

ARPC Saddle Butte Press March 2026 Newsletter

[Check Out Our Calendar of Events](#)

From the Executive Director

Dear Fellow Members,

We occasionally get reports of various wildlife sightings here at ARPC. Most of the critters that members report seeing here are innocuous, but others can be a bit concerning. Although we can't say with 100% certainty that there are no rattlesnakes here on the property, we can say that there have been no recent confirmed sightings. When we do get reports of rattlesnake sightings, the culprit is usually this guy or one of his friends:

This guy is a Pacific Gopher Snake (*Pituophis catenifer catenifer*), and he was seen on the gravel pathway just past the 50-yardline on the main range. Probably just trying to warm up a little bit in the late morning sunshine. Pacific Gopher Snakes can be anywhere from 4 to 7 feet in length, although this guy was only about 2 to 3

feet long. Pacific Gopher Snakes often get confused for rattlesnakes because they can mimic rattlesnake patterns and defense mechanisms when they are alarmed. The Pacific Gopher Snake can produce a loud hiss when agitated or fearful and, when feeling threatened, will sometimes inflate its body, flatten its head, and vigorously shake its tail, which may produce a rattling sound if done in dry vegetation. Unlike rattlesnakes, gopher snakes are non-venomous, are generally good natured, and are not harmful to humans. Although it can be a little disconcerting to see this guy while you are walking downrange to change your target, please don't harass or hurt them! Gopher snakes mainly prey on rodents, so they are an important, natural form of pest control here at ARPC.

Sincerely,
Forrest Schoening

Membership Drive

Tell a friend! Tell a family member! Tell a loved one! Tell a co-worker! ARPC is having a membership drive from January through March of this year. We are offering two separate deals as described below -

If a current member in good standing refers someone to ARPC, that member will receive 50% off of their annual membership dues when the person referred completes New Member Orientation and becomes a member themselves. The new member must meet all membership requirements prior to March 31, 2026.

Non-members who join ARPC will receive 50% off of the initiation fee. As above, all membership requirements must be met prior to March 31, 2026.

The above discounts cannot be combined with each other or any other offers. If you have any questions or would like more information, please contact the Pro Shop during business hours.

ARPC Staff

Bowling Pins 2026

The Bowling Pins season begins this month, Thursday, March 12, at 6 pm, and runs through September. We shoot in Bay 6, on the 2nd and 4th Thursdays of the month, plus a few special dates outlined below.

This season we will again have '9mm Novice' nights to give shooters a chance – especially shooters who may only have a 9mm – to compete against each other using similar equipment. '9mm' means 9mm Luger. 'Novice' means someone who has never won a centerfire handgun pin shoot. The pins will be set further back on the table, to make clearing pins with a 9mm easier. Three Novice meets are scheduled this year, on the 3rd Thursdays of the month, May 21, July 16, and August 20.

We have a mandatory safety briefing at 6 pm before each shoot – please be on time!

Check out our web page at <https://www.arpc.info/sports/handgun/bowlingpins/> , and especially our FAQ at https://www.arpc.info/docs/Bowling_Pins_FAQ.pdf , for all the details.

If you have any questions, please contact Jim Baglien at jbaglien@gmail.com.

Range Day 4-4-26

ARPC Range Days are an opportunity to work on rifle and pistol drills in a controlled setting and share camaraderie with a group of like minded individuals. The second quarter Range Day is coming up. You can use the form [here](#) to register, go the Range Day on the calendar and click on the link, or you can send an email to classes@arpc.info.

Youth Firearm Safety

Please check out our calendar for more information regarding our classes.

To register for a class please fill out the registration form found on the Training page of our website ([Here](#)), or from the second page from the link on our calendar.

If you have questions, please email classes@arpc.info

Basic Firearms Safety

This class introduces new shooters, or those wanting a refresher, on basic concepts and principles related to firearms safety. Topics will include universal safety rules and concepts, firearms safety at home, firearms safety in vehicles, and firearms safety at the range. The class will consist of classroom lecture, dry-fire exercises, and live-fire exercises. Rifles, handguns, and shotguns are all welcome.

Youth Firearm Safety - 12 years to 17 years

This is an introductory class that covers 1) safe firearms handling, 2) firearms safety in the home, and 3) knowledge of most firearm types, operation, and care.

The class includes a .22 caliber live fire exercise on the indoor range and explores further training and shooting opportunities. This class meets and exceeds the requirements for successful completion of the NRA Home Firearms Safety course.

Participants under the age of 18 must have a parent or legal guardian present during the class.

The class is 4 hours in length. Cost is \$15. All materials are provided.

Class size is limited to eight (8) participants per session. To register, please contact the Main Office at Classes@arpc.info or 541-491-3755. For questions about the course, contact Jim Baglien at jbaglien@gmail.com.

Safety & Basic Skills Evaluation

This is a Skills Evaluation Test to demonstrate that you possess the necessary skill level to bypass our basic classes and advance into Level 1 Handgun or AR Level 1. THIS IS NOT AN INSTRUCTIONAL OR A TEACHING CLASS!!

