

ARPC Saddle Butte Press October 2026 Newsletter

Check Out Our Calendar of Events

Executive Board Elections

It's time again to open up the search for Executive Board candidates! Executive Board Member positions up for election this year are **President, Vice President, and Treasurer**. Our current Executive Board members that hold these positions are: President - Travis Mason, Vice President - Mark Kronquist, and Treasurer - Dave Brown. If you are interested in running for one of these positions, please email Executive Board Secretary Jan McDonald at jan_sec@arpc.info. Each of these positions requires a dedicated commitment of time and effort. ARPC depends on its Executive Board members for leadership and direction. If you have a desire to serve, and can dedicate two years to the Club, please contact Jan by October 15th and provide a candidate statement. We will then send out the candidate statements to the membership and add your name to the ballot. Our annual membership meeting will be at the Linn County Expo Center on November 10th, 2026, at 7:00 PM.

From the Executive Director

Fellow ARPC members,

Just a couple notes for the fall season - First and foremost I would like to offer a heartfelt thank you to all of the volunteers that worked the Fall Gun Show as well as the volunteers that worked the Hunter Sight-In weekends. The level of tact, grace, professionalism, and patience displayed by all of you during these events was outstanding. From working with new hunters who had lots of questions, to handling a medical emergency at the show, identifying and mitigating a serious safety-related situation at the show, to interacting with sometimes ornery hunters, vendors, members, and customers, you all impressed me as ARPC ambassadors. ARPC can't run these events without you so thank you again!!!

Second, I would like to let you know about some range improvements we are currently working on. One of the projects we are working on is remodeling and installing a "safe wall" in the cleaning room. The north facing wall (opposite the doorway) will have AR500 steel enclosed in the wall to make that wall a safe direction in case you want or need to function check your firearm after cleaning it. In addition, we will be installing a clearing barrel in the room just in case you forgot to clear your firearm after finishing up on the range.

We are also installing lights and electricity in Bays 11 and 12. There will be downward-facing lights inside the bays as well as a couple of forward-facing lights pointing downrange. The switches and timers should be identical to the controls in the new bays.

Finally, we are grinding down and resealing that huge crack in the floor of the indoor range. It was a significant tripping hazard. We watched the crack over the last year or so to make sure it was done shifting so we won't have to come back and fix it again hopefully!

New Spotting Scopes and Stands

ARPC has purchased several new spotting scopes and stands to replace the old beat-up ones we've been using for the last few years. They are Vortex Crossfire HD scopes, 20-60 variable zoom, with an 80mm objective lens. This should give shooters on the main range plenty of clear magnification even in low light (now that we are getting into the season of shorter days and longer nights).

The scopes are available for general membership use at the main range. As with the old scopes, they will be stored in the club house when not in use. Although they are Vortex (with a lifetime warranty) please take care of them. If you are not sure how to operate/adjust the scopes or the stands, please swing by the pro shop and ask, staff will be more than happy to help.

Volunteer Opportunities

As most of you know, members here at ARPC can reduce their annual membership dues by volunteering to perform approved work for the club. It is a great way to save money and help out the club at the same time! Individual members who volunteer 12 hours and family members who volunteer 18 hours can have their dues for the year reduced by 50%. Firearms Instructors and Range Safety Officers can get their dues waived. You might be surprised at all the different ways you can help the club, call us or stop by the office and ask! Just make sure to get approval from the office BEFORE you perform any work so that we can ensure it is authorized - otherwise, you will not get credit for your time and effort.

Social Media

If you have any photos, videos, or other information that you would like to share or feature on any of our social media platforms (such as match photos or videos, information about an upcoming event, or anything else) feel free to email the information or files to newsletter@arpc.info for review and possible posting. As a reminder, our social media links are as follows:

ARPC Classes in October 2026

Indoor Range - Saturday October 10th from 5pm to 6pm.
Modern Sporting Rifle Fundamentals - Sunday October 11th from 9am to 3pm.
Basic Firearms Safety - Monday October 12th from 6pm to 8pm.
Safety and Skills Evaluation - Wednesday October 14th from 6pm to 8pm.
Skills Clinic - Thursday October 15th from 6pm to 8pm.
Concealed Carry - Saturday October 17th from 9am to 3pm.
Handgun Level 1 - Sunday October 18th from 9am to 3pm.
Handgun Level 2 - Saturday October 24th from 9am to 3pm.
Handgun Fundamentals - Saturday October 31st from 9am to 3pm.

