In Memoriam

Dave E. Engel, age 84 (a lifelong resident of Albany Oregon) passed away peacefully at home on August 8th, 2026, after a long, difficult, and courageous battle with pulmonary fibrosis.

Dave's passion for firearms began at a young age. As a boy, he would often bring his .22 rifle to the schoolhouse, leave it in the corner, and plink on his way home.

In 1964, Dave became a lifetime member of the Albany Pistol and Rifle Club and the National Rifle Association. Always willing to volunteer for the causes he

believed in, he later served as a board member and played an instrumental role in bringing the ARPC Gun Show back to life.

Safety was always a top priority for Dave. He taught his children and grandchildren how to shoot responsibly at the range and shared his knowledge generously with everyone around him.

Dave became an expert and collector of Remington firearms. Those fortunate enough to see his awe-inspiring Remington handgun display understood the countless hours of dedication and meticulous attention to detail that went into creating this award-winning exhibit.

After retiring from Wah Chang in 1994, Dave turned his longtime interest in gun shows into a business. Along with his wife, Donna, he founded Clips-N-Stuff, a firearms company specializing in optics, clips, and magazines. Following Donna's passing in 2007, Dave eventually sold the business.

His son, Cory, helped design the company's signature lime-green sign, which hung above the 22-table display. The sign became a familiar sight to many who attended the shows.

Dave was always a master of his craft. His daughter, Terina, remembers one particular story that demonstrated his remarkable expertise. During one of the few slow moments at a gun show, she asked Dave to close his eyes while she selected random magazines from the bins—choosing ones she hoped would be difficult to identify. With his eyes still closed, Dave correctly determined which firearm each magazine fit.

Over the years, Dave was featured several times in the *Albany Democrat-Herald*, which highlighted his work as a hunter-safety instructor, his involvement with local gun shows, and his role as co-owner of Clips-N-Stuff.

Dave's commitment, passion, and willingness to share his knowledge touched countless lives. His absence will be deeply felt by his family, friends, and the firearms community he served for so many years.

From the Executive Director

Fellow ARPC members,

We are all (hopefully) very well versed in the cardinal or universal safety rules when it comes to firearms. Treat every firearm as if it is loaded. Never point a firearm at anything you do not intend to shoot. Keep your finger straight and off of the trigger until you intend to fire. Know your target as well as what is in front of and behind it. As important as these rules are, however, there is another factor that is perhaps as important or more when it comes to being safe when handling, cleaning, or using firearms. That factor is having a safety mindset. What is a safety mindset? I boil it down into two simple things - being mentally present and staying focused on what I am doing.

Being mentally present and staying focused on what you are doing allows you to identify potentially unsafe conditions before they result in accidents and injuries. It is a lot easier than you might think to consciously or unconsciously split your focus

when you have a lot going on but remember - distractions, fatigue, stress, frustration, and complacency can reduce awareness and increase the likelihood of mistakes. Being present and maintaining focus ensures that each action involving a firearm is deliberate, controlled, and consistent with established safety rules. Being present and focused helps you make appropriate decisions and respond promptly when conditions change and recognize when you need to stop or slow down and reassess a situation.

Complacency and carelessness are the enemies of safety!

Fall Gun and Sportsman Show

It is that time of year again! We are gearing up for our Fall Gun Show on September 26th and 27th, 2026. If you wish to volunteer, please go to the second page of the Gun and Sportsman's show on the calendar where you will find a list of what shifts are available and a form to fill out with what shift you would like. Or you can click [HERE](#) and it'll take you to that page. If you can't find it, you can also email Events@arpc.info with your name, contact information and what date and shift you would like to work.

If you are interested in being a Vendor, please go to our website and click on “gun show” under “info”. Fill out and email the application to Office@arpc.info

Hunter Sight-In

Albany Rifle and Pistol Club will be open to the general public for 2 weekends in September to sight in hunting rifles. The days are Saturday and Sunday, September 12th and 13th, as well as Saturday and Sunday September 19th and 20th, from 9am to 4pm, with the **last shooter sign up at 3:30pm**.