Handgun Fundamentals

Our Basic Handgun class at ARPC focuses on handgun familiarity and safety. There are no prerequisites for this class. The intent is to provide basic training for those with little or no shooting experience and for those who want a refresher on the basics. We have had experienced shooters with no formal training benefit from taking this class. Basic Handgun is 5 hours and participants will need a semi-auto handgun, and 50 rounds of new ammo (.380 to .45)

Concealed Carry

In this class you will receive the training qualifying you to apply for both the Oregon Concealed Handgun License and the Utah Concealed Firearm Permit. We teach both because the Oregon permit is limited to Oregon only, so travel out of state is problematic. The Utah concealed permit covers 32+ states. What makes this course unique is that we also provide the photo, the two sets of fingerprints, the application, and an addressed and stamped envelope for the Utah license, so after class you can just drop it in the mailbox. ARPC is a non-profit organization and provides this service to the community by helping to subsidize the cost of this class.

Skills Clinic

The purpose of ARPC Classes is to ensure that you get the training you need to use your firearm safely and proficiently. With this in mind, we are now offering a free clinic that allows you to get additional training on one skill that was covered in the ARPC classes that you passed. One Clinic per class please.

Modern Sporting Rifle Fundamentals (AR Fundamentals)

The Modern Sporting Rifle Fundamentals class is intended to familiarize students with Modern Sporting Rifles (MSR's), as well as basic firearms safety principles. There are no prerequisites for this class, as the intent is to provide a basic level of training for those with little or no shooting experience with their rifle, or for those who may have some experience, but who want a refresher on the basics. Students may bring any Modern Sporting Rifle (including both AR and AK style firearms), but please be aware that an AR-15 platform firearm (either .223 or 5.56) will be required to advance to the AR Level I and AR Level 2 classes.

Trauma First Aid

This is a First Aid/Trauma class that will cover common injuries but focuses mostly on the types of injuries you might see while participating in shooting sports. This is a hands-on class and may use a pig's shoulder as a teaching aid. Students may be required to get down on the floor in order to practice some first aid techniques. **CPR and AED deployment will be discussed during class, but certification is not provided.**

Cleaning Class

Shooting is fun, cleaning generally is not! But it is a necessary part of firearms knowledge and safety. This class is intended for any firearm owner to better learn how to clean their specific gun, whether it be a handgun, rifle, or shotgun. There is no one correct way to clean, as individual preferences abound. The purpose of this class is to expose the student to different methods of cleaning, from the use of solvents, lubricants, gun oils, CLP, ultrasonic cleaners, air compressors, and don't forget your old toothbrush! Bring your gun(s) and learn from experienced instructors. Bring whatever supplies you ordinarily use. If you have never cleaned a gun before or have no supplies, no worry, this class will help you decide what you do need to clean your gun. We will have supplies to borrow and use for students without their own.

Level 1 Classes

AR Level 1

This class is the next level above our MSR Fundamentals class and will build on the skills and knowledge covered in that class. The prerequisite is either ARPC's MSR

Fundamentals (with an AR-15) or our Safety & Basic Skill Evaluation. AR Level 1 will be 6 hours and participants will need to bring an AR-15 (.223 or 5.56), 100 rounds of new ammo, and at least 2 Mags holding 10 or more rounds.

Handgun Level 1

This is the next level above our Basic Handgun class and will build on the skills and knowledge covered in that class. The prerequisite is either Basic Handgun Class or our Safety & Basic Skill Evaluation. Level 1 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45), 100 rounds of new ammo, and an outside the waist holster.

Defensive Shotgun

Defensive shotgun focuses on using the shotgun for home defense which is very different from clay games or hunting. This class is good for new shotgun shooters and established shooters who want to brush up and practice their skills. Students will bring their own shotgun (12 or 20 gauge, pump or semi-automatic, full shoulderable stock) which will be inspected by the instructor prior to class. Students should also bring ammunition appropriate for their shotgun (10 slugs, 10 buckshot, and 100 birdshot), eye and ear protection, and a way to carry ammunition on their person – such as a nail bag, apron, big pockets, or fannypack. The prerequisite for this class is successfully completing Basic Pistol, AR Fundamentals, or passing the Safety and Basic Skills Evaluation. This class is 6 hours and will be mostly hands on.

Level 2 Classes

AR Level 2

This is the 3rd class in the ARPC AR sequence. The prerequisite is successful completion of AR Level 1 We will build on the skills and the knowledge covered in the previous classes. AR Level 2 will be 6 hours and participants will need to bring a AR-15, 200 rounds of new ammo either .223 or 5.56 (no reloads, armor piercing, or green tip), at least 2 mags holding 10 or more rounds, and a mag pouches are required.

