

## ARPC Saddle Butte Press June 2024 Newsletter

[Check Out Our Calendar of Events](#)

### Oregon 4H State Contest

4-H is having their State Contest on site from June 16 to June 19 and we are looking for RO's to assist with this event. Please note that this will not count towards your RSO obligation if you are in the Range Safety Officer Program, but it will count for Work Bond if you are not. If you would like to volunteer to be an RO for this event, email Brian Boesch at [execdirector@arpc.info](mailto:execdirector@arpc.info)

### Veteran's Day Parade

The city of Albany holds one of the best Veteran's Day Parades in the Country. Since ARPC has many members who are Veterans we thought it would be nice to have representation at the parade. We are looking for several Veterans to form a committee to develop a plan to have an entry this November 11<sup>th</sup>. If you have a desire to help coordinate an entry please email Brian @ [execdirector@arpc.info](mailto:execdirector@arpc.info) So far we only have one person interested in helping. If we do not get two or three more this month we will not pursue participation in the parade.

### Range Safety Officers Needed

The mission of the RSO program is to provide trained volunteer RSOs to monitor members and guests using the ARPC facilities. To that end, we are budgeted a certain number of RSOs and are in need of a few more to cover scheduled range patrols, which cover the weekends. The requirements of becoming an RSO are being a member in good standing with at least one year of membership, pass an interview with the RSO Manager, pass the RSO test, and complete a training session, also with the RSO Manager. The RSO test will be given orally during the training session.

If you are interested or wish to know more about the requirements, contact Lou Thelen, the RSO Manager, at [rso.mgr@arpc.info](mailto:rso.mgr@arpc.info) or text him at 541-760-1792

Thank you

## Service Dog Training for Veterans

There will be a group walking around with some Service Dogs in training for Veterans. Their goal is to desensitize them to loud noises. For more information please check out their website at <https://www.joydogs.org/>

The Joys of Living Assistance Dogs (JLAD) proudly places fully trained service dogs with veterans and civilians to mitigate mobility and PTSD related disabilities. To better serve our veterans we want to expose our dogs to loud, startling sounds to help desensitize them to such noises. A shooting range is a perfectly controlled environment to train this process. Gun fire sounds can mimic the backfire from cars, fireworks, and other loud noises. JLAD is all about preparing our dogs to remain calm and recover quickly when surprised by intense sounds. Only then can they be available to calm and help their person process a frightful situation.

## 4 Spirits Foundation Benefit Pistol Match

ARPC is hosting the inaugural 4 Spirits Foundation Benefit Pistol Match on June 29, 2024.

Headquartered at the 4 Spirits Distillery in Corvallis, OR, the 4 Spirits Foundation non-profit provides assistance to combat veterans in need of services not provided by the VA.

The pistol match will feature six stages of combination speed steel and action pistol style courses of fire, a side team match, catered BBQ lunch and prize table awarded by random draw.

This is a great match for those new to competition or experienced competitors as well. This is a “duty” style match, so fancy race guns and holsters are not necessary (nor allowed). This evens out the playing field a little bit for everyone.

Check out the 4 Spirits Foundation website for more information and to register. Spots are limited to the first 120 registrants.

<https://4spiritsfoundation.com/>

## GSSF Match in July

ARPC is once again hosting the Glock Shooting Sports annual competition Saturday and Sunday July 20nd & 21rd. This is an event where you can shoot all your Glocks in different categories. If you are unfamiliar with this event please check this link for more information [HERE](#)

You will need to join GSSF and you can do that ahead of time or at the match. We are also looking for ROs and other volunteers to help run the match. You will be in the drawing for a Glock pistol certificate. We will provide a lunch for each day you work as well. We will give you time to shoot the match so you don't miss out on the competition. Please note that this event will not count towards your RSO obligation if you are in the Range Safety Officer Program, but it will count for Work Bond if you are not.

If interested in helping out please email Brian at [execdirector@arpc.info](mailto:execdirector@arpc.info)

---

## ARPC Classes in June

Basic Handgun: June 2nd

Safety and Basic Skills Evaluation: June 5th

Skills Clinic: June 6th

Indoor Range Class: June 8th

Concealed Carry: June 9th

AR Level 2: June 15th

**Private Instruction:** Times to be determined on an individual basis.

*Please check out our calendar for more information regarding our classes.*

To register for a class please email [classes@arpc.info](mailto:classes@arpc.info)

---

### Basic Handgun

Our Basic Handgun class at ARPC focuses on handgun familiarity and safety. There are no prerequisites for this class. The intent is to provide basic training for those with little or no shooting experience and for those who want a refresher on the basics. We have had experienced shooters with no formal training benefit from taking this class. Basic Handgun is 5 hours and participants will need a semi-auto handgun, and 50 rounds of new ammo (.380 to .45)

### Safety & Basic Skills Evaluation

This is a Skills Evaluation Test to demonstrate that you possess the necessary skill level to bypass our basic classes and advance into Level 1 Handgun or AR Level 1 **THIS IS NOT AN INSTRUCTIONAL OR A TEACHING CLASS!!**

### Concealed Carry

In this class you will receive the training qualifying you to apply for both the Oregon

Concealed Handgun License and the Utah Concealed Firearm Permit. We teach both because the Oregon permit is limited to Oregon only, so travel out of state is problematic. The Utah concealed permit covers 32+ states. What makes this course unique is that we also provide the photo, the two sets of fingerprints, the application, and an addressed and stamped envelope for the Utah license, so after class you can just drop it in the mailbox. ARPC is a non-profit organization and provides this service to the community by helping to subsidize the cost of this class.