On these days there will be limited use of the Main Range. The cost is \$10 per rifle and this includes targets. This service is free to ARPC Members. Experienced club members will be assisting each person during the sight-in process to make sure the range is operating safely. Everyone must wear eye and ear protection. Safety glasses and ear plugs will be available for purchase if someone forgets to bring them.

We are looking for a few club members to help at the Hunter Sight-In Days. We still need volunteers for this 4-day event please email [**Events@arpc.info**](mailto:Events@arpc.info) With the following information. Name, Phone number, and Dates you would like to sign up.

Volunteer form here [Hunter Sight-In Volunteer Registration – Fill out form](#)

Volunteer Opportunities

As most of you know, members here at ARPC can reduce their annual membership dues by volunteering to perform approved work for the club. It is a great way to save money and help out the club at the same time! Individual members who

volunteer 12 hours and family members who volunteer 18 hours can have their dues for the year reduced by 50%. Firearms Instructors and Range Safety Officers can get their dues waived. You might be surprised at all the different ways you can help the club, call us or stop by the office and ask! Just make sure to get approval from the office BEFORE you perform any work so that we can ensure it is authorized - otherwise, you will not get credit for your time and effort.

ARPC Staff

Social Media

For those of you who are not yet aware, ARPC is making a concerted foray into the wide world of social media! If you are an old-timer like me, don't worry - we are not abandoning or shrinking our newsletter! We are going to be utilizing social media to augment our newsletter and expand our presence to additional audiences. If you are interested in checking out ARPC's online presence, here are the links to what we have so far (some of the accounts are works in progress) -

Website - [Albany Rifle and Pistol Club Indoor & Outdoor Gun Ranges Home Page](#)

If you have any photos or videos that you would like to feature on any of our platforms (from a class, from a match, from a discipline event, from our gun shows, or anything else) feel free to email the files to the Executive Director at xd@arpc.info for review and possible inclusion.

ARPC Classes in September 2026

Basic Firearms Safety - Monday September 7th from 6pm to 8pm.
Safety and Skills Evaluation - Wednesday September 9th from 6pm to 8pm.
Skills Clinic - Thursday September 10th from 6pm to 8pm.
Indoor Range - Saturday September 12th from 5pm to 6pm.
AR Level 2 - Saturday September 12th from 8am to 2pm.
Concealed Carry - Sunday September 13th from 9am to 3pm.
Handgun Level 3 - Saturday September 19th from 9am to 5pm.
Handgun Level 1 - Saturday September 26th from 9am to 3pm.

ARPC Classes Coming Up in October 2026

Handgun Fundamentals - Sunday October 4th from 9am to 3pm.
Indoor Range - Saturday October 10th from 5pm to 6pm.
Modern Sporting Rifle Fundamentals - Sunday October 11th from 9am to 3pm.
Basic Firearms Safety - Monday October 12th from 6pm to 8pm.
Safety and Skills Evaluation - Wednesday October 14th from 6pm to 8pm.
Skills Clinic - Thursday October 15th from 6pm to 8pm.

Concealed Carry - Saturday October 17th from 9am to 3pm.
Handgun Level 2 - Saturday October 24th from 9am to 3pm.
Handgun Fundamentals - Saturday October 31st from 9am to 3pm.

Please check out our calendar for more information regarding our classes.

To register for a class please fill out the registration form found on the Training page of our website ([Here](#)), or from the second page from the link on our calendar.

If you have questions, please email classes@arpc.info

Basic Firearms Safety

This class introduces new shooters, or those wanting a refresher, on basic concepts and principles related to firearms safety. Topics will include universal safety rules and concepts, firearms safety at home, firearms safety in vehicles, and firearms safety at the range. The class will consist of classroom lecture, dry-fire exercises, and live-fire exercises. Rifles, handguns, and shotguns are all welcome.

Youth Firearm Safety - 12 years to 17 years

This is an introductory class that covers 1) safe firearms handling, 2) firearms safety in the home, and 3) knowledge of most firearm types, operation, and care.

The class includes a .22 caliber live fire exercise on the indoor range and explores further training and shooting opportunities. This class meets and exceeds the requirements for successful completion of the NRA Home Firearms Safety course.

