[Check Out Our Calendar of Events](#)

From the Executive Director

Fellow ARPC members,

As some of you may have already noticed, we recently took down the "wall hangers" that were decorating the walls of our club house. For those of you who don't frequent the club house, the "wall hangers" are older firearms that individuals or groups have donated to ARPC over the years. Some of these firearms include an Iver Johnson Arms and Cycle Works shotgun, a Central Arms Co coach gun, a Winchester M12 shotgun, and others. Although we have information on some of the firearms, we are lacking information on others. In an effort to preserve some of the club's history, I am seeking any and all information related to these firearms. If you know anything about the firearms, or know someone who does, please get in touch with the Pro Shop and let us know. I would like to recognize the individuals and/or groups that have donated the firearms by affixing a small plaque to each firearm noting the make, model, and donor. Once we have finished our research and the firearms have been spruced up, they will return to the walls of the club house for all to admire! Please help preserve ARPC history if you can!

Sincerely,
Forrest Schoening

Spring Gun and Sportsman's Show

It is that time of year again, and we are gearing up for our Spring Gun Show on March 7th & 8th, 2026. We will request volunteers for the show starting the first of February.

There will be a new form for volunteers to fill out when signing up for shifts. This will be found on the second page of the calendar (find the Gun show in March and click on the link).

If you are interested in being a Vendor, please go to our website and click on “gun show” under “info”. Print the application, fill it out and mail it to: ARPC 29999 Saddle Butte Rd Shedd Or 97377 We will fill open tables based on postmark date.

We won't be signing anyone up to volunteer for the show until February. We will have instructions in the February Newsletter

Membership Drive

Tell a friend! Tell a family member! Tell a loved one! Tell a co-worker! ARPC is having a membership drive from January through March of this year. We are offering two separate deals as described below -

If a current member in good standing refers someone to ARPC, that member will receive 50% off of their annual membership dues when the person referred completes New Member Orientation and becomes a member themselves. The new member must meet all membership requirements prior to March 31, 2026.

Non-members who join ARPC will receive 50% off of the initiation fee. As above, all membership requirements must be met prior to March 31, 2026.

The above discounts cannot be combined with each other or any other offers. If you have any questions or would like more information, please contact the Pro Shop during business hours.

Please check out our calendar for more information regarding our classes.

To register for a class please fill out the registration form found on the Training page of our website ([Here](#)), or from the second page from the link on our calendar.

If you have questions, please email classes@arpc.info

Basic Firearms Safety

This class introduces new shooters, or those wanting a refresher, on basic concepts and principles related to firearms safety. Topics will include universal safety rules and concepts, firearms safety at home, firearms safety in vehicles, and firearms safety at the range. The class will consist of classroom lecture, dry-fire exercises, and live-fire exercises. Rifles, handguns, and shotguns are all welcome.

Youth Firearm Safety - 12 years to 17 years

This is an introductory class that covers 1) safe firearms handling, 2) firearms safety in the home, and 3) knowledge of most firearm types, operation, and care.

The class includes a .22 caliber live fire exercise on the indoor range, and explores further training and shooting opportunities. This class meets and exceeds the requirements for successful completion of the NRA Home Firearms Safety course.

Participants under the age of 18 must have a parent or legal guardian present during the class.

The class is 4 hours in length. Cost is \$15. All materials are provided.

Class size is limited to eight (8) participants per session. To register, please contact the Main Office at Classes@arpc.info or 541-491-3755. For questions about the course, contact Jim Baglien at jbaglien@gmail.com.

Safety & Basic Skills Evaluation

This is a Skills Evaluation Test to demonstrate that you possess the necessary skill level to bypass our basic classes and advance into Level 1 Handgun or AR Level 1. THIS IS NOT AN INSTRUCTIONAL OR A TEACHING CLASS!!

Handgun Fundamentals

Our Basic Handgun class at ARPC focuses on handgun familiarity and safety. There are no prerequisites for this class. The intent is to provide basic training for those

with little or no shooting experience and for those who want a refresher on the basics. We have had experienced shooters with no formal training benefit from taking this class. Basic Handgun is 5 hours and participants will need a semi-auto handgun, and 50 rounds of new ammo (.380 to .45)

Concealed Carry

In this class you will receive the training qualifying you to apply for both the Oregon Concealed Handgun License and the Utah Concealed Firearm Permit. We teach both because the Oregon permit is limited to Oregon only, so travel out of state is problematic. The Utah concealed permit covers 32+ states. What makes this course unique is that we also provide the photo, the two sets of fingerprints, the application, and an addressed and stamped envelope for the Utah license, so after class you can just drop it in the mailbox. ARPC is a non-profit organization and provides this service to the community by helping to subsidize the cost of this class.

Skills Clinic

The purpose of ARPC Classes is to ensure that you get the training you need to use your firearm safely and proficiently. With this in mind, we are now offering a free clinic that allows you to get additional training on one skill that was covered in the ARPC classes that you passed. One Clinic per class please.

Modern Sporting Rifle Fundamentals (AR Fundamentals)

The Modern Sporting Rifle Fundamentals class is intended to familiarize students with Modern Sporting Rifles (MSR's), as well as basic firearms safety principles. There are no prerequisites for this class, as the intent is to provide a basic level of training for those with little or no shooting experience with their rifle, or for those who may have some experience but who want a refresher on the basics. Students may bring any Modern Sporting Rifle (including both AR and AK style firearms), but please be aware that an AR-15 platform firearm (either .223 or 5.56) will be required to advance to the AR Level I and AR Level 2 classes.