## **Skills Clinic**

The purpose of ARPC Classes is to ensure that you get the training you need to use your firearm safely and proficiently. With this in mind, we are now offering a free clinic that allows you to get additional training on one skill that was covered in the ARPC classes that you passed. One Clinic per class please.

## **AR Fundamentals**

Our AR Fundamentals class is the first in our AR sequence and focuses on becoming familiar and learning the safety skills needed to use the AR-15 rifle in .223/5/56 caliber. We do not teach full auto or other Modern Sporting Rifles (MSR) in this class. Those wishing to learn about other platforms or calibers of MSR's can request private instruction from our lead rifle instructor.

## **Trauma First Aid**

This is a First Aid Class that will cover common injuries but includes more on the type of injuries you might see while participating in shooting sports. This is a hands-on class and may use a pig's shoulder as a teaching aid. As an added bonus, you will receive a CPR, AED, and Basic First Aid Certificate Card at no extra charge.

## **Cleaning Class**

Shooting is fun, cleaning generally is not! But it is a necessary part of firearms knowledge and safety. This class is intended for any firearm owner to better learn how to clean their specific gun, whether it be a handgun, rifle, or shotgun. There is no one correct way to clean, as individual preferences abound. The purpose of this class is to expose the student to different methods of cleaning, from the use of solvents, lubricants, gun oils, CLP, ultrasonic cleaners, air compressors, and don't forget your old toothbrush! Bring your gun(s) and learn from experienced instructors. Bring whatever supplies you ordinarily use. If you have never cleaned a gun before or have no supplies, no worry, this class will help you decide what you do need to clean your gun. We will have supplies to borrow and use for students without their own.

---

## **Level 1 Classes**

### **AR Level 1**

This class is the next level above our AR Fundamentals class and will build on the skills and knowledge covered in that class. The prerequisite is either ARPC's AR Fundamentals or our Safety & Basic Skill Evaluation. AR Level 1 will be 6 hours and participants will need to bring an AR-15 (.223 or 5.56), 100 rounds of new ammo, and at least 2 Mags holding 10 or more rounds.

## **Handgun Level 1**

This is the next level above our Basic Handgun class and will build on the skills and knowledge covered in that class. The prerequisite is either Basic Handgun Class or our Safety & Basic Skill Evaluation. Level 1 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45), 100 rounds of new ammo, and an outside the waist holster.

## **Low Light Handgun Level 1**

Our low light classes are intended for primarily home defenders or anyone out at night and armed. Our lead instructor will provide both classroom as well as range experience. We have chosen a night with little moonlight. The demonstration and practice drills will be both dry fire and live fire. The first night is classroom and the second night is range. Different hand held techniques and weapon mounted lights will be covered. This next class will be the level 1 class.

Remember, never shoot at something that you can not identify; never shoot at shadows, sounds, or shapes! When there is a bump in the night at zero dark 30, what should you do? Come to class and find out!

## **Defensive Shotgun**

Defensive shotgun focuses on using the shotgun for home defense which is very different from clay games or hunting. This class is good for new shotgun shooters and established shooters who want to brush up and practice their skills. Students will bring their own shotgun (12 or 20 gauge, pump or semi-automatic, full shoulderable stock) which will be inspected by the instructor prior to class. Students should also bring ammunition appropriate for their shotgun (10 slugs, 10 buckshot, and 100 birdshot), eye and ear protection, and a way to carry ammunition on their person – such as a nail bag, apron, big pockets, or fannypack.

The prerequisite for this class is successfully completing Basic Pistol, AR Fundamentals, or passing the Safety and Basic Skills Evaluation. This class is 6 hours and will be mostly hands on.

---

## **Level 2 Classes**

### **AR Level 2**

This is the 3<sup>rd</sup> class in the ARPC AR sequence. The prerequisite is successful completion of AR Level 1 We will build on the skills and the knowledge covered in the previous classes. AR Level 2 will be 6 hours and participants will need to bring a AR-15, 200 rounds of new ammo either .223 or 5.56 (no reloads, armor piercing, or green tip), at least 2 mags holding 10 or more rounds, and a mag pouches are required.

### **Level 2 Handgun**

Level 2 handgun is the 3<sup>rd</sup> class in the ARPC handgun sequence. We will build on the skills and the knowledge covered in the previous classes. The prerequisite is successful completion of Level 1 Handgun. Level 2 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45) or a revolver, 200 rounds of new ammo (no reloads), and outside the waist holster, and a speed reloader if using a revolver.

## Low Light Handgun Level 2

Our Low Light II Course builds on the skills and concepts of our first Low Light Course . This course will be taught in a two-night format. The first night will consist of a review of the skills and concepts of the first course along with live fire range work. The second night will be all live fire with drills stressing target identification and flashlight handling. As before, weapon mounted lights will be allowed and may be used but the focus will remain on flashlight deployment.

---

## Newsletter Classifieds Policy

All Sale/Wanted Items are on a monthly basis. If you wish to place an ad or have your ad continue to run , you will have to inform us by email ([frontoffice@arpc.info](mailto:frontoffice@arpc.info)) no later than the 25th of each month. **NO PICTURES.**