ARPC Classes Coming Up in November 2026

Handgun Level 1 - Wednesday November 4th from 6pm to 9pm and Thursday November 5th from 6pm to 9pm.
Defensive Shotgun Clinic - Sunday November 8th from 9am to 3pm.
Basic Firearms Safety - Monday November 9th from 6pm to 8pm.
Safety and Skills Evaluation - Wednesday November 11th from 6pm to 8pm.
Skills Clinic - Thursday November 12th from 6pm to 8pm.
Indoor Range - Saturday November 14th from 5pm to 6pm.
AR Level 1 - Saturday November 14th from 8am to 2pm.
Low Light Handgun 1 - Wednesday November 18th from 6pm to 9pm and Thursday November 19th from 6pm to 9pm.
Concealed Carry - Saturday November 21st from 9am to 3pm.

Please check out our calendar for more information regarding our classes.

To register for a class please fill out the registration form found on the Training page of our website ([Here](#)), or from the second page from the link on our calendar.

If you have questions, please email classes@arpc.info

Basic Firearms Safety

This class introduces new shooters, or those wanting a refresher, on basic concepts and principles related to firearms safety. Topics will include universal safety rules and concepts, firearms safety at home, firearms safety in vehicles, and firearms

safety at the range. The class will consist of classroom lecture, dry-fire exercises, and live-fire exercises. Rifles, handguns, and shotguns are all welcome.

Youth Firearm Safety - 12 years to 17 years

This is an introductory class that covers 1) safe firearms handling, 2) firearms safety in the home, and 3) knowledge of most firearm types, operation, and care.

The class includes a .22 caliber live fire exercise on the indoor range and explores further training and shooting opportunities. This class meets and exceeds the requirements for successful completion of the NRA Home Firearms Safety course.

Participants under the age of 18 must have a parent or legal guardian present during the class.

The class is 4 hours in length. Cost is \$15. All materials are provided.

Class size is limited to eight (8) participants per session. To register, please contact the Main Office at Classes@arpc.info or 541-491-3755. For questions about the course, contact Jim Baglien at jbaglien@gmail.com.

Safety & Basic Skills Evaluation

This is a Skills Evaluation Test to demonstrate that you possess the necessary skill level to bypass our basic classes and advance into Level 1 Handgun or AR Level 1. THIS IS NOT AN INSTRUCTIONAL OR A TEACHING CLASS!!

Handgun Fundamentals

Our Basic Handgun class at ARPC focuses on handgun familiarity and safety. There are no prerequisites for this class. The intent is to provide basic training for those with little or no shooting experience and for those who want a refresher on the basics. We have had experienced shooters with no formal training benefit from taking this class. Basic Handgun is 5 hours and participants will need a semi-auto handgun, and 50 rounds of new ammo (.380 to .45)

Concealed Carry

In this class you will receive the training qualifying you to apply for both the Oregon Concealed Handgun License and the Utah Concealed Firearm Permit. We teach both because the Oregon permit is limited to Oregon only, so travel out of state is problematic. The Utah concealed permit covers 32+ states. What makes this course unique is that we also provide the photo, the two sets of fingerprints, the application, and an addressed and stamped envelope for the Utah license, so after class you can just drop it in the mailbox. ARPC is a non-profit organization and provides this service to the community by helping to subsidize the cost of this class.

Skills Clinic

The purpose of ARPC Classes is to ensure that you get the training you need to use your firearm safely and proficiently. With this in mind, we are now offering a free clinic that allows you to get additional training on one skill that was covered in the ARPC classes that you passed. One Clinic per class please.

Modern Sporting Rifle Fundamentals (AR Fundamentals)

The Modern Sporting Rifle Fundamentals class is intended to familiarize students with Modern Sporting Rifles (MSR's), as well as basic firearms safety principles. There are no prerequisites for this class, as the intent is to provide a basic level of training for those with little or no shooting experience with their rifle, or for those who may have some experience, but who want a refresher on the basics. Students may bring any Modern Sporting Rifle (including both AR and AK style firearms), but please be aware that an AR-15 platform firearm (either .223 or 5.56) will be required to advance to the AR Level I and AR Level 2 classes.

Trauma First Aid

This is a First Aid/Trauma class that will cover common injuries but focuses mostly on the types of injuries you might see while participating in shooting sports. This is a hands-on class and may use a pig's shoulder as a teaching aid. Students may be required to get down on the floor in order to practice some first aid techniques. **CPR and AED deployment will be discussed during class, but certification is not provided.**

Cleaning Class

Shooting is fun, cleaning generally is not! But it is a necessary part of firearms knowledge and safety. This class is intended for any firearm owner to better learn how to clean their specific gun, whether it be a handgun, rifle, or shotgun. There is no one correct way to clean, as individual preferences abound. The purpose of this class is to expose the student to different methods of cleaning, from the use of solvents, lubricants, gun oils, CLP, ultrasonic cleaners, air compressors, and don't forget your old toothbrush! Bring your gun(s) and learn from experienced instructors. Bring whatever supplies you ordinarily use. If you have never cleaned a gun before or have no supplies, no worry, this class will help you decide what you do need to clean your gun. We will have supplies to borrow and use for students without their own.

