

ARPC Saddle Butte Press December 2025 Newsletter

[Check Out Our Calendar of Events](#)

Office/Pro Shop Closure

We're incredibly grateful for your support and would like to inform you that our office/pro shop will be closed on December 25th, 2025 in observance of Christmas Day so the employees can spend time with their family on this wonderful holiday.

On January 1st, 2026, the office/pro shop will be closed in observance of the New Year. We here at ARPC wish you the best coming year for you and your family. We will return to our normal office hours on January 2nd, 2026. Thank you to all our members for making 2025 such a great year for ARPC.

ARPC Staff

From the Executive Director

Fellow ARPC members,

I am excited to announce that ARPC is going to be partnering with another great non-profit organization: Habitat for Humanity! Specifically, we are partnering with the Albany Area Habitat for Humanity. As many of you know, Habitat for Humanity is an organization that helps people purchase homes. Although Habitat for Humanity provides assistance to new homeowners, they do not "give away" the houses. Instead, they facilitate home ownership through affordable monthly mortgages. In addition, the new homeowners usually invest dozens or hundreds of hours of their own time and labor or "sweat equity" working alongside Habitat for Humanity volunteers and other homeowners to build or restore their homes. Habitat for Humanity also helps people who need repair assistance in order to keep their homes habitable.

Beginning in January of 2026, if ARPC members volunteer with Habitat for Humanity, ARPC will also recognize those volunteer hours as work bond hours (up to 6 hours work bond credit annually). Just make sure to let Habitat for Humanity know you are an ARPC member when you volunteer!

You also don't have to be handy with a hammer or saw to volunteer at Habitat for Humanity. Much like ARPC, there are many various ways to help out. Volunteering at the office or at the retail store can also count. Check out the Albany Area Habitat for Humanity website at <https://albanyareahfh.org> for more details. It's a great organization that shares our value of giving neighbors in our community a hand up instead of a hand-out.

Sincerely,
Forrest Schoening

Gate Access

Recently we have had an increase in members letting other members into ARPC when the first member's gate card is not working. Although I firmly believe in helping others out, especially fellow members, please don't extend this courtesy to the front gate. In the office, we turn member's gate cards off for a variety of reasons - whether it is because the member's dues are in arrears in excess of 60 days, or because the member has committed a safety violation and a review is pending, or there is some other matter concerning the member. Instead of letting them in, please have them call the office and we will resolve the issue as quickly as we can. Remember - if you let an unauthorized person onto ARPC property, you may be responsible for any damages that person causes, and you may be referred to the Executive Board for disciplinary action if appropriate.

ARPC Staff

ARPC Classes in December

Handgun Fundamentals: 12-7-25
Low Light Handgun 1: 12-8-25 & 12-9-25 (Split Night class)
Safety and Basic Skills Evaluation: 12-10-25
Skills Clinic: 12-11-25

Handgun Level 2: 12-13-25
Trauma First Aid: 12-13-25
Concealed Carry: 12-14-25
AR Level 2: 12-20-25

Private Instruction: Times to be determined on an individual basis.

Coming in January 2026!

Youth Firearm Safety!!!

Coming in February 2026

Defensive Shotgun

Cleaning Class

Handgun Level 3

Please check out our calendar for more information regarding our classes.

To register for a class please fill out the registration form found on the Training page of our website ([Here](#)), or from the second page from the link on our calendar.

If you have questions, please email classes@arpc.info

Basic Firearms Safety

This class introduces new shooters, or those wanting a refresher, on basic concepts and principles related to firearms safety. Topics will include universal safety rules and concepts, firearms safety at home, firearms safety in vehicles, and firearms safety at the range. The class will consist of classroom lecture, dry-fire exercises, and live-fire exercises. Rifles, handguns, and shotguns are all welcome.

Youth Firearm Safety - 12 years to 17 years

This is an introductory class that covers 1) safe firearms handling, 2) firearms safety in the home, and 3) knowledge of most firearm types, operation, and care.

The class includes a .22 caliber live fire exercise on the indoor range, and explores further training and shooting opportunities. This class meets and exceeds the requirements for successful completion of the NRA Home Firearms Safety course.

Participants under the age of 18 must have a parent or legal guardian present during the class.

The class is 4 hours in length. Cost is \$15. All materials are provided.

Class size is limited to eight (8) participants per session. To register, please contact the Main Office at Classes@arpc.info or 541-491-3755. For questions about the course, contact Jim Baglien at jbaglien@gmail.com .

Safety & Basic Skills Evaluation

This is a Skills Evaluation Test to demonstrate that you possess the necessary skill level to bypass our basic classes and advance into Level 1 Handgun or AR Level 1

Handgun Fundamentals

Our Basic Handgun class at ARPC focuses on handgun familiarity and safety. There are no prerequisites for this class. The intent is to provide basic training for those with little or no shooting experience and for those who want a refresher on the basics. We have had experienced shooters with no formal training benefit from taking this class. Basic Handgun is 5 hours and participants will need a semi-auto handgun, and 50 rounds of new ammo (.380 to .45)

Concealed Carry

In this class you will receive the training qualifying you to apply for both the Oregon Concealed Handgun License and the Utah Concealed Firearm Permit. We teach both because the Oregon permit is limited to Oregon only, so travel out of state is problematic. The Utah concealed permit covers 32+ states. What makes this course unique is that we also provide the photo, the two sets of fingerprints, the application, and an addressed and stamped envelope for the Utah license, so after class you can just drop it in the mailbox. ARPC is a non-profit organization and provides this service to the community by helping to subsidize the cost of this class.

