[Check Out Our Calendar of Events](#)

### Hunter Sight In Days

Albany Rifle and Pistol Club will be open to the general public for 2 weekends in September to sight in hunting rifles. The days are Saturday and Sunday, September 14th and 15th, as well as Saturday and Sunday September 21st and 22th, from 9am to 4pm, with the last shooter sign up at 3:30pm. On these days there will be limited use of the Main Range. The cost is \$10 per rifle and this includes targets. This service is free to ARPC Members. Experienced club members will be assisting each person during the sight-in process to make sure the range is operating safely. Everyone must wear eye and ear protection. Safety glasses and ear plugs will be available for purchase if someone forgets to bring them.

We are looking for a few club members to help at the Hunter Sight-In Days. If you would like to volunteer for this 4 day event please email [frontoffice@arpc.info](mailto:frontoffice@arpc.info)  
Name: Phone number: If you have a preference of Day(s), please let us know.

### Fall Gun and Sportsman Show

It is that time of year again, and we are gearing up for our Fall Gun Show on September 28th and 29th, 2024. We will request volunteers for the show starting the first of September. It will be done by email, and we will send the email address out in our September Newsletter.

If you are interested in being a Vendor, please go to our website and click on “gun show” under “info”. Print the application, fill it out and mail it to:

ARPC 29999 Saddle Butte Rd  
Shedd Or 97377

We will fill open tables based on postmark date.

**We won't be signing anyone up to volunteer for the show until September.  
We will have instructions in the September Newsletter**

**New Member Orientation Volunteers needed**

We have a dedicated group of volunteers that teach our new members about our Range and the rules they are expected to follow. Most of them have been doing this once a month job for over ten years. True dedication from some very fine people! Several of them are ready to pass the torch to new members. As I mentioned, this is a once a month, four hour commitment. We hold these classes on the first Saturday 10AM to 1 PM, the second Wednesday 6PM to 9PM and third Saturday 3PM to 6PM. Due to the importance of this job, ARPC covers your dues every year that you volunteer. If this is something you are interested in please email our Chief Instructor, Forrest Schoening, at [ci@arpc.info](mailto:ci@arpc.info).

## OUR ARCHERY RANGES HAVE MOVED AND ARE OPEN FOR USE!

### Known Distance Range

Please shoot each target from the corresponding yardage sign. The right target butt is the 20 yard butt and so on. Target butts are every 10 yards out to 60 yards. Please coordinate with other shooters prior to heading downrange.

### 3-D Range

The 3-D Range runs down the North side of the berm South of the Main Range. There are 13 lanes all ready for use. There isn't any shade like we had in the woods so keep hydrated. The lanes are fairly close together so please coordinate with shooters on the lane on each side before going downrange to pull arrows. Also do not forget to wear safety glasses as spall from the pistol plates on the Main Range can land on the archery ranges.

Albany Rifle and Pistol Club presents:

## **Basic Handgun**

Our Basic Handgun class at ARPC focuses on handgun familiarity and safety. There are no prerequisites for this class. The intent is to provide basic training for those with little or no shooting experience and for those who want a refresher on the basics. We have had experienced shooters with no formal training benefit from taking this class. Basic Handgun is 5 hours and participants will need a semi-auto handgun, and 50 rounds of new ammo (.380 to .45)

## **Safety & Basic Skills Evaluation**

This is a Skills Evaluation Test to demonstrate that you possess the necessary skill level to bypass our basic classes and advance into Level 1 Handgun or AR Level 1 **THIS IS NOT AN INSTRUCTIONAL OR A TEACHING CLASS!!**

## **Concealed Carry**

In this class you will receive the training qualifying you to apply for both the Oregon Concealed Handgun License and the Utah Concealed Firearm Permit. We teach both because the Oregon permit is limited to Oregon only, so travel out of state is problematic. The Utah concealed permit covers 32+ states. What makes this course unique is that we also provide the photo, the two sets of fingerprints, the application, and an addressed and stamped envelope for the Utah license, so after class you can just drop it in the mailbox. ARPC is a non-profit organization and provides this service to the community by helping to subsidize the cost of this class.

## **Skills Clinic**

The purpose of ARPC Classes is to ensure that you get the training you need to use your firearm safely and proficiently. With this in mind, we are now offering a free clinic that allows you to get additional training on one skill that was covered in the ARPC classes that you passed. One Clinic per class please.

## **Modern Sporting Rifle Fundamentals (Was AR Fundamentals)**

The Modern Sporting Rifle Fundamentals class is intended to familiarize students with Modern Sporting Rifles (MSR's), as well as basic firearms safety principles. There are no prerequisites for this class, as the intent is to provide a basic level of training for those with little or no shooting experience with their rifle, or for those who may have some experience but who want a refresher on the basics. Students may bring any Modern Sporting Rifle (including both AR and AK style firearms), but please be aware that an AR-15 platform firearm (either .223 or 5.56) will be required to advance to the AR Level I and AR Level 2 classes.