Participants under the age of 18 must have a parent or legal guardian present during the class.

The class is 4 hours in length. Cost is \$15. All materials are provided.

Class size is limited to eight (8) participants per session. To register, please contact the Main Office at Classes@arpc.info or 541-491-3755. For questions about the course, contact Jim Baglien at jbaglien@gmail.com.

Safety & Basic Skills Evaluation

This is a Skills Evaluation Test to demonstrate that you possess the necessary skill level to bypass our basic classes and advance into Level 1 Handgun or AR Level 1. THIS IS NOT AN INSTRUCTIONAL OR A TEACHING CLASS!!

Handgun Fundamentals

Our Basic Handgun class at ARPC focuses on handgun familiarity and safety. There are no prerequisites for this class. The intent is to provide basic training for those with little or no shooting experience and for those who want a refresher on the basics. We have had experienced shooters with no formal training benefit from taking this class. Basic Handgun is 5 hours and participants will need a semi-auto handgun, and 50 rounds of new ammo (.380 to .45)

Concealed Carry

In this class you will receive the training qualifying you to apply for both the Oregon Concealed Handgun License and the Utah Concealed Firearm Permit. We teach both because the Oregon permit is limited to Oregon only, so travel out of state is problematic. The Utah concealed permit covers 32+ states. What makes this course unique is that we also provide the photo, the two sets of fingerprints, the application, and an addressed and stamped envelope for the Utah license, so after class you can just drop it in the mailbox. ARPC is a non-profit organization and provides this service to the community by helping to subsidize the cost of this class.

Skills Clinic

The purpose of ARPC Classes is to ensure that you get the training you need to use your firearm safely and proficiently. With this in mind, we are now offering a free clinic that allows you to get additional training on one skill that was covered in the ARPC classes that you passed. One Clinic per class please.

Modern Sporting Rifle Fundamentals (AR Fundamentals)

The Modern Sporting Rifle Fundamentals class is intended to familiarize students with Modern Sporting Rifles (MSR's), as well as basic firearms safety principles. There are no prerequisites for this class, as the intent is to provide a basic level of training for those with little or no shooting experience with their rifle, or for those who may have some experience, but who want a refresher on the basics. Students may bring any Modern Sporting Rifle (including both AR and AK style firearms), but please be aware that an AR-15 platform firearm (either .223 or 5.56) will be required to advance to the AR Level I and AR Level 2 classes.

Trauma First Aid

This is a First Aid/Trauma class that will cover common injuries but focuses mostly on the types of injuries you might see while participating in shooting sports. This is a hands-on class and may use a pig's shoulder as a teaching aid. Students may be required to get down on the floor in order to practice some first aid techniques. **CPR and AED deployment will be discussed during class, but certification is not provided.**

Cleaning Class

Shooting is fun, cleaning generally is not! But it is a necessary part of firearms knowledge and safety. This class is intended for any firearm owner to better learn how to clean their specific gun, whether it be a handgun, rifle, or shotgun. There is no one correct way to clean, as individual preferences abound. The purpose of this class is to expose the student to different methods of cleaning, from the use of solvents, lubricants, gun oils, CLP, ultrasonic cleaners, air compressors, and don't forget your old toothbrush! Bring your gun(s) and learn from experienced instructors. Bring whatever supplies you ordinarily use. If you have never cleaned a gun before or have no supplies, no worry, this class will help you decide what you do need to clean your gun. We will have supplies to borrow and use for students without their own.

Level 1 Classes

AR Level 1

This class is the next level above our MSR Fundamentals class and will build on the skills and knowledge covered in that class. The prerequisite is either ARPC's MSR Fundamentals (with an AR-15) or our Safety & Basic Skill Evaluation. AR Level 1 will be 6 hours and participants will need to bring an AR-15 (.223 or 5.56), 100 rounds of new ammo, and at least 2 Mags holding 10 or more rounds.

Handgun Level 1

This is the next level above our Basic Handgun class and will build on the skills and knowledge covered in that class. The prerequisite is either Basic Handgun Class or our Safety & Basic Skill Evaluation. Level 1 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45), 100 rounds of new ammo, and an outside the waist holster.