Skills Clinic

The purpose of ARPC Classes is to ensure that you get the training you need to use your firearm safely and proficiently. With this in mind, we are now offering a free clinic that allows you to get additional training on one skill that was covered in the ARPC classes that you passed. One Clinic per class please.

Modern Sporting Rifle Fundamentals (AR Fundamentals)

The Modern Sporting Rifle Fundamentals class is intended to familiarize students with Modern Sporting Rifles (MSR's), as well as basic firearms safety principles. There are no prerequisites for this class, as the intent is to provide a basic level of training for those with little or no shooting experience with their rifle, or for those who may have some experience but who want a refresher on the basics. Students may bring any Modern Sporting Rifle (including both AR and AK style firearms), but please be aware that an AR-15 platform firearm (either .223 or 5.56) will be required to advance to the AR Level I and AR Level 2 classes.

Trauma First Aid

This is a First Aid Class that will cover common injuries but includes more on the type of injuries you might see while participating in shooting sports. This is a hands-on class and may use a pig's shoulder as a teaching aid. As an added bonus, you will receive a CPR, AED, and Basic First Aid Certificate Card at no extra charge.

Cleaning Class

Shooting is fun, cleaning generally is not! But it is a necessary part of firearms knowledge and safety. This class is intended for any firearm owner to better learn how to clean their specific gun, whether it be a handgun, rifle, or shotgun. There is no one correct way to clean, as individual preferences abound. The purpose of this class is to expose the student to different methods of cleaning, from the use of solvents, lubricants, gun oils, CLP, ultrasonic cleaners, air compressors, and don't forget your old toothbrush! Bring your gun(s) and learn from experienced instructors. Bring whatever supplies you ordinarily use. If you have never cleaned a gun before or have no supplies, no worry, this class will help you decide what you do need to clean your gun. We will have supplies to borrow and use for students without their own.

Level 1 Classes

AR Level 1

This class is the next level above our MSR Fundamentals class and will build on the skills and knowledge covered in that class. The prerequisite is either ARPC's MSR Fundamentals (with an AR-15) or our Safety & Basic Skill Evaluation. AR Level 1 will be 6 hours and participants will need to bring an AR-15 (.223 or 5.56), 100 rounds of new ammo, and at least 2 Mags holding 10 or more rounds.

Handgun Level 1

This is the next level above our Basic Handgun class and will build on the skills and knowledge covered in that class. The prerequisite is either Basic Handgun Class or our Safety & Basic Skill Evaluation. Level 1 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45), 100 rounds of new ammo, and an outside the waist holster.

Defensive Shotgun

Defensive shotgun focuses on using the shotgun for home defense which is very different from clay games or hunting. This class is good for new shotgun shooters and established shooters who want to brush up and practice their skills. Students will bring their own shotgun (12 or 20 gauge, pump or semi-automatic, full shoulderable stock) which will be inspected by the instructor prior to class. Students should also bring ammunition appropriate for their shotgun (10 slugs, 10 buckshot, and 100 birdshot), eye and ear protection, and a way to carry ammunition on their person – such as a nail bag, apron, big pockets, or fannypack. The prerequisite for this class is successfully completing Basic Pistol, AR Fundamentals, or passing the Safety and Basic Skills Evaluation. This class is 6 hours and will be mostly hands on.

Level 2 Classes

AR Level 2

This is the 3rd class in the ARPC AR sequence. The prerequisite is successful completion of AR Level 1. We will build on the skills and the knowledge covered in the previous classes. AR Level 2 will be 6 hours and participants will need to bring a AR-15, 200 rounds of new ammo either .223 or 5.56 (no reloads, armor piercing, or green tip), at least 2 mags holding 10 or more rounds, and a mag pouches are required.

Level 2 Handgun

Level 2 handgun is the 3rd class in the ARPC handgun sequence. We will build on the skills and the knowledge covered in the previous classes. The prerequisite is successful completion of Level 1 Handgun. Level 2 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45) or a revolver, 200 rounds of new ammo (no reloads), and outside the waist holster, and a speed reloader if using a revolver.

Low Light Handgun Level 1

Our low light classes are intended for primarily home defenders or anyone out at night and armed. Our lead instructor will provide both classroom as well as range experience. We have chosen a night with little moonlight. The demonstration and practice drills will be both dry fire and live fire. The first night is classroom and the second night is range. Different hand held techniques and weapon mounted lights will be covered. This next class will be the level 1 class.

Remember, never shoot at something that you can not identify; never shoot at shadows, sounds, or shapes! When there is a bump in the night at zero dark 30, what should you do? Come to class and find out!

Please note that Handgun Level 1 is a prerequisite of this class.