Trauma First Aid

This is a First Aid Class that will cover common injuries but includes more on the type of injuries you might see while participating in shooting sports. This is a hands-on class and may use a pig's shoulder as a teaching aid. As an added bonus, you will receive a CPR, AED, and Basic First Aid Certificate Card at no extra charge.

Cleaning Class

Shooting is fun, cleaning generally is not! But it is a necessary part of firearms knowledge and safety. This class is intended for any firearm owner to better learn how to clean their specific gun, whether it be a handgun, rifle, or shotgun. There is no one correct way to clean, as individual preferences abound. The purpose of this class is to expose the student to different methods of cleaning, from the use of solvents, lubricants, gun oils, CLP, ultrasonic cleaners, air compressors, and don't forget your old toothbrush! Bring your gun(s) and learn from experienced instructors. Bring whatever supplies you ordinarily use. If you have never cleaned a

gun before or have no supplies, no worry, this class will help you decide what you do need to clean your gun. We will have supplies to borrow and use for students without their own.

Level 1 Classes

AR Level 1

This class is the next level above our MSR Fundamentals class and will build on the skills and knowledge covered in that class. The prerequisite is either ARPC's MSR Fundamentals (with an AR-15) or our Safety & Basic Skill Evaluation. AR Level 1 will be 6 hours and participants will need to bring an AR-15 (.223 or 5.56), 100 rounds of new ammo, and at least 2 Mags holding 10 or more rounds.

Handgun Level 1

This is the next level above our Basic Handgun class and will build on the skills and knowledge covered in that class. The prerequisite is either Basic Handgun Class or our Safety & Basic Skill Evaluation. Level 1 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45), 100 rounds of new ammo, and an outside the waist holster.

Defensive Shotgun

Defensive shotgun focuses on using the shotgun for home defense which is very different from clay games or hunting. This class is good for new shotgun shooters and established shooters who want to brush up and practice their skills. Students will bring their own shotgun (12 or 20 gauge, pump or semi-automatic, full shoulderable stock) which will be inspected by the instructor prior to class. Students should also bring ammunition appropriate for their shotgun (10 slugs, 10 buckshot, and 100 birdshot), eye and ear protection, and a way to carry ammunition on their person – such as a nail bag, apron, big pockets, or fannypack. The prerequisite for this class is successfully completing Basic Pistol, AR Fundamentals, or passing the Safety and Basic Skills Evaluation. This class is 6 hours and will be mostly hands on.

Level 2 Classes

AR Level 2

This is the 3rd class in the ARPC AR sequence. The prerequisite is successful completion of AR Level 1. We will build on the skills and the knowledge covered in the previous classes. AR Level 2 will be 6 hours and participants will need to bring a AR-15, 200 rounds of new ammo either .223 or 5.56 (no reloads, armor piercing, or green tip), at least 2 mags holding 10 or more rounds, and a mag pouches are required.

Level 2 Handgun

Level 2 handgun is the 3rd class in the ARPC handgun sequence. We will build on the skills and the knowledge covered in the previous classes. The prerequisite is successful completion of Level 1 Handgun. Level 2 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45) or a revolver, 200 rounds of new ammo (no reloads), and outside the waist holster, and a speed reloader if using a revolver.

Low Light Handgun Level 1

Our low light classes are intended for primarily home defenders or anyone out at night and armed. Our lead instructor will provide both classroom as well as range experience. We have chosen a night with little moonlight. The demonstration and practice drills will be both dry fire and live fire. The first night is classroom and the second night is range. Different hand held techniques and weapon mounted lights will be covered. This next class will be the level 1 class.

Remember, never shoot at something that you can not identify; never shoot at shadows, sounds, or shapes! When there is a bump in the night at zero dark 30, what should you do? Come to class and find out!

Please note that Handgun Level 1 is a prerequisite of this class.

Level 3 Classes

Low Light Handgun Level 2

Our Low Light II Course builds on the skills and concepts of our first Low Light Course . This course will be taught in a two-night format. The first night will consist of a review of the skills and concepts of the first course along with live fire range work. The second night will be all live fire with drills stressing target identification and flashlight handling. As before, weapon mounted lights will be allowed and may be used but the focus will remain on flashlight deployment.

Handgun Level 3

Classroom instruction will include Ethical Responsibilities of CCW, dealing with violent encounters, considerations of holding attackers at gunpoint, contacting law enforcement and dealing with their arrival, the aftermath of a defensive shooting and more. Practical techniques for concealed carry such as a discussion of holsters, carry location and clothing will be discussed and demonstrated in greater depth than prior classes.

New skills will include drawing and shooting using appropriately concealed firearms. No “range rigs” or “war belts” will be allowed. Range appropriate concealed holsters such as 3 o’clock OWB or IWB appendix holsters, preferably Kydex or leather, will be used for this course.

Range work will consist of line drills and advance to scenario-based shooting sessions with shoot/no shoot targets and reactive targets designed to enhance student reactions to situations and assist with their thought process during defensive encounters.

Newsletter Classifieds Policy

All Sale/Wanted Items are on a monthly basis. If you wish to place an ad or have your ad continue to run, you will have to inform us by email (frontoffice@arpc.info) no later than the **25th** of each month. **NO PICTURES.** ARPC reserves the right to adjust ad to conform to the newsletter standards. All firearms must go through a FFL.

For Sale

This is my deceased friend's inventory. All proceeds to his wife. There is still a lot of inventory as listed in last month's newsletter. These \$ supersede those. I've priced this inventory from list prices and subtracted 50%. Then subtracted another 17% if you buy either all the bullets or casings. Then subtracted another 18% if you buy all the bullets and casings! I've priced it this way to quickly move it all at once, not in bits and pieces.