Defensive Shotgun

Defensive shotgun focuses on using the shotgun for home defense which is very different from clay games or hunting. This class is good for new shotgun shooters and established shooters who want to brush up and practice their skills. Students will bring their own shotgun (12 or 20 gauge, pump or semi-automatic, full shoulderable stock) which will be inspected by the instructor prior to class. Students should also bring ammunition appropriate for their shotgun (10 slugs, 10 buckshot, and 100 birdshot), eye and ear protection, and a way to carry ammunition on their person – such as a nail bag, apron, big pockets, or fannypack. The prerequisite for this class is successfully completing Basic Pistol, AR Fundamentals, or passing the Safety and Basic Skills Evaluation. This class is 6 hours and will be mostly hands on.

Level 2 Classes

AR Level 2

This is the 3rd class in the ARPC AR sequence. The prerequisite is successful completion of AR Level 1. We will build on the skills and the knowledge covered in the previous classes. AR Level 2 will be 6 hours and participants will need to bring a AR-15, 200 rounds of new ammo either .223 or 5.56 (no reloads, armor piercing, or green tip), at least 2 mags holding 10 or more rounds, and a mag pouches are required.

Level 2 Handgun

Level 2 handgun is the 3rd class in the ARPC handgun sequence. We will build on the skills and the knowledge covered in the previous classes. The prerequisite is successful completion of Level 1 Handgun. Level 2 Handgun will be 6 hours and

participants will need to bring a semi-auto handgun (.380 to .45) or a revolver, 200 rounds of new ammo (no reloads), and outside the waist holster, and a speed reloader if using a revolver.

Low Light Handgun Level 1

Our low light classes are intended for primarily home defenders or anyone out at night and armed. Our lead instructor will provide both classroom as well as range experience. We have chosen a night with little moonlight. The demonstration and practice drills will be both dry fire and live fire. The first night is classroom and the second night is range. Different hand held techniques and weapon mounted lights will be covered. This next class will be the level 1 class.

Remember, never shoot at something that you can not identify; never shoot at shadows, sounds, or shapes! When there is a bump in the night at zero dark 30, what should you do? Come to class and find out!

Please note that Handgun Level 1 is a prerequisite of this class.

Level 3 Classes

Low Light Handgun Level 2

Our Low Light II Course builds on the skills and concepts of our first Low Light Course . This course will be taught in a two-night format. The first night will consist of a review of the skills and concepts of the first course along with live fire range work. The second night will be all live fire with drills stressing target identification and flashlight handling. As before, weapon mounted lights will be allowed and may be used but the focus will remain on flashlight deployment.

Handgun Level 3

Classroom instruction will include Ethical Responsibilities of CCW, dealing with violent encounters, considerations of holding attackers at gunpoint, contacting law enforcement and dealing with their arrival, the aftermath of a defensive shooting and more. Practical techniques for concealed carry such as a discussion of holsters, carry location and clothing will be discussed and demonstrated in greater depth than prior classes.

New skills will include drawing and shooting using appropriately concealed firearms. No “range rigs” or “war belts” will be allowed. Range appropriate concealed holsters such as 3 o’clock OWB or IWB appendix holsters, preferably Kydex or leather, will be used for this course.

Range work will consist of line drills and advance to scenario-based shooting sessions with shoot/no shoot targets and reactive targets designed to enhance student reactions to situations and assist with their thought process during defensive encounters.

Newsletter Classifieds Policy

All Sale/Wanted Items are on a monthly basis. If you wish to place an ad or have your ad continue to run, you will have to inform us by email (**frontoffice@arpc.info**) no later than the **25th** of each month. **NO PICTURES.** ARPC reserves the right to adjust submitted ads to conform to the newsletter standards. All firearms transfers must go through an FFL.

About Us

Albany Rifle and Pistol Club is centrally located in Linn County, Oregon and consists of six ranges. We are primarily a membership-based club; however, we feature a wide variety of shooting disciplines, educational classes, and other services such as hunter sight-in days that are open to the public.

Contact us to schedule a range tour. You'll like what you see.