Level 3 Classes

Low Light Handgun Level 2

Our Low Light II Course builds on the skills and concepts of our first Low Light Course. This course will be taught in a two-night format. The first night will consist of a review of the skills and concepts of the first course along with live fire range work. The second night will be all live fire with drills stressing target identification and flashlight handling. As before, weapon mounted lights will be allowed and may be used but the focus will remain on flashlight deployment.

Handgun Level 3

Classroom instruction will include Ethical Responsibilities of CCW, dealing with violent encounters, considerations of holding attackers at gunpoint, contacting law enforcement and dealing with their arrival, the aftermath of a defensive shooting and more. Practical techniques for concealed carry such as a discussion of holsters, carry location and clothing will be discussed and demonstrated in greater depth than prior classes.

New skills will include drawing and shooting using appropriately concealed firearms. No “range rigs” or “war belts” will be allowed. Range appropriate

concealed holsters such as 3 o'clock OWB or IWB appendix holsters, preferably Kydex or leather, will be used for this course.

Range work will consist of line drills and advance to scenario-based shooting sessions with shoot/no shoot targets and reactive targets designed to enhance student reactions to situations and assist with their thought process during defensive encounters.

Newsletter Classifieds Policy

All Sale/Wanted Items are on a monthly basis. If you wish to place an ad or have your ad continue to run , you will have to inform us by email (frontoffice@arpc.info) no later than the **25th** of each month. **NO PICTURES.** ARPC reserves the right to adjust ad to conform to the newsletter standards. All firearms must go through a FFL.

Editor's note - although we typically limit for sale ads to one page in length, we are making an exception in the following case because the member is helping out the widow of a former member.

For Sale

As a current ARPC member I am helping my deceased friend's (a former ARPC member) wife dispose of a variety of reloading supplies and equipment. Pictures on request. All prices are based on my on-line research. I'm not an expert so all pricing is OBO but please no low balling, I'm not desperate to sell and 100 % of all the money goes directly to her.

Reloading Equipment: This is all used equipment.

1. MEC Model 650 Reloader 12 Ga. – With bulk primer loader, lead and power canisters, extra charge bar and other assorted accessories, some assorted Wads included: - \$150
2. Midway Model 1292 Tumbler w/ Manuals: - \$50.00.
3. RCBS Reloader Rock Chucker Model with a RCBS Piggyback II Conversion Unit. Includes a RCBS 5-10 Scale, a RCBS Automatic Primer Feeder Body Large Tube and a RCBS Primer Pocket Swager Combo. Also included are assorted Hand Tools and assorted RCBS reloader Parts: – All for \$400.00
4. Lyman Ideal Powder Measure No. 55, Plus an Ideal Reloader of Unknown Gauge: - \$50.00.
5. Bigsby Engineering Case Trimmer: - \$25.00
6. Lyman Universal Case Trimmer: - \$50.00
7. Lee Precision Priming Tool: - \$35.00
8. Ideal Single Bullet Molding Tools 6 Different bullet molds: - \$100.00
9. J.A. Hume Firearm Service Daly City 25Calif. 5 – Misc. Unknown Parts from I do not know what equipment but looks like a scale. - Free

Reloading Dies: These are all used RCBS, most are 3 Die carbide sets. Prices are based on on-line \$ numbers and are listed for individual sets.

1. RCBS 30-06: - \$50.00
2. RCBS 38 Special / 30 CAL Carbine: - \$30.00
3. Approximately 15 Mixed Dies Loose in a Box: - \$5.00 Ea.
4. RCBS 3-Die Carbide Set .357MG/.38SP PN: 18212 - \$90.00
5. RCBS 3-Die Carbide TC Set .45 Auto PN: 18915 - \$75.00
6. RCBS 3-Die Carbide Set .30 Carbine PN: 18009 - \$70.00
7. RCBS 3-Die Carbide Set .32 S&W LH&R MG PN: 21412 – \$65.00
8. RCBS 3-Die Carbide TC Set 9MM Luger PN: 20515 - \$100.00
9. RCBS 3-Die Carbide Set .44MG/.44SP PN: 18612 - \$85.00

Powders: Many of these containers have had some inventory removed and / or are in classic containers. The weights shown are based on the container annotated size not actual inventory. I would like to sell all the powders as one combined package – buy it all for one price.

Membership Account Access

We are utilizing QuickBooks Online to simplify the renewal and New Member process. This is a simple and safe system to use. We will email you an invoice. With a few simple clicks and your credit card information your dues will be paid. You will receive an emailed receipt showing your dues are paid. You can also mail us a check or pay in person. As an ARPC member you have access to your own section of the website. In that section you can update your mailing address and email address. Forgotten your login information? No problem. Just [email the office](#) and we'll send a reminder to your email address that we have on file.

About Us

Albany Rifle and Pistol Club is centrally located in Linn County, Oregon and consists of six ranges. We are a membership club; however, we feature a wide variety of shooting disciplines and educational classes that are open to the public.

Contact us to schedule a range tour. You'll like what you see.

Office and Pro Shop Hours, Monday through Saturday, 10AM-5PM