Level 1 Classes

AR Level 1

This class is the next level above our MSR Fundamentals class and will build on the skills and knowledge covered in that class. The prerequisite is either ARPC's MSR Fundamentals (with an AR-15) or our Safety & Basic Skill Evaluation. AR Level 1 will be 6 hours and participants will need to bring an AR-15 (.223 or 5.56), 100 rounds of new ammo, and at least 2 Mags holding 10 or more rounds.

Handgun Level 1

This is the next level above our Basic Handgun class and will build on the skills and knowledge covered in that class. The prerequisite is either Basic Handgun Class or our Safety & Basic Skill Evaluation. Level 1 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45), 100 rounds of new ammo, and an outside the waist holster.

Defensive Shotgun

Defensive shotgun focuses on using the shotgun for home defense which is very different from clay games or hunting. This class is good for new shotgun shooters and established shooters who want to brush up and practice their skills. Students will bring their own shotgun (12 or 20 gauge, pump or semi-automatic, full shoulderable stock) which will be inspected by the instructor prior to class. Students should also bring ammunition appropriate for their shotgun (10 slugs, 10 buckshot, and 100 birdshot), eye and ear protection, and a way to carry ammunition on their person – such as a nail bag, apron, big pockets, or fannypack. The prerequisite for this class is successfully completing Basic Pistol, AR Fundamentals, or passing the Safety and Basic Skills Evaluation. This class is 6 hours and will be mostly hands on.

Level 2 Classes

AR Level 2

This is the 3rd class in the ARPC AR sequence. The prerequisite is successful completion of AR Level 1. We will build on the skills and the knowledge covered in the previous classes. AR Level 2 will be 6 hours and participants will need to bring a AR-15, 200 rounds of new ammo either .223 or 5.56 (no reloads, armor piercing, or green tip), at least 2 mags holding 10 or more rounds, and a mag pouches are required.

Level 2 Handgun

Level 2 handgun is the 3rd class in the ARPC handgun sequence. We will build on the skills and the knowledge covered in the previous classes. The prerequisite is successful completion of Level 1 Handgun. Level 2 Handgun will be 6 hours and participants will need to bring a semi-auto handgun (.380 to .45) or a revolver, 200 rounds of new ammo (no reloads), and outside the waist holster, and a speed reloader if using a revolver.

Low Light Handgun Level 1

Our low light classes are intended for primarily home defenders or anyone out at night and armed. Our lead instructor will provide both classroom as well as range experience. We have chosen a night with little moonlight. The demonstration and practice drills will be both dry fire and live fire. The first night is classroom and the second night is range. Different hand held techniques and weapon mounted lights will be covered. This next class will be the level 1 class.

Remember, never shoot at something that you can not identify; never shoot at shadows, sounds, or shapes! When there is a bump in the night at zero dark 30, what should you do? Come to class and find out!

Please note that Handgun Level 1 is a prerequisite of this class.

Level 3 Classes

Low Light Handgun Level 2

Our Low Light II Course builds on the skills and concepts of our first Low Light Course . This course will be taught in a two-night format. The first night will consist of a review of the skills and concepts of the first course along with live fire range work. The second night will be all live fire with drills stressing target identification and flashlight handling. As before, weapon mounted lights will be allowed and may be used but the focus will remain on flashlight deployment.

Handgun Level 3

Classroom instruction will include Ethical Responsibilities of CCW, dealing with violent encounters, considerations of holding attackers at gunpoint, contacting law enforcement and dealing with their arrival, the aftermath of a defensive shooting and more. Practical techniques for concealed carry such as a discussion of holsters, carry location and clothing will be discussed and demonstrated in greater depth than prior classes.

New skills will include drawing and shooting using appropriately concealed firearms. No “range rigs” or “war belts” will be allowed. Range appropriate concealed holsters such as 3 o’clock OWB or IWB appendix holsters, preferably Kydex or leather, will be used for this course.

Range work will consist of line drills and advance to scenario-based shooting sessions with shoot/no shoot targets and reactive targets designed to enhance student reactions to situations and assist with their thought process during defensive encounters.

All Sale/Wanted Items are on a monthly basis. If you wish to place an ad or have your ad continue to run, you will have to inform us by email at **newsletter@arpc.info** no later than the **25th** of each month. Please do not send or attach any images or photographs. ARPC reserves the right to adjust submitted ads to conform to the newsletter standards. All firearms transfers must go through an FFL.

About Us

Albany Rifle and Pistol Club is centrally located in Linn County, Oregon and consists of six ranges. We are primarily a membership-based club; however, we feature a wide variety of shooting disciplines, educational classes, and other services such as hunter sight-in days that are open to the public.

Contact us to schedule a range tour. You'll like what you see.