## **Trauma First Aid**

This is a First Aid Class that will cover common injuries but includes more on the type of injuries you might see while participating in shooting sports. This is a hands-on class and may use a pig's shoulder as a teaching aid. As an added bonus, you will receive a CPR, AED, and Basic First Aid Certificate Card at no extra charge.

## **Cleaning Class**

Shooting is fun, cleaning generally is not! But it is a necessary part of firearms knowledge and safety. This class is intended for any firearm owner to better learn how to clean their specific gun, whether it be a handgun, rifle, or shotgun. There is no one correct way to clean, as individual preferences abound. The purpose of this class is to expose the student to different methods of cleaning, from the use of solvents, lubricants, gun oils, CLP, ultrasonic cleaners, air compressors, and don't forget your old toothbrush! Bring your gun(s) and learn from experienced instructors. Bring whatever supplies you ordinarily use. If you have never cleaned a gun before or have no supplies, no worry, this class will help you decide what you do need to clean your gun. We will have supplies to borrow and use for students without their own.

## **Basic Firearms Safety (Coming in October)**

This class introduces new shooters, or those wanting a refresher, on basic concepts and principles related to firearms safety. Topics will include universal safety rules and concepts, firearms safety at home, firearms safety in vehicles, and firearms safety at the range. The class will consist of classroom lecture, dry-fire exercises, and live-fire exercises. Rifles, handguns, and shotguns are all welcome.

## **Level 1 Classes**

### **AR Level 1**

This class is the next level above our AR Fundamentals class and will build on the skills and knowledge covered in that class. The prerequisite is either ARPC's AR Fundamentals or our Safety & Basic Skill Evaluation. AR Level 1 will be 6 hours and participants will need to bring an AR-15 (.223 or 5.56), 100 rounds of new ammo, and at least 2 Mags holding 10 or more rounds.

### **Handgun Level 1**

This is the next level above our Basic Handgun class and will build on the skills and knowledge covered in that class. The prerequisite is either Basic Handgun Class or our Safety & Basic Skill Evaluation. Level 1 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45), 100 rounds of new ammo, and an outside the waist holster.

### **Low Light Handgun Level 1**

Our low light classes are intended for primarily home defenders or anyone out at night and armed. Our lead instructor will provide both classroom as well as range experience. We have chosen a night with little moonlight. The demonstration and practice drills will be both dry fire and live fire. The first night is classroom and the second night is range. Different hand held techniques and weapon mounted lights will be covered. This next class will be the level 1 class.

Remember, never shoot at something that you can not identify; never shoot at

shadows, sounds, or shapes! When there is a bump in the night at zero dark 30, what should you do? Come to class and find out!

## **Defensive Shotgun**

Defensive shotgun focuses on using the shotgun for home defense which is very different from clay games or hunting. This class is good for new shotgun shooters and established shooters who want to brush up and practice their skills. Students will bring their own shotgun (12 or 20 gauge, pump or semi-automatic, full shoulderable stock) which will be inspected by the instructor prior to class. Students should also bring ammunition appropriate for their shotgun (10 slugs, 10 buckshot, and 100 birdshot), eye and ear protection, and a way to carry ammunition on their person – such as a nail bag, apron, big pockets, or fannypack. The prerequisite for this class is successfully completing Basic Pistol, AR Fundamentals, or passing the Safety and Basic Skills Evaluation. This class is 6 hours and will be mostly hands on.

---

## **Level 2 Classes**

### **AR Level 2**

This is the 3<sup>rd</sup> class in the ARPC AR sequence. The prerequisite is successful completion of AR Level 1. We will build on the skills and the knowledge covered in the previous classes. AR Level 2 will be 6 hours and participants will need to bring a AR-15, 200 rounds of new ammo either .223 or 5.56 (no reloads, armor piercing, or green tip), at least 2 mags holding 10 or more rounds, and a mag pouches are required.

### **Level 2 Handgun**

Level 2 handgun is the 3<sup>rd</sup> class in the ARPC handgun sequence. We will build on the skills and the knowledge covered in the previous classes. The prerequisite is successful completion of Level 1 Handgun. Level 2 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45) or a revolver, 200 rounds of new ammo (no reloads), and outside the waist holster, and a speed reloader if using a revolver.

### **Low Light Handgun Level 2**

Our Low Light II Course builds on the skills and concepts of our first Low Light Course. This course will be taught in a two-night format. The first night will consist of a review of the skills and concepts of the first course along with live fire range work. The second night will be all live fire with drills stressing target identification and flashlight handling. As before, weapon mounted lights will be allowed and may be used but the focus will remain on flashlight deployment.