Level 2 Handgun

Level 2 handgun is the 3rd class in the ARPC handgun sequence. We will build on the skills and the knowledge covered in the previous classes. The prerequisite is successful completion of Level 1 Handgun. Level 2 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45) or a revolver, 200 rounds of new ammo (no reloads), and outside the waist holster, and a speed reloader if using a revolver.

Low Light Handgun Level 1

Our low light classes are intended for primarily home defenders or anyone out at night and armed. Our lead instructor will provide both classroom as well as range experience. We have chosen a night with little moonlight. The demonstration and practice drills will be both dry fire and live fire. The first night is classroom and the

second night is range. Different hand held techniques and weapon mounted lights will be covered. This next class will be the level 1 class.

Remember, never shoot at something that you can not identify; never shoot at shadows, sounds, or shapes! When there is a bump in the night at zero dark 30, what should you do? Come to class and find out!

Please note that Handgun Level 1 is a prerequisite of this class.

Level 3 Classes

Low Light Handgun Level 2

Our Low Light II Course builds on the skills and concepts of our first Low Light Course . This course will be taught in a two-night format. The first night will consist of a review of the skills and concepts of the first course along with live fire range work. The second night will be all live fire with drills stressing target identification and flashlight handling. As before, weapon mounted lights will be allowed and may be used but the focus will remain on flashlight deployment.

Handgun Level 3

Classroom instruction will include Ethical Responsibilities of CCW, dealing with violent encounters, considerations of holding attackers at gunpoint, contacting law enforcement and dealing with their arrival, the aftermath of a defensive shooting and more. Practical techniques for concealed carry such as a discussion of holsters, carry location and clothing will be discussed and demonstrated in greater depth than prior classes.

New skills will include drawing and shooting using appropriately concealed firearms. No “range rigs” or “war belts” will be allowed. Range appropriate concealed holsters such as 3 o’clock OWB or IWB appendix holsters, preferably Kydex or leather, will be used for this course.

Range work will consist of line drills and advance to scenario-based shooting sessions with shoot/no shoot targets and reactive targets designed to enhance student reactions to situations and assist with their thought process during defensive encounters.

Newsletter Classifieds Policy

All Sale/Wanted Items are on a monthly basis. If you wish to place an ad or have your ad continue to run, you will have to inform us by email (frontoffice@arpc.info) no later than the **25th** of each month. **NO PICTURES.** ARPC reserves the right to adjust submitted ads to conform to the newsletter standards. All firearms transfers must go through an FFL.

For Sale

I am in the last stage of helping my deceased friend's (a former ARPC member) wife dispose of a variety of guns. Pictures on request. All prices are based on my research. I'm not an expert so all pricing is OBO so call to discuss. She's not desperate to sell and 100 % of all the money goes directly to her. The following guns are for sale and I have receipts for many of them. I'm also selling my deceased friends gun supplies. Priced to Sell but all reasonable offers will be considered.

For Sale

Mauser HSc 7.65 / .32ACP circa 1942'ish

Markings indicate war production, and I'm happy to do some more research together on the cartouches if you'd like. Comes with leather holster, and two magazines (one original, marked Mauser, and another aftermarket that is unmarked and works flawlessly). **\$800.**

Thompson Encore Pistol - 22-250

Has black pistol grip, 2 foregrips and pins, 22-250 barrel with scope mount and aftermarket trigger. **\$800**

Remington 870 Express Youth Magnum - 20GA Excellent condition, adjustable chokes, like new with original box/packaging and all paperwork from the 1990's. I personally fired maybe 9 rounds through it and am the second owner. **\$600**

Remington Wingmaster - 2&3/4" chamber 12GA

Markings indicate 1950's or 1970's vintage. 30" full choke barrel, incredible action and overall in great shape. Wood shows signs of use, receiver and barrel are in great condition. **\$450**

Remington Model 58 - Semi Auto 12GA

Long 30"+ barrel, first year of production, I believe. I completely took it apart and cleaned it. The stamped/embossed images on the side are beautiful. Really neat shotgun with adjustable gas system. **\$400**

Batavia Leader by Baker Gun Co - 12GA Side by Side

Antique, gorgeous Damascus barrels, serial number 75,XXX making this 1890's production. Cleaned and everything functions. Price reduced and reflects replacing cracked stock to make a functioning shooter, plus time, etc. Or it's a beautiful wall hanger, as is **\$199**

Contact Yancy Simon via text, phone or email at 541-771-2867 or yancysimon@gmail.com. High quality photos available upon request for most guns listed. Buyer pays transfer fees and all transfers done preferably at Beaver Town Guns in Corvallis.

Membership Account Access

We are utilizing QuickBooks Online to simplify the renewal and New Member process. This is a simple and safe system to use. We will email you an invoice. With a few simple clicks and your credit card information your dues will be paid. You will receive an emailed receipt showing your dues are paid. You can also mail us a check or pay in person. As an ARPC member you have access to your own section of the website. In that section you can update your mailing address and email address. Forgotten your login information? No problem. Just **email the office** and we'll send a reminder to your email address that we have on file.
