AR Fundamentals, or passing the Safety and Basic Skills Evaluation. This class is 6 hours and will be mostly hands on.

Level 2 Classes

AR Level 2

This is the 3rd class in the ARPC AR sequence. The prerequisite is successful completion of AR Level 1 We will build on the skills and the knowledge covered in the previous classes. AR Level 2 will be 6 hours and participants will need to bring a AR-15, 200 rounds of new ammo either .223 or 5.56 (no reloads, armor piercing, or green tip), at least 2 mags holding 10 or more rounds, and a mag pouches are required.

Level 2 Handgun

Level 2 handgun is the 3rd class in the ARPC handgun sequence. We will build on the skills and the knowledge covered in the previous classes. The prerequisite is successful completion of Level 1 Handgun. Level 2 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45) or a revolver, 200 rounds of new ammo (no reloads), and outside the waist holster, and a speed reloader if using a revolver.

Low Light Handgun Level 2

Our Low Light II Course builds on the skills and concepts of our first Low Light Course . This course will be taught in a two-night format. The first night will consist of a review of the skills and concepts of the first course along with live fire range work. The second night will be all live fire with drills stressing target identification and flashlight handling. As before, weapon mounted lights will be allowed and may be used but the focus will remain on flashlight deployment.

Newsletter Classifieds Policy

All Sale/Wanted Items are on a monthly basis. If you wish to place an ad or have your ad continue to run , you will have to inform us either by email (frontoffice@arpc.info) or in-person no later than the 25th of each month. **NO PICTURES.**

CCI large pistol primers 100 ea.
CCI magnum small rifle primers 100 ea.
CCI magnum large rifle primers 200 ea.

For Sale

Hi all. Almost two years ago now, I purchased everything needed for reloading 9mm (some of you may remember me buying casings and gunpowder from you!). Very unfortunately, I've found I just simply don't have the time I was hoping I would. I have used it twice since then, and the rest of the time has sat idle in my garage.

I'm selling a complete setup, and do not want to sell anything separately. The shelves, press, powder, primers, etc. are all included.

I reached my asking price by looking up what all these parts cost today, "new" and then discounted them heavily. A lot of the parts in this list are hard to come by, or upsold (thanks scalpers).

Complete list:

Hornady AP Press
Shell Plate #3 (x4)
Shell Holder #8 (x2)
3-Dye Set
Dye Bushings
One Shot Case Lube
Lyman Pro-Touch Scale
Case Polish (Nu Finish)
Lyman Turbo Tumbler
Brass (~16lbs or ~1800 cases)
X-Treme Bullets 9-123RN
Ammo Cases
Shelves
Hogdon HS-6 (3/4 full)
Accurate No. 2 (x7)
Ammo Cases
Large Case (x2)
Medium Case (x3)
Small Case (x1)
Small Primers #500 (x500)
Hornady Primer Turning Plate
Digital Calipers
Lights (x2)

Asking **\$1200**
